INFERNAL MACHINES.

Further Incidents Respecting Their Finding. An Apparent Hoax. Testing The Explosives.

(*Montreal Star.*)

As Detectives Richardson and Murphy were passing by the Court House this afternoon they found, on examining the place where the box had lain, the outer cover of the exploded machine bent and broken, with the brass padlock still attached, and hasp and body of the padlock being bent by the force of the explosion. What makes the thing look boxing is the fact of the explosion, which must have been loud, not having been heard. People are asking themselves if the last box found was not put after being exploded elsewhere, in the place where it was found? And if a simple powder explosive would not have put the box in its present condition? Again, the padlock has a little the appearance of being struck and smashed with a hammer. Considerable fragments of O'Donovan Rossa's paper, the *United Irishman*, of a date posterior to the 25th, ultimo, were found crumpled about the box, some minute pieces being also lying in the box upon the dynamite; and partly caught in it. The edges of these last pieces were brown, as though they had been singed. The young men who brought the machines in to the police were anxious this morning to obtain a reward for their discovery.

Experiments were tried with the explosive by an official of the Hamilton Powder Company, accompanied by the Chief of Police and several others, which proved it to be what is known as No. 2 Dynamite or Giant Powder. It explodes with considerable force, but it has been poorly made and is very old and also damaged by water. The gentleman who experimented gave his opinion that even if it had exploded where it was put it would have been harmless as far as shattering the building is concerned, being little more dangerous than ordinary powder. It contains only about 28or 30 per cent. of nitro-glycerine, the rest being wood pulp, nitrate of soda, saw dust, all of which ingredients are employed in the making of dynamite. It would not explode with rifle powder, but required a fulminating cap. The tube in the second machine is said by the gentleman to have been filled by rifle powder instead of having on a fulminating cap, which was the cause of the main mass of dynamite not exploding.

The Horse Guards Exciting.

The quarrel between the Horse Guards and the military authorities of Downing street seems to be getting deeper. Sir Garnet Wolseley, who is no favourite with any of the present officers in command of the army, has been appointed Adjutant-General, a position which makes him really, though not nominally, the head of the army. He has often publicly declared that the whole military system of Britain requires to be changed. The Duke of Cambridge, who is commander-in-chief, is opposed to sweeping alterations, and the officers associated with him are of the same opinion. Hence the quarrel; and as the radical section of the Liberal party are in favour of Sir Garnet and change a cry has been raised that the Duke should resign. Such a thing should be deplored. In the rank and file of the army no one is held in higher esteem than the Duke of Cambridge. He has done much to add to the comfort and prosperity of the private soldiers, and apart from his high birth and commanding position he has won their hearts from his personal kindness and genuine spirit of comradeship.—*Scottish American.*

No Waste, but Thrift.

Falstaff's pun in the "Merry Wives of Windsor" has been read by all readers of Shakespeare: "Indeed, I am in the waist two yards about; but I am now about no waste, I am about thrift." How greatly people err regarding thrift. Members of the family are sick with coughs, colds, lung diseases, asthma, or it may be consumption, the family doctor is called in, and prescribes, and makes visit after visit without any apparent advantage to the patient. A large bill is presented which is often paid with great reluctance. This might have been avoided by the timely use of N. H. Downs' Vegetable Balsamic Elixir. It is without doubt, the most reliable and safest family medicine ever invented.

Astonishing Success.

It is the duty of every person who has used BOSCHEE'S GERMAN SYRUP to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 100,000 were sold last year, and in no one case where it failed was reported. Such a medicine as the GERMAN SYRUP cannot be too widely known. Ask your Druggist about it. Sample Bottles to try sold at 10 cents. Regular size 75 cents.

True to Her Trust

Too much cannot be said of the ever faithful wife and mother, constantly watching and caring for her dear ones, never neglecting a single duty in their behalf. When they are assailed by disease, and the system should have a thorough cleansing, the stomach and bowels regulated, blood purified, malarial poison exterminated, she must know that Electric Bitters are the only sure remedy. They are the best and purest medicine in the world, and only costs fifty cents. Sold by all druggists.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, Neuralgia, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

A General Stampede.

