REMINDERS.

THURSDAY.

MIDLAND CENTRAL FAIR—Third day; balloon ascension in the afternoon.
HALF HOLIDAY in the public schools.
CRICKET MATCH—Kingston vs. Montreal, at 9.30 a.m.

CITY AND VICINITY.

PAINS.—Moderate to fresh easterly to southerly winds; fair, comparatively cool weather.

RICHMOND & BOYDEN have received a large assortment of all classes of black and colored dress goods and cashmeres, extra good value.

POLICE COURT.—Two or three drunks were allowed to go with a reprimand. Two others made advanced deposits and avoided coming into court.

GOOD ADVICE.—Go to Bell's gallery, corner of Princess and Montreal streets, for the best photographs and ferrotypes.—Satisfaction guaranteed.

GRAIN MARKET.—Considerable grain has commenced to arrive. Rye, receipts fair, at 90c; barley arriving more freely, 75c. and 85c.; wheat, lively, $1.80; oats, scarce, 37c. to 40c.; peas, coming in well, 73c. to 75c.

TORONTO SOCIETY.—The son of the Hon. O. Mowat was married yesterday. Mr. Cockshutt, merchant, will be married to-day to Miss Scott. To-morrow Mr. Strathey, of Barrie, will be married to Miss Grassett.

A FINE OFFERING.—The offer of McCaul & Hiscock, in advertising columns, should attract wide attention, their business being long established, remunerative and reputable. Few better openings have been presented in Kingston for years.

TO VISITORS.—Those attending the fair should not go home without calling at the Golden Lion Grocery, as it will pay them. Teas and everything else are sold very cheaply. Cheap living is of greater importance to families than anything else.

PROVINCIAL EXHIBITION DELEGATION.—Aldermen Robinson and Carson left for London this morning in company with some of the county delegates. Mr. Kirkpatrick, county member, leaves this afternoon, and the Mayor will follow to-morrow if family illness does not longer detain him.

DELIRIUM TREMENS.—Michael Flynn was arrested this morning by P. C. Hoyle while suffering from *delirium tremens*. In the station house he was killing snakes all the time and the way in which he stamped around was somewhat amusing. He seemed to think reptiles were crawling up his legs.

AN ENCOURAGING SIGN.—The Directors of the Toronto Industrial Exhibition at a meeting held last evening, appeared not to favour any amalgamation with the Provincial for next year's fair, and favoured holding the Provincial at Kingston, as it would thereby confer a benefit upon a deserving section of the country.

NO MATCH.—Although fourteen players volunteered for the game at Peterboro to-day, for the Gildersleeve lacrosse challenge cup, only seven presented themselves for the trip last evening, and these faithful ones then gave up in disgust. They regret their disappointment, not so much on their own account, (for they did not expect to win) as on that of their good friends, the Peterboros, who had prepared for their visit.

TALKING SAUCY.—At the last couple of meetings of the School Board there has been a deal of personalities indulged in as a result of the bitterness of feeling which prevails among the members. There was, after the adjournment, talk of pugilism, with the safe contingency that the man who threatened most had least desire for action. Gentlemen, you should never let you angry passions rise.

ROBBERY REPORTED.—Last evening three men were given one room in the Union House. Two slept in one bed. During the night the third person crawled in between the others and when told by one of the occupants to get out threatened to do his challenger serious bodily harm. The intruder did get out by and bye, but when one of his forced friends awoke this morning he found that his pants had been relieved of $20. Neither the money or the thief could be found to-day.

CHARGED WITH THEFT.—This afternoon Ellen Wells was arrested, charged with stealing clothing and silver spoons from Mrs. R. T. Walkem. She had been engaged with Mrs. Walkem and appears to have made off with the property at different times. After leaving the service she was suspected, a trunk belonging to her at the hospital searched, and some of the missing articles found in it. She was enjoying herself buggy driving to-day when checked and placed in custody.

Cricket Match To-morrow.

