HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard preparation is compounded with the greatest care.

Its effects are wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions itching and dandruff, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so effectual or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

BUCKINGHAM'S DYE, For the Whiskers

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off.

YESTERDAY.

The Offer for Lord Rosebery Suspended from the College.

Orange Pall-dium.

A short time since we had occasion to notice the publication in book form of a series of lectures on Biblical Criticism by Prof. W. Robertson Smith, of the General Assembly of the Free Church of Scotland. These lectures were decidedly liberal in their declarations, and it struck us that they were in some respects decidedly heterodox. The Professor has also written for the British Encyclopædia in the same spirit. He is, or was, the occupant of a chair in the Aberdeen University, a Scotch Presbyterian institution, and for those irregular utterances of his he has been suspended from this professorship. The British press is considerably exercised over this suspension, and Prof. Smith is being heralded as a martyr to free thought and speech. We see no just cause for this criticism of the Scotch Presbyterians. While they have no right to interfere with Prof. Smith's belief or to deter him from publishing it, they have a right to object to, and to prevent him from using his position as professor in an orthodox university to propagate doctrines that go to the vitals of Presbyterianism. They are justified in saying that he shall not earn his livelihood by

UNDERMINING THE CREED

of the very people who pay him his salary. The Albany *Times*, on this subject says: "He reviews the Hebrew Scriptures in a learned and critical manner, and with calmness and logical clearness. His subject seems to be treated in the most reverential spirit, and in a way that would naturally lead students of the bible to make themselves more critically conversant with its contents. Every line of his criticism shows the thorough scholar and profound theologian. And yet the conclusions at which he arrives, and the doctrines which he enunciates, cannot be endorsed by any consistent Presbyterian, and the action of the General Assembly is certainly justified under them articles of faith, for they would have been stultified had they not rebuked Prof. Smith's liberalism. But the rebuke came from a very small majority, and the remainder have seen fit to

CALL ITS JUSTICE IN QUESTION.

"The Old Testament is most severely criticised by Prof. Smith, who regards it from a standpoint purely literary. He compares the writings of an earlier with those of a later date, and declares the latter 'singularly destitute of literary merit.' His criticism of the Book of Job is as merciless as it is scholarly. He says that its origin is lost in antiquity, and that it is more than doubtful whether it should be included among the biblical books. He questions its inspiration in most vigorous language and develops, by a chain of reasoning which shows a depth of research and profundity of learning that is worthy of all admiration, that so many doubts exist as to Job and the narrative of his life, that it would perhaps be well here after not to include it in the Old Testament as a work stamped with

UNDOUBTED DIVINE AUTHORITY.

"But, however scholarly all this may be, it is hard to perceive how the General Assembly could have acted otherwise than they did. Prof. Smith's views are opposed to all Presbyterian teaching, and he attacks the very foundation of the Calvinistic creed. If all the books of the bible sprung from the same Divine source, it is rank heresy to maintain that one work is inferior to another. The learned theologian may be correct as to his views, but it certainly would be opposed to the eternal fitness of things that he should be permitted to inculate his views in a Presbyterian theological school."

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that GREEN'S AUGUST FLOWER will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of seventy-five per cent of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of AUGUST FLOWER will prove its wonderful effect. Sample bottles 10 cents. Try it.

Man's Noblest Work.

This is an age of great work and wonderful inventions. Steam, electricity, water, air, all are made to serve man, but unquestionably the greatest inventions are those which preserve man's health and prolong his life, and among the greatest of these is DR. KING'S NEW DISCOVERY for consumption. Its effects are truly wonderful and hundreds are happy to-day who once looked forward to an early grave. For coughs, colds, bronchitis, asthma, loss of voice, hay fever, hoarseness, croup, or any affection whatever of the throat, chest or lungs, Dr. KING'S NEW DISCOVERY will *positively cure*. We can cheerfully recommend it to all, and can unhesitatingly say it is the only *sure* cure for throat and lung affections. Trial bottle ten cents; regular size $1. For sale by all druggists.

Auction Sale

AUCTION SALE OF LAND.—ON THURSDAY, 16TH JUNE, 1881, at 12 o'clock noon, there will be sold by J. H. Metcalfe, at his Auction Rooms, Market Square, 50 acres of good cultivated land, near the Perth Road, five miles from Kingston. Thereon are two dwelling houses occupied, bringing a rental of $160 per year. There are four wells of water, one large barn, size 40x48, with stable, drive house and drainery; also four acres of fruit orchard in good bearing order. Terms, half cash. For further particulars apply to the owner, William David, broker, Princess St, Kingston, opposite Parkhill's, or to J. H. Metcalfe, auctioneer.

A Spartan Heroism

is often exhibited by a delicate woman during the extraction of teeth. But why not save them in time with SOZODONT and thus obviate the necessity of taxing one's fortitude? The tenants of the mouth are far more likely to remain and do good service, if this sovereign protective is used as a safeguard against their untimely destruction. The experience and evidence of hosts of people proves this sanatory fact.

He Did.

