WIND WAIFS. From Various Sources and on a Variety of Minor Themes. Venus is a bright object in the sky for late promulgators.

THE LATEST PEST.—The army worm is said to have invaded the country thirty miles east, on the Ribouca Canal. From a description of its working we should judge that it is not the immortal pest but the caterpillar that did so much damage lately in Northern New York and then within two weeks ceased its ravages entirely.

EXCURSION TO SHARLOT.—The K & P RR train, with the passengers, arrived at Sharlotville, Ontario, at 12 o'clock, and an hour or so was pleasantly spent in visiting the mines. On returning to Sharlot Lake boats were secured, and boating, fishing, etc., indulged in. The city was reached at 10:30 o'clock p.m. by a well pleased party.

REMINISCENCES OF THAT IMPERIAL DREAMING OF THIS TIME. The Supreme Court of the Presbyterian Church in Canada meets this year on historic ground. It was in Kingston, and in the same church in which the Assembly meets this week that the separation took place in 1844, thirty-seven years ago.

WEDDING AT KINGSTON. A host of good wishes are being expressed for the future happiness and prosperity of a Kingston couple united at Montreal yesterday. Dr. H. D. Ford, now of Chicago, has gallantly renewed his allegiance to Canada.

On Tuesday a team belonging to Mr. Thomas Dink, of Harpell's Corners, took fright near Cataract and ran away, throwing Mrs. Berk from the wagon and injuring her. The team dashed down the hill near Mr. Joseph Noel's, collared with the conveyance of Captain Smith, and demolished it. The Captain escaped without sustaining any injury. About the same hour a similar occurrence took place at Elginburg. The horses of Mr. P. Brown ran away. Miss Brewer was thrown out and sustained serious wounds. The doctor was called in.

Quebec Again Scourged. Inefficient Water Supply. Great Panic and Much Rowdiness. Whole District Burned. Loss, \$2,000,000. 800 Buildings Burned. 500 Families Homeless.

WIND WAIFS. Venus is a bright object in the sky for late promulgators. The horse disease continues to spread throughout the Dominion.
