DON'T Miss the M. E. Church excursion on Wednesday, 27th. Boat leaves at 1.15 p.m. Gents' Tickets 50c., ladies' 35c. Tickets limited to 350.

CRUISING IN A SKIFF. Two young men from Toronto arrived here a few days ago, having sailed the entire way in a skiff. They have proceeded upon a cruise among the islands.

CITIES MISS CONTRACT. Messrs. Nichol & Doherty, Carleton Place, have an order for planing 240,000 feet of lumber and making $1,200 worth of window sashes for the Kingston cotton factory.

DIFFICULTY ON THE DOCKS.—There is now a slight difficulty on the wharves. The coal vessels are being unloaded very slowly in consequence. The men are continually "kicking" on the wages question.

CAMP TRIP.—On Friday next the steamer "Maud" will make a cheap excursion to the Thousand Island Park. It will be well patronized. Of that there can be no doubt. The attractions are numerous.

WILL BE SCARRED.—The little son of Ald. Wilson, who was so seriously injured by being kicked in the face by a horse, is recovering, but will be scarred. The marks may, however, decrease as the youth grows older.

STRIKE OF SHIP CARPENTERS. — This afternoon workmen at the shipyard struck. They desired to cease work at 5 o'clock, but to receive ten hours pay. Mr. Power could not see his way clear to accede to the demand of his employees.

HIRING MEN.—Not a few farmers were in the city to-day endeavoring to secure men who could assist in harvesting. There is a great scarcity of labour and many farmers fear that they cannot get their grain stored in good condition in consequence.

RAFT TOWING.—The tug "W. T. Robb" has made the run to Kingston from Toronto in 58 hours, and to Prescott in 78 hours. The "Conqueror" was not so fortunate, having on Sunday grounded in a gale which the "Robb" weathered in safety.

RECKLESS PUNNING. — The Napanee *Standard* says it is "about time that one of the Kingston papers remarked that President Garfield promises to Guiteau over his little liver laceration." Horrible! If the writer of the pun were in Washington the people would Yok'um to Guitean.

LOSS OF A HORSE.—On Thursday evening last a horse belonging to Mr. John McColl, butcher of this city, died of inflammation. Mr. McColl had purchased the horse but a week before. It was valued at $120, he having been offered that amount for it a few days ago in Camden.

SHIPMENT OF STONE.—Large quantities of stone are being shipped from the penitentiary to Charlotte. It is first used in connection with the purifying processes in the iron smelting works, and then broken, is applied to the macadamization of the streets. Some 7,000 tons will be sent over this year.

GRAIN FORWARDING.—The *Globe* to-day gives what we presume will be the first of a series of articles on grain forwarding. We are assured that there is a saving effected in time by shipping on the Canadian lakes and the St. Lawrence, but that the grain is considerably diminished by the delays in transhipment occurring at this port. The letails will be awaited with interest.

NAPANEE BRUSH COMPANY.—The Napanee Brush Company have abandoned their intention of putting up a new building. They have made arrangements with Sir Richard Cartwright and Messrs. Scott & Wagar, to have the Taylor Woolen Mills building converted into premises fit for the operations of the company. The premises will be ready for occupation in about six weeks.

Collegiate Institute Board.

At a meeting of the Collegiate Institute Board, held on Thursday evening, the matter was discussed and it was held that there was no authority to exclude girls from the examination for the McLeod scholarships. The examination will take place as soon as Mr. Kidd has sufficiently recovered to be able to assist in conducting it. The Board authorized Mr. J. Fraser to consult with Mr. R. M. Horsey and if possible arrange for a conference between the two Boards in regard to the alleged overlapping in the work of the high and public schools.

Death of a Clergyman.

The grim reaper has chosen, most unexpectedly, a young victim in the Rev. Herbert Smythe, who lately visited Ald. E. H. Smythe, his brother, here and preached with much acceptance in St. George's Cathedral. He was not feeling well while in Kingston, and upon reaching his father's home at Port Austin, Michigan, was brought low with a fever. The fatal termination of a very painful illness occurred last night. The loss of a promising clergyman, at the very outset of his career, after years of labour and preparation, is a severe one for the church, and a deeper sympathy must follow for the family so greatly bereaved personally.