The Montreal Club will reach Kingston on their tour to-night, and to-morrow morning about ten o'clock will open a game at the Cricket Field with the Kingston Club. The Montrealers have a great strength and reputation, and have long been deemed invincible. This week they have beaten Hamilton's crack team by 81 to 70 runs, while the Junior Montreal eleven have defeated the Ottawa Club. The Kingston team for to-morrow is: Jones, Smith, Drummond, Lavie, Ireland, McMurray, Grout, Galloway, Givens, Glidden, Worsley.

The tug Bronson leaves for Montreal to-night with eight barges carrying 180,000 bushels of wheat.

KINGSTON PRESBYTERY.

Quarterly Meeting in Chalmers' Church—Discussion of Various Questions of Local and General Interest.

The Presbytery of Kingston met in Chalmers Church on Tuesday afternoon at 3 o'clock. The meeting was constituted by prayer by the Rev. Andrew Wilson, who presided as Moderator *pro tem.* The roll of members was called and the attendance marked.

It was moved by the Rev. Andrew Wilson and adopted, "That the rule anent commissioners from sessions be suspended as to any Elders present at this meeting who may not have been appointed in accordance therewith, and that they be recognized as members of this meeting, and that the Clerk be instructed to notify all sessions of the above rule."

A VISITOR FROM SCOTLAND.

Rev. A. Wilson here introduced to the Presbytery Mr. John Robertson, an Elder from the Free Church of Scotland, who desired to have a position assigned to him in connection with the Church, so as to be able to engage in works of usefulness. Table certified in his favor.

The Rev. Messrs. Wilson and Maclean were appointed a committee to confer with Mr. Robertson, examine his papers and report at a future sederunt.

ENQUIRY ABOUT A CHARGE.

The Clerk was requested to send a telegram to the Rev. Mr. Haney, requesting him to answer if he had accepted the call of the congregation of Trenton.

The committees appointed at a previous meeting to dispense the Sacrament of Lord's Supper in the several mission fields reported that they had attended to the duty.

The Presbytery then adjourned till evening.

THE EVENING SEDERUNT.

At 7.30 o'clock the Presbytery again met. The Moderator presided, and opened the meeting with prayer.

Session records were tabled from St. Andrews Church, Belleville; Storrington; Pittsburg and Glenburnie, and St. John's Church, Pittsburg. Committees were appointed to examine the several records.

CAMDEN AND NEWBURG CHURCHES.

A communication was read from the Clerk of the Presbytery of Maitland, from which it had appeared that the Rev. Mr. Leitch had declined the call given by the congregation of Camden and Newburg.

The Rev. Mr. Cormack having ceased to be an ordained missionary within the bounds, the Clerk was instructed to put his name as an addendum to the roll.

Rev. Mr. Young was appointed Moderator *pro tem* of the Kirk session of Camden and Newburg, with power to moderate in a call there when the people are ready for such a step (as there is a likelihood of a call being given soon.)

RESIGNATION OF REV. MR. TURNBULL.

The following minute was passed: "In accepting Rev. Mr. Turnbull's resignation of the charge of the congregation of Melrose and Lousdale, the Presbytery desires to place on record its appreciation of his services in the cause of Christ. During a pastorate of 19 years Mr. Turnbull, by his faithfulness as a preacher, and his conscientious discharge of his duty as a pastor and member of this court, manifested at once devotion to his work, and zeal for the well fare of the souls committed to his charge. His brethren of the Presbytery, in parting with him, heartily commend him and his family to the guidance and blessing of our Common Lord."

EXAMINATION OF STUDENTS.

The following were appointed a committee to examine the reports and written exercises of students and mission aries laboring within the bounds, viz: Revs. Messrs. Mitchell, Coulthard and Dr. Williamson and Mr. Beattie.

Rev. Mr. Coulthard submitted the motion anent payment of expenses of which he had given notice. After consideration the motion was withdrawn.

The Rev. Mr. Ross, of Newboro and Westport, being present, was invited to sit and deliberate.

The Committee appointed to examine the records of the Sessions of St. John's Church, Pittsburg and Storrington, reported that they had attended to the duty with they had been charged, and found the records carefully and correctly kept. The reports were received and the records ordered to be attested accordingly.

