FRIDAY.

ADJOURNED MEETING of St. George's Society—8 p.m.

CITY AND VICINITY.

PROBS.—Lakes and St. Lawrence, light to moderate winds, fine warmer weather.

J. E. Hutcheson will have a few more fine fuschias, night scented jassimines, etc., to-morrow morning, for the last time this season.

THE SALE of Wm. David's fine farm and country residence takes place on Thursday next. Intending purchasers should drive out and see the place.

DEMONSTRATION.—The Fire Brigade of Kingston, in common with the companies of other cities, have been invited to a Firemen's demonstration at Cobourg on Dominion Day.

OFFENSIVE CURIOSITY.—On Montreal street last evening a wedding occurred, and a crowd of disorderly people surrounded the house, pushing and shoving in order to get a glimpse of the proceedings within. Such curiosity is very offensive.

A GOOD FISH.—Messrs. T. A. Porter and W. H. May caught on the night line in Weller's Bay, one day last week, a sturgeon weighing 152 lbs., and six feet in length. The Picton *Times* takes the responsibility of telling the story. Rather fishy!

PUBLIC SCHOOL BOARD.—No meeting of the Board was held last evening because of the lack of a quorum. The following gentlemen were present when the roll was called: Messrs. R. M. Horsey (Chairman), S. Anglin, Wm. Irving, James Wilson, T. C. Wilson and J. S. Kirkpatrick.

HORSES FOR THE STATES.—To-day seventeen fine horses were shipped on the "Maud" to the United States. All were very valuable animals, including Mr. Hicks' colt. To-morrow another lot will leave here, the horses being valued at over $100 each.

RAILWAY STOCK.—New cars are being added to the rolling stock of the K. & P. RR. They come from the Cobourg Car Works. At present the flat cars number over sixty. All are constantly in use. Within a year it is expected that such rolling stock can be provided in the city.

TREE TRIMMING.—The caretaker of the park usually does all the trimming of shade trees on the streets. He is now busily engaged in connection with park improvements, but as soon as his occupation will allow of it he will serve the citizens in regard to the trimming of their maples.

HOLDS THE CASH.—Some months ago a dissolute character named Elizabeth Beatty received $45 from friends in Toronto. She knew her failing (love of liquor), and handed $42 to the Chief of Police for safe-keeping. She has not been heard of since. The question is now asked, Is she in the land of the living?

TONIC SOL FA SYSTEM.—Prof. T. F. Steward, of Orange, N.J., will demonstrate the principles of the Tonic Sol Fa system of music in St. Andrew's Church on Saturday evening at eight o'clock. Members of the General Assembly, choirs, and all interested in music are cordially invited. Admission free.

A GOOD PROPOSITION.—The headmaster of the Picton High School has promised a silver medal to all his scholars who succeed in carrying off a second class certificate at the July examination. The Principal of the public school offers a similar reward to all who pass the entrance examination. Happy thought!

REALLY IN EARNEST.—The citizens of Picton are really in earnest as to the location of the military camp there in September. At the last meeting of the Council $200 was voted to meet the local expense of having the troops quartered in the town. The County Council, it is expected, will give a similar sum.

HOUSE OF INDUSTRY.—The monthly meeting of the House of Industry Board was held last evening. Present: The Mayor, Messrs. Isaac Simpson, S. C. McGill, D. Gibson and B. Robertson. The Superintendent reported 38 inmates, two additions, and no admissions during the month. There was no business of importance to transact.

"ASSEMBLY" EXCURSION.—It is announced that the steamer "Maud" will to-morrow afternoon, leaving at 1:30 o'clock, make an excursion among the Islands for the benefit of the delegates to the General Assembly, who have been invited to take the trip. The visitors should certainly accept the invitation. They will enjoy the sail.

AN UNSUCCESSFUL MOVEMENT.—The meeting called for last evening, in the interest of a Dominion Day celebration, was not a success, there not being a score of persons in attendance. It is evident that the citizens generally do not desire to undertake the labour of preparing for a demonstration, canvassers to-day failing to receive support in the proposition to have even a good display of fireworks. So mote it be.

WIND WAFTS.

[illegible] at Minor Themes.

—Go down on the "Maud," among the Thousand Islands to-morrow, with the Assembly delegates.