Never was such a rush made for anydrug store as is now at J. Geo. King's, Market Square, for a trial bottle of Dr. King's New Discovery for Consumption, coughs and colds. All persons afflicted with asthma, bronchitis, hoarseness, severe coughs, or any affection of the throat and lungs, can get a trial bottle of this great remedy free by calling at above drug store.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. For sale by all druggists.

Whooping Cough is successfully treated by separating the patients beyond hearing distance of each other, and by the employment of Fellow's Hypophosphites. Whooping Cough is a nervous disease of so sympathetic a nature, that a paroxysm may be predicted in one susceptible by simply hearing the cough of another person. The above-named treatment has been found singularly effective.

"INDIGESTION."—You have tried everything for it and found no help. We are no doctors, but can offer a prescription that has cured very many, and it might cure you as well, it will cost but a quarter dollar, and can be had at any Druggist's.—Ask for Perry Davis' Pain—Killer.

HUMOR AND PHILOSOPHY.

All About the Butcher. The Pumper Let Loose. Upon Him Generally a Good Man.

The butcher is generally a good man, but sometimes has a bad weigh of showing it.

The butcher is a jolly good fellow; therefore it is meet that he rise up occasionally.

He is a good husband, and his wife cleaves unto him. He takes great care of his cleaver.

The butcher is a great favorite among the fair sex. He is always killing.

The butcher never sells horse meat, although he has been known to cut up and dispose of a fillet.

The butcher will knock down an ox and lambaste a woman or a child; but let us not be too harsh on the poor creature; for a pork butcher he is.

It has been said that what is bred in the bone won't come out of the flesh; but the butcher gets much of his bread in the bone he sells to you, and doesn't this come out of the flesh?

The butcher has been blamed for charging you as much for the bone as for the flesh; but he does not require you to take the bone. He carefully removes all he can before he sends it home.

Though the butcher charges you ten cents a pound for bone, you must remember that he sells the same bone to the scavenger for two cents. So you see his average price is not exorbitant.

Butchers are almost invariably fleshy men. A meat shop is the place to go to if you want to get fat.

The butcher is usually very courteous, but some of his best customers frequently get the cold shoulder from him.

The butcher soon finds out a poor-paying customer and will at once cut him off. If you go to him for a pound of steak the chances are that he will cut you off two.

It is said that the butcher will as soon cut a steak off a cow as a steer. This is a miss-steak.

If you ask for a tender steak, the butcher will sometimes cut a slice from the round and beat it with his cleaver. This makes it tender, but is it a legal tender?

The butcher pays for most of his tools, but he steels all his knives.

The butcher is noted for his elegance of apparel. He dresses to kill, and he kills to dress.

When beef becomes a grain stale the butcher makes corn beef of it.

The butcher is different from the baker. The butcher doesn't mind a little smoke when he does his bacon.—*Boston Transcript.*

A REAL ROMANCE.

The Heiress of Six Millions' Secret Marriage. Being Strong Minded, Will Have Her Way.

A despatch from Old Point Comfort says a romance has just come to light here in regard to the marriage of Miss Fargo, the heiress of $6,000,000 made by her father in Wells & Fargo's express. She became engaged during the past summer to Lieut. H. G. Squires, of the army, stationed at Fort Monroe. Her mother opposed the match, but the young lady having a spirit of her own determined to circumvent parental opposition, so on the 11th of last October she and Lieutenant Squires went for a walk to the Hygeia Hotel at Hampton. On reaching Hampton they went to the house of the Rev. Mr. Gravatt and announced their attention of being married then and there. Mr. Gravatt made no objection to tying the knot, but owing to the serious illness of his wife the party adjourned to the house of a neighbor, Mr. Heffelfinger, where the ceremony was performed. Mr. and Mrs. Squires then returned to Old Point. Nobody suspected they were married, as the clergyman and witnesses had been bound over to secrecy. Toward the last of October Miss Fargo, as she was still called, left with her mother for their home in Buffalo, and a few days afterward Mr. Squires followed her and claimed his wife. Locking the stable door was no use then, so Mr. and Mrs. Squires returned to Fort Monroe, and the marriage was published as having taken place on the 11th of October. So well had they kept their secret that not the least suspicion was awakened in regard to the true state of the case, and the announcement was a thunderclap to their most intimate friends.

