MAGGIE MITCHELL at the Opera House-Sp.m. MEETING of Frontenac Ward Committee 6 p.m. POLITICAL MESTING at Varney's Grove Inn

The sincerity of the Tories in their affected desire for fair discussion, on the political issues of the day, was richly illusgiven an independent support to a Libetrated in Toronto the other day. Incidents like these are ludicrous illustrations of the desire for manly discussion on the part of the opponents of the Ontario Government. They indicate that pressing that Tory importunities were cowardice which comes of the consciousness of a bad cause. Safe as the Torontos were but a short time since presumed to be for the Tory party there is every probability that one or both seats will be carried by the Liberals at the approaching election. Ontario Premier, or rather his friends his behalf, are making a capital fight for it in the East Division, and the likelihood is that Mr. Morris' majority of 43 over Mr. Leys in the winter will be erased and reversed by Mr. Mowat. Then in West Toronto, which has been represented by Mr. Bell for the past four years, a mammoth requisition, signed by over two thousand electors of the Riding. has been presented to Dr. Ogden, requesting him to stand for election in the Liberal interest. Dr. Ogden has com plied with the requisition and is now pushing the battle to the very gates the enemy. To say that there is much Tory nervousness in Toronto at the prospect is drawing it mildly. It would be nearer the fact to call it consternation. As in Kingston, and many other places many who supported the Tory candidate last September for National Policy pur poses are now opposing the Tory party and giving their enthusiastic support to the Mowat Ministry and the men who are pledged to austain honest Liberal Government in the Ontario Legislature.