—Considerable public interest is taken in the debates of the Presbyterian General Assembly.

—Messrs. J. Henderson & Co.'s news stand, at Queen's College, is an institution which seems to be thoroughly appreciated.

—Halifax, London, Montreal and Toronto papers are represented at the General Assembly.

—The Toronto *Evening News* is what one would call a "toney" paper. It's colour is a very distinctive feature.

—A Lindsay gentleman has purchased the plant of the Napanee *Express*, and that paper will soon make its re-appearance.

—The next Conference of the P. M. Church will be held in Aurora, owing to the fact that the C. M. Conference will be held in Woodstock.

—On Tuesday afternoon the report of the delegates to the Pan Presbyterian Church will be presented and a lively discussion will probably ensue upon it.

—Deputy Sheriff Robertson has arrived at the Kingston Penitentiary with Matthias Thomas, of Goderich, who has been sentenced to a ten years' term for rape.

—The total eclipse of the moon, occurring on the night of June 11th, will begin at 12:15 a.m., reach a total obscuration at 1:17 a.m., and attain the middle of the eclipse at 1:58 a.m. The eclipse will be entirely over at 3:41 a.m.

—The New York State Press Association, which met in Rochester on Wednesday, to-day indulged in an excursion from Charlotte to Alexandria Bay. We hope the Assembly excursion to-morrow will be equally favoured in regard to weather.

—At the London Conference, C. M. Church, a vote of thanks was passed to Rev. G. R. Sanderson, D.D., for services rendered the Stationing Committee for the past twenty years. It was resolved that the next Conference be held in Woodstock.

Raising of the Barge Maggie

Capt. McKennan, the underwriters wrecking master, has rescued the barge Maggie. It had been stated that 7,000 bushels of her cargo of corn was saved dry, but this is contradicted. The entire cargo of about 19,000 bushels was wet, and a portion of it was, of necessity, pumped overboard. It is thought that the remainder can be sold to distillers at some price. The vessel is damaged to a considerable extent. The hull is insured for $10,000 in three companies, and the cargo was in the Chicago grain pool.

The barge arrived this morning at 11 o'clock and is now at the ship yard. She has two steam pumps aboard. Four frames aft are broken, and her bottom is much damaged. She was brought here from Dickinson's Landing in tow of the Jessie Hall. Her damaged grain has been sold to Buffalo parties for 25c. per bushel.

A Thief's Surrender.

This morning, finding himself closely pressed by the police officers, who have diligently worked up the case, William Smith, a labourer, surrendered himself, acknowleged that he was guilty of breaking the window of Mr. T. C. Tillinghast's tailor shop and stealing therefrom a piece of tweed valued at about $12. Smith, when asked about the matter, said he had been hard pushed for money, that in his straight he became desperate, and as he passed Tillinghast's, about 1 o'clock in the morning, (Tuesday) he kicked in the glass, seized a small role of cloth and made off with it. His purpose was to sell the goods, and he did so to one Kehoe, for $2.50, receiving 50c on account. Hungry and unclean he now presents himself for judicial treatment. He is evidently anxious to be committed to gaol.

Ember Days

Yesterday, to-day, and to-morrow are "Ember days". This name is applied in the Roman Catholic and Anglican churches to certain fast days set apart by Pope Calixtus for imploring God's blessings on the fruits of the earth, and in the ordinations in the church which take place at these seasons. There is an ember week in each of the four seasons; that of the spring being the first week in lent, that of summer the week after Whitsunday, the autumnal one the week after the festival of the Holy Cross, the 14th September, and the one in winter after the festival of St. Lucia, on the 13th of December.

Personal Mention.

Sir Richard Cartwright will address several political meetings in Prince Edward Island during the next week.

Messrs. G. Robertson and D. McEwen are representing the Kingston churches at the meeting of the Congregational Union.

At the Congregational Union meeting in Toronto the President, Rev. S. N. Jackson delivered an address on "Historical Congregationalism."

Mr. J. W. Buchanan has been promoted to be General Manager of the Bank of Montreal, and Mr. Cluxton to be Assistant General Manager.