FINANCIAL CONSIDERATIONS.

Moved by Rev. M. W. Maclean, seconded by Rev. Mr. Gracey, "That the Presbytery in future notify any congregation, to which a deputation may be sent, that such congregation is expected to raise a collection to defray the expenses of such deputation, the surplus to be sent to the Treasurer of the Presbytery Fund."—Carried.

Mr. Macalister, the Treasurer, read the financial report. It was received, the Treasurer commended, and the Clerk instructed to notify defaulting congregations of their obligations in this matter.

SERMONS IN QUEEN'S COLLEGE.

Rev. Mr. Kelso gave notice of a motion in regard to the holding of religious service in Queen's College; ordered to be taken up to-morrow.

There was tabled a commission in favour of Mr. John Duff as a representative of St. Andrew's Church, of Kingston, in the Presbytery of Kingston and the Synod of Toronto and Kingston, until after the meeting of the General Assembly of 1882.

The matter of holding missionary meetings was left to be arranged for by the session.

ADDRESS ON THE PRESIDENT'S DEATH.

Dr. Smith directed attention to the death of the President and the propriety of taking some action in the matter. Dr. Williamson, Rev. Mr. Mitchell, and Mr. John Duff were appointed a committee to draft a suitable address in relation thereto.

The Presbytery then adjourned to meet at 10 o'clock to-morrow morning.

MORNING SEDERUNT.

This morning, shortly after the opening services, Rev. Mr. McLean, of Belleville, moved, seconded by Rev. Mr. McCuaig, that as the Presbytery was in session last night, and the members could not attend the meeting of citizens sympathy be extended to Mrs. Garfield and family in the great affliction which they have suffered by the death of the President.—Carried unanimously.

Dr. Smith presented the Home Mission report, the consideration of which occupied most of the morning. The report recommended various grants to mission stations and congregations.

Mr. John Robertson, elder of Glasgow, was declared eligible for any christian labour which he might be called upon to perform.

A discussion occurred in regard to the form of service followed in Queen's College during the winter, but no decision was reached. The discussion will be resumed at the next meeting of the Presbytery, to be held in Belleville in December.

WHAT'S THE NEWS?

Locomotive Arrangement of Items of Local and General Interest—Gossip that is Readable.

Are you going to run your overcoat for a second or third term?

The hotels were filled up to-day. A bigger rush is anticipated to-morrow.

The Kingston & Pembroke RR. brought a large number to the city to-day. The point of attraction was the Fair.

The petition for the release of Geo. A. Wilkins, of Boston, sentenced here for theft, has been rejected by the Government.

To-day excursions from Cape Vincent Millen's Bay and Clayton reached the city by steamers Island Belle, Island, Wanderer, and Maud.

Mr. Hume, a graduate and gold medalist of Queen's College, Kingston, has been appointed to the position vacated by Mr. McKay in Brampton High School.

The Kingston Presbytery, now in session here, has adopted resolutions of sympathy over the President's death, and they will be forwarded concurrently with those passed at the public meeting.

The grand drawing of prizes in aid of the De La Salle Novitiate and Normal School, to be established in the Province of Ontario, has been postponed from the 22nd of September to the 22nd of November.

MARINE NOTES.

Non-union men are getting employment on outward bound vessels.

The arrivals this week are quite large. The grain is quickly transhipped.

The schr. Nellie Sherwood is loading iron ore for Charlotte at 40 cents per ton.

John McLeod, who was injured on the schooner Gold Hunter, while unloading stone at Toronto, has reached Bruce Mines on his way home.

The schr. Richardson cleared last night for Oswego with 9,000 bushels barley. This is the Richardson's second cargo of Canadian barley for the American side.

It is thought that owing to the severe weather through which the propeller Lincoln and consort have passed her grain will be considerably damaged. It has not been discharged yet.

The schr. Jessie Drummond is unloading some of her walnut in order to reduce the draft of water required to permit her going through the St. Lawrence Canals.

RIP VAN WINKLE.

