

Whitlock contests several of them during the week... We only hope their good fortune will continue until the top of war arrives over the Republic Cup...

To-day the people of France—especially the Republicans—have been celebrating with immense enthusiasm the anniversary of the taking of the Bastille...

The result of the championship race was not a very satisfactory one, except of course, to the winning club. The umpire's decision in the concluding game created a good deal of astonishment...

AN ELECTIVE JUDICIARY. Americans are perfectly welcome to be blind in love with all their many admirable as well as numerous peculiar institutions...

Very much has been done recently by the authorities in enforcing the law with respect to life boats on lake and river steamers. I wonder if something could not be done to make steamers responsible for falling to call at ports at which they are advertised to call...

This is certainly a seasonable subject this torrid weather, and we call attention to it in the hope that something practical may come of it. During the summer months, at any rate, bathing is equally a necessity and a luxury...

After nearly one year's delay Judge Belanger yesterday, at Leclerc, made public his decision in the Argentine Dominion election case, and declared Hon. J. C. Abbott, Solicitor to the Canada Pacific Railway Company, to be innocent and free of all charges...

DEAR SIR.—I see two boys were before the Police Magistrate the other day for bathing in the lake. I do not know why the "D. C. West" failed to call at Seely's Bay yesterday morning, but I do know that it is not the first time it has done the same thing and disappointed travellers...

London, July 14.—In the House of Commons the amendment of Mr. Cross's Bill relating to the Canada Immigration Act was adopted. Mr. Parnell advocated the United States as a field for assisted emigration.

London, July 14.—The President's symptoms yesterday, as reported in the official bulletins, and in a private communication forwarded to me, are of the most reassuring character.

Washington, July 14.—Dr. Bliss is reported as saying that the diagnosis of the President's ailment is the greatest difficulty now. He has had dyspepsia ever since the war in a greater or less degree. We do not dare to give him things he is not certain to retain.

Washington, July 14.—There is a marked change in the scene about the executive mansion this morning. Bright and cheerful expressions take the place of sad and mournful ones.

Rome, July 13.—A Rome despatch says the body of Pope Pius IX. is removed from St. Peter's to the church of St. Lorenzo, according to his wishes.

San Francisco, July 14.—The Arctic whaling captains express the opinion that the "Jeannette" is safe. It is thought that some of the missing sailors from the "Vigilante" and "Wallanast" may have reached the "Jeannette."

Toronto, July 14.—A number of students who were rejected by the Medical Council talk of taking the matter into the courts, and have consulted S. H. Blake Q.C. He advised them not to pursue the matter through. He was of the opinion that they had considerable ground to go upon.

New York, July 12.—The leading sugar men here yesterday agreed to reduce the production of sugar about one third. The total amount stored each week is from 20,000 to 30,000 tons.

Cincinnati, July 14.—The disaster at the tunnel last night was caused by the lead slide near the mouth, where 19 men were working. The foreman and colored workmen were killed and four others were injured.

Long Branch, July 14.—The army corps appeared yesterday in millions, coming from a northerly direction. The greatest blessing is a simple, pure, harmless remedy, that cures the blood and restores the system.