Yesterday afternoon Police Magistrate Duff and a number of friends had a pleasant trip down the river on the steam yacht "Carleton." The party returned to the city at 8 o'clock.

Once more the sea-serpent has been seen. Capt. Brown, of the Robb, saw it swimming between Timber Island and South Bay on his last trip. "Fifteen feet long, head as flat as a keg." Of what?

Another letter from the Portsmouth searchers, on the comparisons of the New Testament, will be found interesting and instructive to those engaged in Bible study. The letters are scholarly productions.

The "Kingston" Pullman is proving a success. It runs between Toronto and Kingston, and passengers for the latter place, by the evening train, are not awakened till they wish on the following morning.

A citizen asks us if the band of the Battery is going to play in the city park. We can't say. All depends upon the kindness of the officers. Our citizens will have a right to expect service from the musicians when they contribute towards the band fund. We should be grateful for what costs us nothing.

The Clayton *Independent* says: "Another meanest man turns up in Kingston. For ten years a neighbour has been going through another's yard to obtain water. The other day the owner of the well sent his boy to the neighbour to borrow a newspaper, his own not having come. The neighbour charged him three cents." Kingston, N.Y., to be sure.

PERSONAL MENTION.

Hon. Mackenzie Bowell went from Ottawa to St. Stephens to-day.

Mr. G. A. Kirkpatrick, M.P., and Ald. C. F. Gildersleeve are in Toronto.

Rev. Principal Grant preaches in St. Andrew's Church, Toronto, to-morrow.

Lord Elphinstone, Sir John McNiel, V.C., Sir H. Langevin and Sir Wm Ritchie are in Quebec.

Mr. McKenzie, night editor of the Ottawa Citizen, has become editor of the Cornwall *Freeholder*.

Mr. Blake will open the campaign in Eastern Nova Scotia by a pic nic at New Glasgow on the 1st of August.

On Monday Col. Twitchell, American Consul, leaves for Hampden, Mass., where he will rest and recuperate.

General W. T. Sherman, conductor of the famous "March to the Sea," will likely visit Goderich this week.

Mrs. Isaac Burpee fell at Fredericton on Tuesday, and sprained her foot so badly that she is quite unable to use it. She returned to St. John yesterday morning.

Dr. T. R. Dupuis, of this city, has passed the primary examination in the College of Physicians and Surgeons, England. He will return to Toronto an M.R.C.S.

Bishop Cleary will visit Cobourg next week. He will arrive there on Wednesday. In the afternoon of that day he will be accorded a public reception. On Thursday, the ceremony of blessing the new bell will be performed.

Rev. Dr. Guard, of Baltimore, an eloquent speaker, has been forbidden by his physician to engage in any work during the summer. He will not be able to take part in the Sunday School Parliament, as announced, but an able substitute will be provided.

Military Notes.

The inspection of the 14th P. W. O. Rifles will take place on the 29th.

On Monday shooting for 14th Batt. P. W. O. Rifles medal will commence on Barriefield Common.

It is announced that a passed cadet of the Royal Military College will accept the command of the Second District Engineer Corps, Toronto.

Lieut.-Col. Worsley, Brigade Major at Montreal, will likely be re-transferred to the Lower Provinces, in which case Lieut.-Col. Mattice will have control of the Montreal Division.

A young man, who is an enthusiastic volunteer, will probably be gazetted to-day as a Lieutenant of No. 6 Company. To thoroughly qualify himself for his position and for promotion he will take a course in the School of Gunnery.

A RIVER EXCURSION

JOTTINGS IN THE COURSE OF AN AFTERNOON'S TRIP.

Gay Life at Alexandria Bay—Handsome Houses and Fast Boats—Opening of the Sunday School Parliament.