The audience which greeted the Keene Comedy Company last night was by no means so large as the reputation of the company deserved. "Rip Van Winkle" has always been popular in Kingston, and is consequently well known, but never has it been more pleasingly played than last evening. Mr. J. H. Keane in the title role had full opportunity for displaying those powers of wit and pathos which have made him so popular, and he kept the audience in continual good humour. The leading lady, Miss May Preston, established herself from the first as a favorite and took the part of Rip's fussy, strong minded, but affectionate little frou in the most charming manner. Her acting in the third scene of the first act was especially good. Little Mattie Johnston, as "Meenie," took her part remarkably well. Miss Flora Hall, in the same part in the third act did not do justice to the character, and the last scene, which can be made so much of, was decidedly flat. The part of "Cockles," taken by Miss May Edmonson, was the only bad feature in the play; her making no change in her toilet after a lapse of twenty years was an absurdity which was very noticeable. Messrs. Barry and Delafield, as well as the other members of the company, made a good impression.

Drowned at Napanee.

Clark Harris, a boy 15 years old, youngest son of the widow Harris, of Napanee, was drowned at 7 o'clock last evening. He rode a horse into the river near the swing bridge to water it. The horse went out too far and in plunging around the boy lost his balance and fell into the river. A large crowd collected at once and succeeded in bringing the body to the surface, but not for about ten minutes afterwards. Every effort was used to restore life, but without avail.

Band Performance.

The Band of 'B' Battery will perform this evening at 6:30 o'clock, on the Square, Tete du Pont Barracks. The programme is:

MIDLAND CENTRAL FAIR.

ORDER OBTAINED AT THE CRYSTAL PALACE—A VERY GOOD SECOND DAY.

Exhibits not as Good as Expected—Special Attractions Wooden—Unfortunate Events Reported—Showy Success Expected.

To-day is in reality the opening day. The confusion of yesterday has disappeared and order prevails. The palace looks extremely well. The exhibit is it is not equal to that of former years, but reasons for such a fact can be given. The Provincial and Montreal fairs have caused many exhibitors in fancy wares to overlook Kingston. At the present writing the judges are busy at work and are making good progress. By 3 o'clock this afternoon they will be through and the doors will then be flung open to the public. There are many departments in excellent shape and far in excess of previous years.

The attendance of visitors is good this forenoon, with the prospect that there will be a vast increase to-morrow. The various outside attractions are being liberally patronized. A large constabulary force is on hand to keep order.

COLLECTION OF MINERALS.

The miscellaneous department is perhaps most interesting. First to the right of the main entrance is the collection of minerals, agates and petrifactions by Mr. C. H. Hatch. The minerals comprise specimens of silver, gold and iron ore, phosphate, sulpher and salt. He exhibits a new collection of polished agate from Nevada, Utah, Hamburg, Germany and the Manitoulin Islands. The petrefactions consist of fish, insects, lizards and a pine stump. The latter was dug up in Hastings county.

Mr. T. H. Parkin shows several models of farm fences, both of rail and wire, the merits of which are undoubted.

HARDWARE AND EDGED TOOLS.

Mr. A. Chown has a large and well assorted exhibit of hardware. He exhibits both the heaviest and lightest classes of goods. The show is quite attractive.

Mr. W. M. Drennan exhibits edged, agricultural, and mining tools in great variety, an Industrial wringer and one of the Royal Canadian style. The articles have merit to command them, and the "dressing" of them is such as to make them more noticeable.

DISPLAY OF MILLINERY.

Miss McTaggart has two neat cases of the latest novelties in millinery. She exhibits ribbons, feathers and trimmed goods, and every lady who sees them declares that they are too nice for anything, and some go into rapture over "that duck of a bonnet." The arrangement of colors is quite tasty.

Messrs. Spence & Crumley, in another part of the palace, also show a case of millinery. Their selections are elegant and the materials are arranged to show the best effects. The collection is not a large one, but it is good.

SEWING MACHINE EXHIBIT.

Mr. J. F. Purdy shows two sewing machines, a Wanzer from Hamilton and a Williams' Singer, from Montreal. The corner occupied by the agents is made quite lively by the constant clatter of the machines.

