MATCH AT SHOEBURYNESS.

Details of the Match in Which the Canadians Made the Finest Exhibit of Skill.

Last week there was a competition for the prizes presented by the Governor General of Canada, the Marquis of Lorne. This prize, it has been decided by the Council, shall be open to competition to the two divisions. Zest was lent to the competition on this occasion by the fact that the Canadians were about to do their "shift." In this work the competitors have to bring a gun which is mounted on one carriage to another a distance off, and remount it. The detachments have each the same stores served out, consisting of skids, levers, hand spikes, parbuckle ropes, and quoins, and on "Repository" work generally the men are bound to work according to prescribed methods, but for this particular competition for the Governor-General of Canada's prize they are allowed to exercise their ingenuity according to the orders of the No. 1 of the detachment. The work of the whole division was not equal to that of the Canadians, who, under Sergeant Gerest, did the work in 6min. 48sec., and the greatest admiration was exerted by the way in which they "worked together." The next highest were the 8th Lancashire, 7min. 20sec.; the 6th Lancashire, 8min. 16sec.; the 2nd Lancashire, 8min. 17sec.; the 1st Surrey, 8min. 56sec.; the 1st Essex, 9min. 37sec., the 4th Lancashire, 10min. 42sec. The others competing were above these times. The Canadians were recognized very warmly as the best men on the field, and were heartily cheered by all. The volunteers "waited upon them" as the Canadians marched back into camp, and gave them a most cordial greeting.

NEWS OF THE DAY.

If the President should die, it would be all up with Dr. Bliss.

Peter Cooper has spent $1,900,000 out on the Cooper institute in New York and will put $60,000 more into it this year.

Kate Mordaunt, a woman who at one time was an accomplished circus rider in America, is in Toronto. She is old, poor, and a cripple.

The difference between infidelity and true religion is this—The infidel tries to make the world useful to himself, while the Christian tries to make himself useful to the world.

The Governor General has been making some admirable addresses in the North West; not dished with the usual official flattery, but sensible, suggestive and sound.

The death of Senator Brouse makes three vacancies in the Senate—all Ontario seats. Mr. J. M. Currier, senior member for Ottawa, is spoken of as likely to be made a Senator.

The Princess Louise expressed kindly interest in her Canadian gunners, and regrets her inability to be present at Shoeburyness during their stay there.

Trouble is brewing in ranks of the Conservative party owing to the patronage of the Government not being dispensed according to the wishes of the members for Toronto.

The Queen lately attended a funeral service after the Congregational form, when a favorite retainer was buried from Windsor Castle, and in consequence the ritualists and high churchmen are greatly exercised.

Dynamite is coming into use as a means of suicide. A Yorkshire correspondent reports an extraordinary case. A drunken well sinker put an end to himself by exploding a dynamite cartridge in his mouth. Strangely enough, although his tongue, teeth, palate, and maxillary bones were blown to pieces, the skin of the cheeks and lips remained intact, and, except for extravasation of blood about the eyes, there was little to show externally the cause of his death.

Some idea of the amount of property owned by the new telegraph combination may be obtained from the following figures. There are nearly 25,000 miles of wire included in the combined companies, and 17,000 miles of poles, with 2,500 offices. The combined capital invested is over three millions, and the total receipts last year were $750,000. The wires of the company cover an area almost as large as the United States.

Power of Speaking Restored.

NEWARK, ONTARIO, D C., March 30, 1870.

JONAS FOTHERINGILL writes:—Some two months ago my son lost his voice. None of the physicians could do him any good. Two hours after taking the second dose of Fellows' Hypophosphites his power of speaking was restored.

It is a Positive Luxury

to brush the teeth with SOZODONT, so fragrant and refreshing is it, and so pleasant is the taste it leaves in the mouth after the operation. Then how gratifying is the effect and how complacent feels the beholder who views in the glass a row of ivories rendered spotless by this benign and delightful toilet article. Only a few drops on the brush, a rag or sponge is needed for an ablution and yet it is wondrously effective.

Honor to whom Honor is due.

Honor the name of Dr. Scott Putnam, inventor of Putnam's Painless Corn Extractor. Many less deserving men have their names enrolled among those considered benefactors of their race. Why not his? Ask those who have used Putnam's Painless Corn Extractor what they think of it. Their thankful hearts cannot sound his praise too high. Safe, sure, and painless. Beware of cheap substitutes. Sold by all druggists in Kingston and by N. C. Polson & Co., agents for Ontario.

Fever and Ague.

Are you troubled with Ague, Chills and Fever, Bilious Fever, Remittent or Intermitting Fever, Night Sweats or any disease that comes from Malaria or disordered Liver and Hot Suns? If so, procure a bottle of Green's Ague Conqueror, which is an acetic extract of strong tonic roots, combined with Sulphate of Magnesia, etc., and positively contains no Quinine, Arsenic or other poisons. It purifies the blood, cleanses the liver, spleen and other secretive organs so effectually that the chills will not return. We have never found any case of Fever and Ague it will not cure. Price, 50 cents and $1.00 per bottle. One large bottle has cured as many as five in one family. Sold by all druggists and dealers every where.

Tried and True.