About 250 persons took the steamer "Maud" yesterday afternoon for an excursion down the river under the auspices of the Ladies' Aid Association of Queen Street Church. Last year, under similar circumstances, it required two steamers to carry those who desired to accompany the same party on their annual trip to the Thousand Island Park, but on this occasion there was less crowding even on one boat, and for a variety of reasons which it were unnecessary here to recount. None of the excursions this season seems to have been attended by the success realized in past years. The "Victoria" disaster has undoubtedly left its effects, and the decidedly cool weather for July has made city life more endurable and camping less desirable. The weather was favorable yesterday for boating, and for the perfect enjoyment of the charming river scenery. Many prefer the Canadian channel, the islands of which, in their rugged primitive state, have a more picturesque appearance; but the American islands, being the property of wealthy gentlemen, have been artistically adorned, principally by the erection of cottages of handsome design and finish, and by the cultivation of the surroundings. As the boat steamed down the river several houses were noticed in the course of erection, the greatest improvement in this respect being on Round Island, the summer retreat of the Baptist Association, whose taste and enterprise have been alike commended and praised. The hotel situated here is an imposing building, from the tower of which we believe

KINGSTON IN THE FAR DISTANCE

can be distinctly seen. Some of the residences on other and adjacent islands are pretty, in an architectural sense, and most comfortable in their appointments. The Thousand Island Park continues to usurp the largest share of attention. The change in the management will, it is expected, add to the popularity of the park. The extension of the dock and the erection of a long line of neat houses add to the appearance of the landing, and on a cursory inspection of the work one sees evidence of progress on the part of the association.

During the past week the number of visitors at the park has materially increased. There are now nearly a few cottages which are closed. The park is assuming the busy and animated appearance which has characterized it in former years. Though travel commenced nearly two weeks later than usual the receipts at the various offices are in excess of those for the same date in former seasons. At dinner yesterday nearly all of the tables in the large dining hall were filled.

Excursions are now of frequent occurrence. On Wednesday of this week the children of the Orphans' Home of Watertown visited the park, and enjoyed two happy hours strolling about the grounds. Many tourists are availing themselves of the excellent facilities afforded for trips to Montreal, Quebec and Ottawa.

SUNDAY SCHOOL PARLIAMENT.

The Sunday School Parliament began its session on Thursday evening, with Rev. B. T. Vincent, of Philadelphia, as conductor. The attendance was large. Prof. Frank Beard, of the chair of painting in Syracuse University, was there to amuse and instruct with his crayon and beard not only the little ones but those of older years. Mrs. S. W. Clark, of Philadelphia, had charge of the primary class work. The evening entertainments are to consist of lectures, concerts and scientific exhibitions. Rev. D. Forchester, of Nantick, Mass., is to deliver two lectures. The music is led by Rev. C. W. Parsons, of Watertown, assisted by Messrs. Tamlin, of Black Creek, and Boyd, of Watertown, and Miss Allie Lawrence, of Gouverneur. Master Holly Wilder, of Watertown, is here with his cornet. He played the violin when five years old, but at the age of six he was persuaded to abandon this instrument for the cornet. He has been a member of his father's band at Boonville for three years. He is now eleven years old and shows a remarkable skill in the handling of this musical instrument.

The exercises of Thursday evening consisted of the reading of Scripture and prayer by Rev. C. H. Gaile, of Boonville; a sacred song by Miss Lawrence; cornet solo by Master Wilder; introductory remarks by Dr. Bingham, followed by Mr. Vincent, Dr. J. H. Hoose, of Binghampton, and Prof. Beard. At 9 o'clock yesterday the normal class work was conducted by Mr. Vincent; at 11 o'clock there was held a general conference discussion on "The Church in its School—Relations, Organization, Management." This discussion was opened by Mr. Vincent, and was participated in by many others.

Mrs. S. W. Clark conducted the class on primary teaching in Sunday schools at 2 p.m. yesterday. She is a primary teacher in the church of which Mr. Vincent is pastor. The park parliament is really fortunate in having Mrs. Clark on the list of instructors. She is direct and concise in her teaching; best of all, she has no hobby to exhibit; her experience has been so extensive that she wins confidence at once. She advocated the idea that children should be required to learn a verse or two of some hymn each Sabbath, dropping very soon the light song that has been so persistently taught in some schools. She was very decided that classes of children should not be required to meet regularly with the rest of the school, to join in opening or closing exercises.

WHAT OUR EXCURSIONISTS SAW.