Job went pretty heavily into the boil business, and the venture was a complete success. This reminds us that PUTNAM'S PAINLESS CORN EXTRACTOR is another success, and that it gives more comfort to the world than Job's boils did. Remember the name then, for the little playful corn cometh, and the remedy therefor will gladden the heart. Positively sold by all druggists in Canada, and by J. Geo. King, Heath & Gunn, and by N. C. Polson & Co., agents for Ontario.

Auction Sale

FOR DYSENTERY.—Take a teaspoonful of Perry Davis' Pain-Killer well mixed in a gill of hot milk and syrup, or with a teaspoonful of castor oil, at the same time bathing the bowels.

The expenditure of brain power too early or too severely in children often results in physical debility. The use of Follows' Hypophosphites exerts a singularly happy effect in such cases.

"Must say it's the nicest thing I ever used for the teeth and breath," says every one having tried "TRANSFER," the new toilet gem. Get a 5 cent sample.

NEWS OF THE DAY.

—Boston.

—The eye sight of Wilkie Collins has been injured by the erratic gait.

—President Garfield is badly worried by office seekers.

—Ogdensburg has a population of 10,341 and Morristown 897.

—The disbandment of the police force in Troy last month saved that city about $6,000.

—The Middlesex Council have voted $500 on behalf of the distressed by the London accident.

—Three steamship captains were arrested yesterday at New York for carrying an excessive number of passengers.

—The report that Sara Bernhardt is to marry the actor Angelo is a hoax. She says she would not know what to with a husband.

—A Justice of the Peace in Utah fined himself the other day, which is an evidence of the approach of the millenium on June 19th.

—Last year the salmon fishery on the north shore of New Brunswick was a complete failure. This year the season, so far, has been very good.

—A plucky American manager has offered Irving, the English tragedian, $100,000, to make a tour of America, but the actor declined on account of home engagements.

—The 19th of June approaches—the planets will be in perihelion—the earth may go off at a tangent and make a bee line for the sun, and then! Well, what then?

—Several farmers in Russell county, believing that the world is coming to an end on the 19th of June, have neglected to put in their crops.

—A Louisville paper is printing the revised bible as a serial story, but it doesn't take well. There are no horse races mentioned in the bible.

—Charles Martin, of Brownfield, Ind., climbed a tree to shake down a coon, but the animal proved to be a bear, and cuffed him off a limb fifty feet from the ground.

—The coal deposits of Vancouver Island were estimated four years ago to contain 300,000,000 tons, and the estimate has since been raised to 600,000,000 tons.

—The city of Akron, Ohio, population 16,512, had a grand time on the 2nd of June. The new water works, electric lights and City Hall, were all dedicated on that one day, with grand civic demonstrations.

—An Albany boot-black has saved $2,500 in eight years. He had the habit of saying to the members of the Legislature: "Great speech of yours, that last one, sir. Some people think you'll succeed Conkling."

—A Minneapolis machinest blew off the top of his head with a shot-gun because he was of no use in the world. If all who have the same reason should follow his example, the approach of the millenium might be perceptibly hastened.

—Speaking of the New Testament revision the Rev. Robert Collyer thought the revisers should have left hell out in the twenty places in which it occurs, and substitute "Hades," "Gehenna," or "Tartarus."

—It has been decided that it is not competent for a British subject to deliver a message from a foreign power to the Queen; and the communication from the Sultan of Turkey, of which Hobart Pasha was the bearer, will therefore not be made by him to Her Majesty.

—The next swindle will probably be the palming off upon innocent purchasers, says an exchange, of copies of the old revised Testament for the new. Clergymen and editors, being familiar with the Scriptures, will not be easily deceived, but most other men will be unable to tell the difference.

Beef and Mutton.

Let it be understood by the growers of these two great staples that by mixing HARVELL'S CONDITION POWDERS with the food of the animals that produce them their weight and quality are enhanced twenty per cent., while their health is kept perfect. Sold everywhere.

PREPARE FOR SPRING.—After a long, severe winter the system needs cleansing of impurities. Nature must be assisted to recuperate, the liver must be made to act, all surplus bile and impurities carried off. ZOPESS, from Brazil, acts as a gentle, purgative. It it just introduced into this country. The remarkable results of a few doses is most surprising. Ask Heath & Gunn or Henry Wade for a 10 cent sample, and try ZOPESS, the most powerful remedy for Dyspepsia, Indigestion, Constipation and Biliousness ever introduced in this country.

KICKING THE BUCKET.—The tradition among the slang fraternity as to the origin of this phrase is that one "Bolsover" having hung himself to a beam, while standing on the bottom of a pail or bucket, kicked the vessel away in order to pry into futurity. There are many around us who will "kick the bucket" from dyspepsia, liver complaint, and derangements of the stomach, if they persist in neglect and thoughtlessness in not providing a safe remedy. Baxter's Mandrake Bitters never fail to cure these ailments, and restore to health and strength those who otherwise would have "kicked the bucket."

In hot weather the digestive organs are specially liable to get disordered, causing a sickly feeling at the pit of the stomach, nausea, want of relish for food, etc. A few doses of Dr. Carson's Stomach Bitters will at once effect a cure. In large bottles, fifty cents at Heath and Gunn's drug store.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by all druggists.