Mr. M. W. Simpkins, of Newburg, makes his annual appearance, and adds to the interest of that portion of the building in which he is located. He is the agent for the Wanzer and Osborne sewing machines, Canadian manufacture, and for Franz & Pope's knitting machine and ribbing attachment. His genius is made evident by the self-setting needle, which slips into its place and requires no adjustment such as has been the practice with sewing machine needles generally.

MUSICAL INSTRUMENTS.

Great harmony prevails in the section devoted to musical instruments. We speak in a musical rather than a literal sense. Five pianos, beautifully finished, and representing different values, are shewn, three uprights from the factory of G. M. Weber & Co., an upright and a square, of which Weber & Co. are the makers. It is unnecessary to expatiate at great length upon the excellencies of these instruments, full and sweet and powerful in tone, and in construction having strength and durability and elegance. Nor are we disposed to pass opinion as to the distinctions between the manufacturers; that will be done by the judges. It is gratifying to know, however, that the work of the Kingstonians has long since won a name the value of which is incalculable in a business point of view. Kingston instruments can be found in any part of Canada.

J. F. Purdy exhibits two organs, five octaves and with three setts of reeds, from the Dominion Organ Factory, Bowmanville. The instruments are rich in tone, and very highly finished.

FREE GRANT LAND PRODUCTS.

Mr. J. R. Dawson, Warden of the county, is the only exhibitor of the products of free grant lands. His entries embrace spring and fall wheat, black oats, marafat peas, potatoes, timothy seed and butter, a collection in which, in an agricultural sense, a great deal of interest has centred. The exhibit is a splendid one under the circumstances.

VERY ANCIENT CHINA.

Miss Metcalfe has entered and exhibits some very ancient dishes. One piece of plate is declared to be 900 years old; another piece, Japanese pattern, is alleged to have been hand painted 60 years ago. There is also a goblet which saw service 100 years ago, and cups which have been in use for a similar length of time. Rarely have so many relics of the kind been brought together in this way.

Mr. F. Hornebrook is again to the front with his cages of canaries, of which he shews four varieties—Guinea birds, Turn Crowns, Harts' Mountains, and Belgians. He has a South American Indigo here. It is the only one in the city. The show is an admirable one.

SHOW OF RICH FURNITURE.

The furniture department for the past two or three years has been well filled, the entries embracing a variety of goods which in style and finish and richness is worthy of the admiration which has been bestowed upon it.

The largest exhibitors at the present time are Messrs. Gibbard & Son, of Napanee, this display occupying nearly half the space set apart for this purpose. There are two splendid sideboards of the Queen Ann pattern, walnut and marble topped; a hair cloth parlor set; a handsome and very costly parlor set, with Japanese upholstering, crimson plush "puffing;" a marble topped bed room set, a Cliffa Patrix chair, and a platform rocker. It is not without inconvenience and considerable cost that these things are put on exhibition at the Midland fair, and the firm is deserving of the more credit in consequence.

Mr. James Reid appears this year with an exhibit which calls for special mention. He has made a specialty of caskets and coffins—burl, rosewood, walnut, glass and metallic—ranging in value from $30 to $200. The work upon some of these is very elaborate, that on the glass casket ($200) being very superior in quality and attractive in appearance. There is a case adjoining and containing funeral ornaments and trimmings of the latest New York manufacture. There are shrouds of broadcloth, merino and silk, embroidered and trimmed with silk and satin lace, and Catholic, Masonic and Oddfellows emblems. A 'centre table,' marble top, Queen Ann style; a lady's walnut secretary; and an escutore, of ebony and gilt, complete a show such as has not been made in Kingston before.

Mr. S. T. Drennan, a most popular patron of the fair, enters every year for exhibition a large assortment of very choice furniture. He shows some magnificent goods, which favorably compete with any in the palace. He certainly has the finest Queen Ann sideboard, marble topped, and supplied with a fine mirror and tile back; and besides there are a Home Comfort chair, a marble topped bed room set, an East Lake ash set, a whatnot of walnut with mirror, and a hair cloth set, perhaps the best that has yet been shewn. Long may Mr. Drennan do the business men of the city an honor at the Midland Fair.

