THE SICK PRESIDENT.

A Sad View of the Case—Its Great Uncertainty—Bulletins not Indicative of the Truth.

Joseph Pulitzer, editor of the St. Louis *Post Despatch*, telegraphs from Long Branch as follows: "The bulletins convey no idea whatever of the truth. The President's blood is poisoned from the original wound he has in his back. The glandular swelling is gone, but only to leave a terrible wound or large sore covering part of his face and head, affecting his ear, jaw and head, and also leaving a hole in the cavity of the mouth. A new swelling near the original one is already making its appearance. Sores all over the body and on his rectum make every motion and even disquietude painful. Boils here and there indicate pus and bad blood, but what probably is the worst sight of all is the frequent coughing. It is feared there will be trouble with the lungs. An abscess there would make an absolute end. As I said yesterday the official encouragements have no foundation. The official bulletins do not convey the truth. The President is slowly dying. He may possibly linger for some time, but at present there seems to be no reason for the expectation of his recovery. Holding his own means every time that he is worse, for on the status of his present complicated disorders and great weakness some new trouble or additional complications are not only among the possibilities but almost a certainty. With that will come the end. Everybody hopes for a better outcome, but I give the facts as I find them, not as they ought to be or are wished to be."

The Social Evil.

It is well known that the Roman Catholic clergy have been acting combatting the social evil in Montreal, and the Chief of Police and Recorder have been pushing matters very strongly in punishing courtesans. The authorities now are contemplating measures to localize this class of women, where they will be under the surveillance of the police, and ostracized from other quarters of the city. A farm has been purchased and a company organized to build houses upon this ground, the whole scene being undertaken in a philantrophic spirit and under the advice of the church authorities. Thus far the affair has been kept very quiet, and the parties moving the matter are above reproach.

The Montreal Outrage.

The law clerks who committed the diabolical outrage on a young girl from England last week are not to be allowed to go unwhipped of justice. The St. George's Society have taken the matter in hand and retained counsel. Friends of the lawyers implicated have caused the girl to be spirited away from Montreal to Quebec, to pay her passage from that place back to England, but a warrant was sent to Quebec for the girl's arrest and she will be brought back and the case pushed. One of the accused was a gold medallist from McGill one year, and the whole quartette are educated. The utmost indignation prevails against the miscreants, and if convicted their punishment should, as it doubtless will, be severe.

August Flower.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases, such as sour stomach, sick headache, habitual costiveness, palpitation of the heart, heart burn, water brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to the druggist and get a 75 cent bottle of AUGUST FLOWER or a sample bottle for 10 cents. Try it. Two doses will relieve you.

See to it!

ZOFESA (from Brazil) will cure the worst case of dyspepsia. A single dose will relieve in a degree that shows its wonderful curative powers and its peculiar action upon the stomach and digestive organs. It is a positive and absolute cure for costiveness and constipation; acting in a remarkable way upon the system, carrying off impurities. As a liver regulator its actions are most remarkable. It tones and stimulates the liver to action, it corrects the acids and regulates the bowels. A few doses will surprise you. Sample bottles 10 cents, at Wade's, or Heath & Gunn's drug stores.

Has Stood the Test.

N. H. Downs' Vegetable Balsamic Elixir has been in use for half a century in the United States and Canada; and the thousands who have used it have never found it to fail, as a certain and speedy cure for coughs, colds, croups, asthma, diseases of the lungs and consumption. The inventor has been blessed by thousands as a benefactor of humanity, and when half a century more shall have gone by his name will still be a household word, while many of the great names now so honored and revered shall be forgotten. The fame of the Elixir, so long ago established, gains wider renown each year, for all who use it spread abroad the news of its efficacy more effectually than any medium of advertising could do.

A Moral Power.

Stove-pipes are supposed to move the deepest and most profound desire to swear that it is possible for man to experience. Be that as it may, we venture the opinion that corns produce as many startling exclamations, and the introduction of Putnam's Painless Corn Extractor should be hailed as a moral influence in the world, independent of its power as a reliever of physical suffering. Sold by all druggists in Kingston and by N. C. Polson & Co., agents for Ontario.

Never Give Up.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle, by all druggists.

Pattner's Emulsion.

We beg leave to call our readers attention to the advertisement of PETTNER'S EMULSION which appears in our columns, and judging from the high medical reputation it bears, it will merit the confidence of the profession and public at large. The inventor claims it contains a large percentage of pure oil than any other Emulsion, and made in a very pleasant and palatable form so that the most delicate stomach can retain it. It can be had from all drug men.

Food that is Poisoned

by unclean teeth breeds dyspepsia. Such, at least, is the declared opinion of medical men. Remedy the evil with purifying, aromatic Sozodont, which clears away corrosive particles which lodge in the teeth and produce an acid ferment, that in time destroys their enamel and ruins them. It prevents the unspeakable annoyance caused by defective teeth, if it is used while they can yet be saved from the destructive effects of tartar and other impurities.

YOUR FACE.—A few applications of Bell's Tan and Freckle Lotion will remove Tan, Freckles, Sunburn, Tetter, Pimples, and Roughness of the Skin.

Perfectly harmless. Used by thousands. Price 25 cents per bottle. Try it! For sale at Wade's drug store, cor. King and Brock streets.

Unfortunate Oswego.

The question as to the future of our commerce creeps in everywhere. The decay which commenced with the destruction of ships, is extending to the deterioration of cities. The experience of Oswego comes up as an illustration, its case being now brought to the attention of the State Assessors, sitting as a board of equalization. As their meeting in Albany the other day Mr. Wright, of Oswego county, stated that the volume of business in Oswego had depreciated to such an extent that it now amounted to comparatively nothing. He contended that this was due to the abolition of the reciprocity treaty with Canada, discrimination in railroad traffic, and kindred causes. According to his statement fifteen flour mills have been reduced to three. Where formerly there were six banks there are now but two. Shipments in grain and lumber have fallen off. He thought the situation sufficiently depressed to warrant him in asking for a reduction of the equalized valuation to $7,409,000. The equalized valuation last year was $20,194,000. The situation may not be quite as alarming as the taxpayers would have it appear in this appeal, but the evidences of degeneracy are unmistakable. The experience of Oswego shows what may be brought about elsewhere by a misguided commercial policy.—*Rochester Advertiser.*

Ayer's Hair Vigor

FOR RESTORING GRAY HAIR

TO ITS NATURAL VITALITY AND COLOR.

Advancing years, sickness, care, disappointment, and hereditary predisposition all turn the hair gray, and either of them incline it to shed prematurely.

AYER'S HAIR VIGOR by long and extensive use, has proven that it stops the falling of the hair immediately, often restores the growth, and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus Baldness, Weak or Sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and stablished; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the VIGOR is praised for its grateful and agreeable perfume, and valued for the soft lustre and richness it imparts.