COURTING PROSECUTION.—Mr. J. H. Keene, the comedian, was not prosecuted at Watertown, as he was threatened, for not having the permission of the authors to play "Hazel Kirke." He has now written to New York, stating his intention of visiting Ogdensburg, and asking the copyright owners to prosecute him if they see fit. He contends that having committed the play to memory he cannot be held liable. Mr. Keane is certainly a plucky fellow.

POLICE COURT.—Mary Redfern, John Doyle's associate in crime and misery, was committed to the county gaol for 30 days. There she spends most of her time. Like degraded Doyle she is incorrigible, but her faithfulness is certainly most remarkable. Cornelius Ryder, old and infirm and pennliess, was sent to gaol for six months. It may be his last term.

MARINE NOTES.

[illegible] Trip—Launch of a Barge—Storage Question.

The schr. Ella Murton, clears for Oswego, where she loads coal for Hamilton at 40 cts.

The Canadian schooner Persia has been fully re-caulked at Sloan's dry dock, Buffalo.

Mr. John Mackenzie, who was killed in Chicago on Monday, is the owner of the Canadian schooner Thomas R. Merritt.

Vessels having cargoes for Collingwood, Lake Huron, generally clear for Ogdensburg, away down on the St. Lawrence.

The barge Lily Hamilton is at Portsmouth undergoing repairs. She has received eleven new planks on her bow, new bulwarks, covering board, rails and stanchions.

The str. Hastings has been hauled out at Portsmouth and four new pieces put in her keelson. She will also have a new forefoot, new stanchions and other repairs.

The prop. Kincardine arrived last evening with barges Hercules and J. Walters in tow, on their way to Quebec. The barges are laden with timber from Goderich.

The str. Gipsey has made the fastest time between Ottawa and Kingston since the Rideau Canal opened. She left Ottawa at 6 p.m. yesterday evening and arrived here at 7:15 a.m. this morning. It is expected that she can do even better.

The barge Lancaster, belonging to the M. T. Company, was launched to-day. She has been thoroughly rebuilt at an expense of about $6,000. She carries 18,000 bushels of wheat. The other repairs to barges owned by this company is about completed.

The schr. W. R. Taylor, of Picton, which was wrecked last fall, is at Central wharf, Buffalo, being stripped of rigging and canvas, which are being stored in Vosburg & Baker's sail loft under the inspection of a Custom officer. This is done pending a decision in the matter of insurance.

The Toronto *Globe* says it is generally advanced that extended storage capacity must be provided at Kingston to realize from the new canal the benefit that might be expected, that there would be no difficulty in the way of finding men with capital to build all the elevator room that is wanted. But they would be deterred from investing their money lest in a few years the Government should deepen the St. Lawrence Canals, which would render the Kingston elevators of no value as storehouses. Kingstonians do not consider a stationary elevator a paying investment, and owners of grain do not desire it to be stored here. They want it sent to the seaboard as soon as possible.

ARRIVALS.

Schr. Siberia, Toledo, timber.
Schr. Sam Cook, Chicago, 20,000 bu. corn.
Prop. Prussia, Chicago, lightened 3,025 bush wheat.
Prop. Africa, Montreal, freight.
Prop. Cuba, Toronto, pass. and fgt.
Str. Gipsy, Ottawa, pass. and fgt.
Str. Spartan, Montreal, pass. and fgt.
Str. Corsican, Hamilton, pass. and fgt.

DEPARTURES.

Tug Glide, Montreal, four barges, 75,000 bush. grain.

A FALSE ASSERTION.

Propeller City of Montreal not Detained in this Port—Facts of the Case.

The *Mail* has published many erroneous statements respecting the transhipping of this port, some of which we have corrected and contradicted. The most absurd allegation was that contained in yesterdry's edition, as follows

"A number of delays have already been reported in Toronto, and last night another was added to the list, the prop. City of Montreal having to refuse a load of wheat and sail light rather than take the chances of a delay, as she is a regular line boat, and must connect at other ports on time. Unless the Kingston men make a move and keep up with the times, there is every prospect of their forwarding business, like many another good thing passing away."

The propeller referred to has not been delayed in this port an hour during the present season. She has brought grain to Kingston five times, and has had had her cargo discharged on each occasion within four hours from the time of her arrival. And her case is not exceptional. The forwarders have been ready for service at all times, excepting on Sundays, to facilitate the departure of steam and sailing craft from this port. Work has been begun at midnight and carried on all night, without extra expense, in order that expedition may be attained and the good reputation of the harbor sustained.