Some of the afternoon exercises were delayed in order to meet the wishes of the Kingston excursionists, many of whom attended them on the arrival of the steamer at 3 o'clock. The leader, Dr. B. T. Vincent, leader, commenced his address at that time. It was on "Common Sense Requisites for Sunday School teaching." The speech was an able one, interspersed with anecdotes and illustrations, and having a perceptible effect on the audience. Mr. Vincent is an enthusiastic worker, above that is simple and a good executive head, the sixth session of the Parliament should be a good success. Following him, yesterday afternoon, came Prof. F. Beard, the artist, who gave a specimen of his chalk talks. He is a rapid sketcher and an agreeable speaker, and has the faculty of entertaining the young and at the same time imparting to them a great deal of information. He is perhaps unrivalled in his specialty. He was again before the audience in the evening, and to-day he was to commence a series of lessons on bible words, history, geography, and the most proficient in an examination to be held a week hence will be rewarded with prizes. The most important item of to-day's programme was to be the lecture on "Ideals in Sunday School," by Rev. Superintendent, teacher and scholar. To-morrow there will be two sermons, a conference of parents, and a children's praise and Sunday school services.

A SCENE OF GAIETY.

The majority of the excursionists proceeded to Alexandria Bay before stopping at the Thousand Island Park. The season at the former place is now fully opened, and there is presented life in its gayest aspect. The big hotels have been more or less altered and beautified, and were thronged with visitors whose manner indicated that they were thoroughly enjoying their sojourn here. Wealthy beauty and fashion are here represented. Before reaching Alexandria Bay, the excursionists passed Westminster Park, the hotel on which is seen to the right, and close to it, on Mount Beulah, the chapel whose tower rises to a height of 136 ft. Westminster Park, as many know, is owned by the Presbyterian Stock Company. All the islands in the vicinity of Alexandria Bay and Clayton have been sold.

MOST NOTABLE FEATURE.

On the left is now Grenadier light house. From here on the right quite a view of Alexandria Bay can be seen, and directly opposite Granadier light is a triplet of charming little islands, owned by gentlemen of wealth, who are spending much money upon them. They are Little Lehigh, owned by Col. R. B. Yates, of Rochester, and C. H. Cummings, of New York; Sport, owned by H. A. Packer, of Mauch Chunk, Pa.; Idlewild, owned by R. A. Packer, of Sayre, Pa. The first two are connected by a wire suspension bridge. Sport Island is nicely terraced, and a Springfield gas machine furnishes the means of illuminating it at night with 200 lights. Mrs. Le Count, of Philadelphia, Pa., has recently purchased Isle Imperial, just above Hart's Island, and enlarged it by piering and filling in, and erected a cottage costing about $7,000.

Among the newest boats now plying on the river are the Packer (a perfect palace), Dr. Holland's new steam yacht and the E. A. Vanborn (new), running between the Thousand Island Park and the Hubb House.

Bulling the Market.

The deal in Montreal Telegraph stock is over for the present, and Richelieu is now the prime favorite. This latter stock has been largely sold "short" for months by a class of operators on the street, who rely greatly for their profits on the chances of accident to the Richelieu Company's boats. They also thought that the new American excursion steamboat line would prove a serious rival to the Richelieu Company. This is discredited by the "bulls," who claim that the new line materially assists the local Company by transferring the passengers it has attracted to the St. Lawrence to the Quebec boats on reaching Montreal. At present, says the *Star*, the "bulls" have the best of it, and the "bears" are in a bad fix. The stock sold at an advance of 8¼ per cent. yesterday, closing at noon at 68½ bid, against 65½ Thursday evening. That great confidence is felt in the future of the stock is shown by the fact that one per cent. was paid to call Richelieu at 80 this year on 1,000 shares. One per cent. was also bid for the privilege of calling 100 shares at 73 within 30 days.

SOLDIER'S ESCAPADE.

A Battleman Suspected of a Forgery—An Interesting Chase and Capture.