MISCELLANEOUS.

Mr. Thomas Mills follows with perhaps the finest assortment of furs, robes, hats, gloves, etc., he has yet displayed. They occupy a prominent place in the palace.

Mr. D. F. Armstrong has a large assortment of boots, shoes and trunks. A case of fine goods is very much admired.

Smith Bros. show a case of watches and jewellery, worth $1,500. The exhibit is in a prominent place and the object of much criticism.

D. A. Waddell shows three setts of single harness, the former mounted in brass and the latter in gold and rubber. Placed on dummy horses the goods are exceedingly showy.

Messrs. Stacey & Walpole have a large show case filled with fancy and beautiful goods, including albums, work boxes and a profuse collection of select goods.

Mr. T. McAuley has also on view a case of handsome goods. He displays samples of binding which do his shop infinite credit. His picture frames are elegant.

Messrs. W. Ford & Son have, as usual, a large and excellent exhibit of leather. The belting is especially noticeable. The leather shown is in a prepared and unprepared state.

Mr. A. McCorkell shows a skiff, with all the latest improvements. Numerous woods are used in the manufacture of the craft. The workmanship is excellent.

Prof. Fowler, of Queen's College, has about one fourth of the ferns, grasses, mosses, shells, and sea weeds, which he has collected during the past 20 years. Nearly all the botanical specimens are very neatly mounted and offer an opportunity for study such as is rarely possessed. Prof. Fowler's scientific tastes and qualifications are exemplified by the exhibit.

NOT AS FROM THE GROUND.

Prof. Myers is arranging for the inflation of his balloon. He promises that the ascension will occur not later 4 p.m. to-morrow.

Yesterday afternoon several fires were started in the palace by men throwing down half smoked cigars. The flames were soon extinguished.

The display of grain is large. The Mayor's prize, for any variety of spring wheat, was taken by Mr. Archibald Knight, of the township of Kingston.

An oil painting of Garfield has been placed over Stacey & Walpole's exhibit. It is draped in black. Every one who gazes at it does so with a feeling of sadness.

A thoroughbred Ayrshire bull, owned by Mr. J. M. Fair, en route at the the fair yesterday took very sick. The animal had to be slaughtered, a regretable circumstance.

One of the interesting sights on the ground to-day was a troupe of Sioux (?) Indians in war paint and full attire. They promenaded the ground several times.

Mr. W. S. McGillivray, of Washburn met with a loss yesterday. He was collecting his poultry to bring to the city. Among the lot was a magnificent Toulouse gander, named "Gambetta." It broke out of the case and while being chased died. The gander was imported from France at a cost of $25.

The Messrs. Smith have a curiosity on their stand. It is a watch running in a globe of water. Mr. Smith worked energetically for days to so fit a watch that it would so run but failed several times. Finally for his attempts he was rewarded with success. The idea of telling when a man is drowned by the stopping of his watch is a matter of the past.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*—Made simply with boiling water or milk. Sold only in Packets and Tins (4 and lb.) labelled—"James Epps & Co., Homœopathic Chemists, London, Eng."—Also makers of Epps's Chocolate Essence for afternoon use.

THOROUGH TEST!

IN order to thoroughly test the favorable impression we have made since opening our Branch Boot and Shoe Store in Kingston, we decided after January last to advertise only about one third as much as formerly. The result has been most satisfactory to ourselves and shows an increase of from 25 to 40 per cent on each week's sales, as compared with last year. We believe this mainly to be due to our large business connections, enabling us to place goods into the consumer's hands at about prices ordinary dealers pay wholesale for them, and to be the fact that we do a STRICTLY CASH TRADE both in buying and selling. The public are well aware that this CASH SYSTEM offers great advantages to buyer and seller over the old time Credit System. Our stock is now larger and more complete than at any time since opening, particularly in finer lines for Ladies', Misses' and Children's.