Congratulations in Order.

Last evening Mr. C. D. Chown and Miss Lillie P., daughter of Mr. T. Conley, entered matrimony under the most favourable of circumstances. The wedding took place at 9 o'clock at the residence of the bride's father, and in the presence of many friends. The ceremony was performed by Rev. Dr. Elliott and Rev. E. A. Chown, B.D. The groomsmen were Dr. H. H. Chown, of Wellington, and Mr. R. T. Conley; and the bridesmaids were Misses Maggie Bamford and Georgie T. Conley. The bride was the recipient of many beautiful and costly presents. The union has the good wishes of a host of relatives and friends. Mr. and Mrs. Chown will spend their honeymoon in New York, for which place they left this morning via Ogdensburg.

Millinery Sale.

Miss Doyle will open her old stand on Princess Street (Saturday) to sell off the balance of her millinery and ribbons, which will be sold very cheap.

A Test Case.

The Police Magistrate of Toronto this morning gave a decision in a test case, whereby he holds that the city can not collect market fees on the produce peddled by a licensed peddlar.

Seeking a Divorce.

Montreal, June 10.—Mrs. Lester, who was married in the police court sometime ago to a man with whom she eloped, is applying for a divorce on the ground of being under age at the time of the ceremony.

QUEEN'S COLLEGE

[illegible] this morning's Bedroom of General Assembly.

The number of students in arts, law and theology was one hundred and twenty, of whom fifty-four registered themselves as students for the ministry of our Church. During the last ten years the rate of increase has been steady. Withing that brief period we have increased five fold. In 1876, when we first reported to the General Assembly the total number of students was sixty nine.

THEOLOGICAL STUDENTS.

In theology, six students belonged to the last year of the course, all, with one exception, who took his arts course in Scotland, graduates in arts of the University.

Two others, who had studied for six years in Queen's, returned to their native country, Scotland, to finish their curriculum and to receive license as ministers of the Church of Scotland, but with the full intention of returning to Canada. A ninth gentleman, Mr. Joseph Andrew, a minister of the Primitive Methodist Church, who was received by the General Assembly in 1876, and instructed in 1879 to attend one of our theological colleges, has studied with diligence and success for two years in the hall, and is now an applicant to the General Assembly for the full status of a minister of our Church.

MEDALS, SCHOLARSHIPS, BEQUESTS.

The Rev. Dr. Spence's bequest, of which mention was made in last report, and part of which was to found a memorial scholarship, has been received. Intimation has also been made to us of a bequest by the late Rev. James Hume, Kenebec Road, which is to be applied to found "the Hume scholarship" in theology.

The Chancellor, Sandford Fleming, Esq., C.M.G., has intimated his intention of giving a gold medal every year during his incumbency of the office, and has announced the subjects of three essays to be competed for in 1881, and attached a prize of fifty dollars to each. The Governor General also give a very valuable prize to the member of the graduating class in arts who stands highest in three subjects.

ENDOWMENT FUND.

The subscriptions are paid on the whole with praiseworthy punctuality, and at no expense to the University. We again call attention to the fact that the donor of $100 receives in return a nomination under the seal of the University that entitles him to send a student for the four years course in arts and science without payment of fees, and that the donor of $500 founds a scholarship, in virtue of which he can send a student every year, and the benefit of which may be enjoyed by his descendants.

FINANCIAL STATEMENTS.

We have to announce a deficit of $1,489 this year. We would always have had to report a considerable annual deficit had we kept the expenditure for the faculty of arts separate from the expenditure for the faculty of theology. At the Union it was stated that in the circumstances of the college at that date an annual contribution from the Church of $2,450 was required to maintain the Theological Department. In no year has this amount been received in full, in consequence of the inadequacy of the College Fund; in fact this year less than half the amount has been remitted to our Treasurer. Again, since the Union, the Theological Department has lost in different ways much of what was considered in 1875 permanent revenue, and the loss has only been partially met by the Endowment Fund which is now being raised. While this fact was explained in 1879 to the Committee in support of Theological Colleges (Western section), Knox College reported that it would thereafter require much in 1875. The General Assembly, however, took no special action on the report of the Committee, and in consequence no change has been made in the distribution of the fund. We therefore respectfully request the Assembly to direct that the College Fund be divided according to the altered requirements of the colleges.