How sad to contemplate the fact, that for the sake of gain, would-be philanthropists have introduced patent medicines and drugs (vile compounds) which are advertised to cure all the ills that flesh is here to. Verily they have their reward. Thousands are annually sent to the graves through the use of such compounds. Baxter's Mandrake Bitters have come before a discerning public, without any loud trumpeting. They have been tried and have not been found wanting. They are daily gaining in public favor, and for dyspepsia, jaundice, and biliousness have no equal.

GRAIN SPECULATIONS

Thousands in the Business Method of Operation. Results of Some of the Transactions.

During two or three years past, and never so greatly as now, the methods of the Stock Exchange have been introduced into the produce markets, and hundreds of men in leading cities, notably in Chicago, Toledo, St. Louis, Baltimore, Cincinnati and New York, are daily betting millions of dollars upon the probable prices of wheat, flour, corn, oats, lard, pork, bacon, etc. To illustrate: Mr. A. offers to deliver to Mr. B. a million bushels of No. 2 red wheat at $1.22 per bushel, on the 31st day of August, though he Mr. A. does not own a single bushel of wheat, and does not expect to. Mr. B. takes the offer, and makes a deposit of a small portion of the price or "margin." In this case Mr. A. is said to be "short," and Mr. B. "long." Mr. A. is "short" of what he has agreed to deliver. If the closing sale of this grade of wheat on Aug. 31st is only $1.20, Mr. B. pays Mr. A. 2 cents a bushel, or $20,000. But if the price is $1.25, Mr. A. pays Mr. B. 3 cents a bushel, or $30,000. Usually no wheat is actually delivered. Sometimes, however, if there is a limited supply of wheat available, and Mr. B. has capital enough, he secretly buys up all there is, he gets up a "corner" in wheat, and when settling day comes he may require Mr. A. to deliver the wheat, or he may get others to try to buy it, while he refuses to sell until $1.30, or $1.40, or even $1.50 is offered, and the "price of the day is fixed at that rate. In the last named case Mr. A. would have to pay him the difference between $1.22 and $1.50, which on a million bushels would be 28 x 1,000,000 or $280,000. If, on the contrary, the price could be beat down on the settling day to $1 per bushel, Mr. B. would have to pay Mr. A. 22 cents a bushel, or $220,000. We have named only two individuals, but there are hundreds or thousands of persons doing the same thing, some betting on a few thousand bushels; others on hundreds of thousands, and a few heavy operators on millions. In times of excitement and activity the speculative "sales" of wheat during a few days amount to more than the entire surplus crop of the country during a year. The operators are in two classes, those like Mr. A. are "shorts," and those like Mr. B. are "longs." Precisely the same operations are taking place with reference to other grades of wheat, corn, oats, lard, pork, etc. The same man often operates in several kinds of produce, and may be "short" of one and "long" of another. One speculator will often be short for August delivery; long for September; and short or long for October, or for "the year."—*American Agriculturist.*

Mothers will find Perry Davis' Pain-Killer invaluable in the nursery, and it should always be kept near at hand in case of accident. For pain in the breasts take a little Pain Killer in sweetened milk and water bathing the breasts in it clear at the same time. If the milk passages are clogged from cold or other causes bathing in the Pain-Killer will give immediate relief

There is no better family medicine than Dr. Carson's Stomach and Constipation Bitters. They are taken alike by both old and young. They invigorate the system. They should invariably be used instead of those little well known nauseous purgatives called pills. In large 8 oz. bottles at 50c. For sale by all druggists.

YOUR FACE.—A few applications of Bell's Tan and Freckle Lotion will remove Tan, Freckles, Sunburn, Tetter, Pimples, and Roughness of the Skin.

Perfectly harmless. Used by thousands. Price 25 cents per bottle. Try it! For sale at Wade's drug store, cor. King and Brock streets.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions, and positively cures Piles. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. G. King.

Worthy of Praise.

As a rule we do not recommend Patent Medicines, but when we know of one that really is a public benefactor, and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure Biliousness, Fever and Ague, Stomach, Liver and Kidney Complaints, even when all other remedies fail. We know whereof we speak, and can freely recommend them to all. For—Sold at fifty cents a bottle, by all druggists.

HALL'S HAIR RENEWER

HALE'S VEGETABLE SICILIAN HAIR RENEWER

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so effectual or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

BUCKINGHAM'S DYE,

For the Whiskers.

This elegant preparation may be relied on to change the color of the beard from gray or sandy to any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off.

Construction & Working Qualities

from the class of boiler feeders known as Injectors—inasmuch as it has no set of tubes for lifting and another set of tubes for forcing, but a combination entirely new, reliable and efficient. They are simple to operate, always ready for use and altogether a very reliable feed for boilers.

SULPHOLINE LOTION.

An External Means of Curing Skin Diseases.

THERE is scarcely any eruption but will yield to sulpholine in a few days, and the most inveterate of such skin cases (in chronic rheumatism, diabetes, scurf and roughness) can at its mildest, subdue the most confirmed skin disease that have plagued the sufferer for years, however deeply rooted they may be. It destroys the animalcule which cause these constantly irritating pimples and eruptions, and which produces a crust like scales on the surface of the skin. Sulpholine lotion is used by most persons.