This morning Sergt. Hanann, of "B" Battery learned that a private was changing his clothing in Ledford's Saloon, King street. He entered the place and found Thomas Moore partially dressed as a civilian. Moore consented to don his militia uniform and accompany the Sergt. to the barracks, but from another room in the rear he clambered out of a window upon the roof of an adjoining building. Not appearing within a reasonable time the Sergeant proceeded to investigate the cause. He took Moore's clothing to the police station and asked that a policeman be detailed to assist him in arresting the soldier. In the meantime Moore crept along the roof of the building. On reaching Donglass's kitchen he opened a window and "ducked" through it. He immediately encountered Mr. Douglass, who inquired, "What are you doing here?" Moore asked him to be still, stating that a policeman was after him. Douglass would not be quieted and ordered him out. Before he could disappear, officer Jas. Nesbitt had him arrested. He was dressed in a very shabby manner, and was barefooted. He was first taken to the police cells, and thence to the barracks. Moore joined the battery in April last. He hails from Guelph. He said he did not think of desertion, but had only changed his clothing for a purpose. Those who allow battery men to change their clothing on their premises commit a serious offence, for which they are subject to a heavy penalty.

Moore was tried this morning and sentenced to seven days' confinement to barracks.

DIPLOMA PICTURE.

Press Notices of Prof. F. Day's Artistic Work, On Exhibition in Halifax.

The Halifax papers give excellent notices of Prof. F. Day's paintings, on exhibition there. We quote from the *Morning Recorder*: "The View on the Nouvelle River," by Mr. Forshaw Day, the new diploma picture of the Academy, has attracted great admiration from all the visitors, and is one of the finest works of the gallery. It is a careful rendering of nature; the impasto being vigorous, and the waving mass of foliage on the right of the picture reflected in the water below is in nice keeping with the grays of the sky and the shingly bed of the river, forming the foreground of the picture, which is relieved by an inverted canoe. The sky is solidly painted and full of atmosphere. The subject is apparently painted at an early season of the year, when the foliage is green, and, therefore, all the more difficult to treat so as to avoid monotony. There are several other pictures in the room, by Mr. Day, which have been much admired."

The Halifax *Chronicle* remarks: "Mr. Forshaw Day, of the Royal Military College, Kingston, having deposited his picture according to the constitution of the Royal Canadian Academy of Arts, was raised by the Council, at a meeting yesterday morning, to the rank of Academician. Mr. Day was nominated in the first instance by His Excellency the Governor-General. The painting is a view on the Nouvelle River, and has received favorable notices from the Canadian press."

Mr. Day's many Kingston friends will be delighted to hear of his artistic success, and will congratulate him upon the distinction conferred upon him by the Academy.

A Poet's Arrest.

This morning officer Carson arrested, on King street, a Scotchman who was suffering from the effects of rum. He attempted to escape, and to do so "ripped and tore and bit and swore," but all to no purpose. He appeared in the police station in a sadly delapidated condition. For upwards of an hour he interested the force by a recital of poetical selections of his own composition. His most remarkable effusion this morning had reference to his arrest. He gave a full and accurate account of it in rhyme.

"A SOUND MIND IN A HEALTHY BODY"—The old Roman idea of the highest degree of happiness. The liver rules the roast, indigestion creates anarchy in the physical system. Costiveness, biliousness, dizziness and bad taste in the mouth, yellow skin and eyes, loss of appetite, loss of energy, and low spirits, pains in the back and side, wind and foul stomach; all these create bad blood. Regulate the bowels, stomach, liver, and kidneys with ZOPESS, (from Brazil) try a 10 cent sample, and ask Henry Wade or Heath & Gunn about it.

A GREAT SUCCESS IN SERGE FOR SUITINGS.—Z. Prevost, of the New York Clothing Store, is having great success in his serge suitings, having on hand English, Irish and Canadian serges. His English serges at $10 a suit (made to order) are taking the trade in the city.

A leading druggist in the west says: "I have sold more of Dr. Carson's Stomach and Constipation Bitters in four months than any other medicine I ever handled. It seems to please every time." For sale by all druggists.

GIBBARD & SON'S

FURNITURE!

Is taking the lead and WHY?

BECAUSE they have it all manufactured at their own Factory and employ none but skilled workmen, use the best material and sell cheaper than any other House in Ontario. They are receiving orders from Toronto, Montreal, Belleville, Kingston and other large cities and towns, and still they come, so that their Factory is worked to its utmost capacity.

Photos and Prices can be seen and had from J. E. Hutcheson, Esq., Kingston.