QUEBEC FIRE.

[illegible] ance Losses—Handsome Subscriptions Taken.

Quebec, June 9.—Mrs. Lapierre and two children are among the missing and are yet in the ruins of the house. Charles Marois, a joiner, also was missing, and his remains were found in the ruins of his residence, on Richelieu Street. Others are missing, and with the search for missing friends will doubtless come the discovery that they have been burned to death or crushed by the falling buildings.

There were eight hundred buildings destroyed in all, representing some 1,100 families, or 9,000 homeless people.

The drill shed was placed at the disposal of the homeles ones, and so were other public buildings. His Excellency was to have given his ball this evening, and the viands were all ready for the feast. His Excellency ordered the postponement of the ball until the 22nd, and gave the cooked viands to the needy and hungry sufferers by the disaster. He then started a subscription with $500, to which His Grace the Archbishop added $100 and the Mayor likewise. The Legislature voted $10,000 and soon $13,000 had been raised.

Quebec, June 10.—The Seminary of Quebec have subscribed $300 towards the relief of the sufferers; J. G. Ross, $250; McCoil Shehyn $100; Chinic & Beaudet, $100; F. Garneau & Freer, $250. The ladies of the Good Shepherd have been distributing food to those in need to-day.

A rumor, not yet confirmed, says a drunken man who entered Lapierre's stable with a candle was the cause of the conflagration.

The insurance people are busy in receiving and adjusting claims.

The rush for houses is immense. Fortunately for the sufferers that there were according to Cherrier's Directory, just issued over five hundred empty houses in the city on the 10th of May.

Ordination.

To the Editor of the British Whig.

DEAR SIR,—I hear of a long debate in the Convocation Hall yesterday, amongst the Assembly of Presbyterian divines, upon the "Validity of Romish Orders."

The Catholic doctrine is "that the Church never re-ordains when nothing essential is omitted;" but of course the Latin or English Church would re-ordain all those ministers now assembled when they submitted to lawful apostolic authority, for it is formally declared and to which all Anglican priests have sworn,

"That from the Apostles' times there have been these orders of ministers in Christ's Church, bishops, priests, and deacons."

Or again

I should like answered Hooker's question, "Show me until the Reformation any Church existing without bishops."

Your obedient servant,
CATHOLICUS.

Kingston, June 10th, '81.

Z. PREVOST, at the New York Clothing Store, has reduced prices for his ordered suits. $18 suits have been reduced to $16.50. His $16.50 suits reduced to $15. All other light summer tweeds are reduced in proportion, as his intention is not to carry spring or summer tweeds from one season to another. Remember he guarantees a good fit and trimmings the same as regular prices.

A healthy man never thinks of his stomach. The dyspeptic thinks of nothing else. Indigestion is a constant reminder. The wise man who finds himself suffering will spend a few cents for a bottle of ZOPESA, from Brazil, the new and remarkable compound for cleansing and toning the system, for assisting the digestive apparatus and the liver to properly perform their duties in assimilating the food. Get a 10 cent sample of ZOPESA, the new remedy, of Heath & Gunn, or Henry Wade. A few doses will surprise you.

To have good health the liver must be kept in order, its unhealthy action causing bilious attacks, jaundice, constipation, dyspepsia, headaches, bowel complaints and other disorders. Dr. Carson's Stomach Bitters stimulates the liver to healthy action. Go to Heath & Gunn, druggist, and egt a bottle, price 50c.

COMMENCED THIS DAY AT A. SUTHERLAND'S.

A. SUTHERLAND has just returned from Toronto, where he purchased a large stock of BOOTS AND SHOES at Auction, the bankrupt stock of Fertis Contant & Co., the celebrated Boot manufacturers of the Dominion, and will sell this stock at all kinds of Men's, Women's, Misses and Children's Boots and Shoes cheaper, and a better article, than was ever offered in Kingston before.

The stock is all Fresh and New, and free from Shoddy.

Call early and examine Goods and Prices, and you will be convinced.

Also a large stock of my own manufacture of Hand-Made Boots. The best in the Dominion at my New Store, 22 Princess Street. Next to the 7 Cent Store.

A. SUTHERLAND.