Puttner's Emulsion.

The medicinal properties of Cod Liver Oil have long been recognised as superior to any of the agents employed in the cure or arrest in the incipient stages of affections of the throat, lungs, etc. Modern science has taught that this valuable substance may be advantageously combined with phosphorus, iron, lime, soda and other medicinal articles in such a way as to make each and all more thoroughly effective than if employed alone. Dr. Puttner had made the matter of combining these elements a study, and has evolved from his studious experiments the combination which he denominates "Puttner's Emulsion of Cod Liver Oil." In another column will be found his advertisement, accompanied by certificates as to its merits which cannot be doubted. A careful perusal of these is invited. A trial of the Emulsion can be made through J. G. King, Kingston, or other druggists.

The Belle of Upperton.

patronize Sozodont because it perpetuates and increases the most important item in the sum of loveliness, beauty of the teeth. Let the mouth be ever so small, a very cupid's bow, if filled with discolored teeth it is repulsive. Whitened and preserved with this peerless dentrifice, the teeth form a delightful contrast to the roseate hue and lovely curve of a pretty mouth. Sozodont is far preferable to gritty tooth powders.

Keep Your Eyes Open.

And when you perceive any fowls or animals in your barnyard, or in your stable suffering from disease or ill health, mix their feed with HARVELL'S CONDITION POWDERS, and the result will satisfy you. These great specifics are sold everywhere. Remember this!

Thanksgiving Day.

It now seems the general rule to crowd into one day the thankfulness of a whole year. The exception to this rule is in the case of those who have used PUTNAM'S PAINLESS CORN EXTRACTOR, with the invariable results attending its use for a perfect cure. They feel thankful always. Try Putnam's Painless Corn Extractor. Safe, sure, and painless. Sold by druggists everywhere.

BUCKLEY'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions, and positively cures Piles. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. G. King.

There is no doubt that our Canadian climate is conducive to Lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all other Lung and Throat affections they have no equal. In large bottles at 50 cents. For sale by all druggists.

INFLUENZA and CATARRH

Commonly known as Cold in the Head.

THERE is perhaps no disease that is more prevalent—in fact, has become an

EPIDEMIC

And if not cured or arrested will produce diseases of a more serious character. It has been said that

Puttner's Emulsion

Has proved itself a specific and cure, and its results have been most remarkable in arresting and curing these diseases.

BLOOD TONIC.

It is said and acknowledged by the highest medical authorities that IRON is a constant and necessary constituent of the body, and must be regarded as an important food, and as

Puttner's Emulsion!

Contains this essential constituent in connection with other valuable adjuncts makes it more valuable than any other compound of the kind, in cases of Impoverished Blood, Anæmia in weak pale and Delicate Females and Young Children.

— AS A NERVE TONIC! —

There is no substitute for

Puttner's Emulsion!

It is an exceedingly valuable remedy for Nervous Diseases, and especially useful in Neuralgia, Nervous Dyspepsia, Lowness of Spirits, and to Clergymen, Students and Business Men, who are habitually overworked and subject to severe mental strain derive untold benefit from its use.

The Trade Says:

The demand for Puttner's Emulsion is larger and gives better satisfaction than all other preparations put together, and is the best proof of its intrinsic worth.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so effectual or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

BUCKINGHAM'S DYE, For the Whiskers

This elegant preparation may be relied on to change the color of the beard, from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color, which will neither rub nor wash off.
