REPORTER - I presume that you have read the report of the affair as published in the London Advertiser

REPORTER - Was there occasion for finding fault with the dress of any of the officers at the London parade?

REPORTER - You state that no one could have heard your remarks on the day of the review at London

REPORTER - You state that you had called to hear what you had to say

REPORTER - The ash, "J. D. Bullock," which has been receiving new timbers and other general repairs at the shipyard here

REPORTER - We regret having to announce the death of Mr. James Stewart, eldest son of Mr. Alex. Stewart, of the Customs Department, Brockville

REPORTER - It is natural for people suffering with Dyspepsia and Liver Complaint or any disease of the digestive organs, such as Stomachic, Sick Headache, Habitual Constipation, palpitation of the Heart, Heartburn, Water-brash, gnawing and burning pains at the pit of the Stomach, Yellow Skin, Coated Tongue and disagreeable taste in the mouth, coming up of food after eating, loss of spirits, etc.

REPORTER - A day's pleasure at your disposal, instead of a day's agony. Everyone who has been so long and so long in the hospital, and who has enjoyed the ball, or the pie, or some other social pastime, but who has no cure, is in a very peculiar position

REPORTER - Why do you say that? By disregarding cleanliness of the teeth, and thus encouraging their decay, you prevent the possibility of toothache, by keeping the teeth in health. No one who has not used this popular article, can form an adequate idea of how much improvement (dentifrice) is preferred to a hard tooth powder. It preserves, not scratches the enamel.
