COMMUNICATIONS. A communication was read from Mesars. Strange & Strange, offering to transfer the County insurance policy from the defunct Stadacona Company to the Commercial Union. A letter was read from the Outario

Rifle Association, asking the Council to

donate \$10 towards the establishment of

a new match at the annual competition of the Association in August next. Mr. W. H. Fuller, Clerk of the Crown, submitted a copy of the presentment of the Grand Jury at the last Assizes, in ac cordance with instructions of Mr. Justice Cameron. The report, it will be remem-

bered, recommended the cushioning of the chairs in the Court House, and the heating of the gaol by hot water or The report of Mr. Langmuir, as entered in the county books, respecting his inspection of the gaol, was read. Mr

Langmuir stated that he found the instr tution clean and in good order, and there was a great reduction in the number commitments. He also recommended the changing of the heating apparatus from stoves to hot water or steam. Dr. A. S. Oliver, gaol surgeon, made his report. He said the health of the prisoners was satisfactory, and the building was in a clean and wholesome condition-

Some prisoners were only confined on account of poverty and old age, and these should reside in the poor house. There vas too, in the gaol an idiot boy and girl who are to be removed to the Asylum. The gaol surgeon's report was received and adopted, and the communications were referred to the proper Committees.

WARDEN'S DIARY. The Warden intimated that since last they met the address to the Gov. General had been presented, and His Excellency had made a reply to it. He spoke of the affairs of the Bath Road Company, which owed a balance of over \$2,500, which should be collected at once. Nothing had been done towards the establishment of a law library in the Court House, in fact the Committee had not met about it. He reminded the Council that this year the terms arrived at by arbitration, respecting the expenses falling upon the City and County, expired this year. A supply of coal would have to be secured, and as the fuel was now cheap he thought it the time to make a purchase. Then as to the Registry Of fice, it was still unoccupied by Mr. Rose, who remained in the Court House. The furniture for the office had not been procured, but the Committee on County

Property had power to get it. GRAND JURY ROOM, Mr. J. R. Dawson complained that the Grand Jury had taken possession the Division Court Room, thus driving

out the Equalization Committee. Finally it was arranged that the Committee should meet in Mr. Fuller's office

Mr. Dennison gave notice that i

The Council resumed at 11 o'clock, the week. The whipping post should be in- attendance being as full as on the previous day.

The minutes were read and confirmed. ACCOUNTS. A number of accounts were presented

and referred to the proper Committees. The Clerk read a first time by-law No. 183, to repeal by-law No. 180, passed in

error, confirming by law No. 277 of the Township of Portland. On motion of Mr. Dennison the by law was read a second and third times and confirmed. The by-law was of a double barrelled nature, repealing by-law and confirming another. The error making this necessary was the passage of a County by-law confirming the Township by-law before the proper time -three months after its passage by th Township Council-thus making it illegal and really inoperative.

COUNTY PRINTING. The Committee on County Printing reported as follows : That pursuant the resolution passed by the Council at the January session, the Chairman waited upon the various printing and publishing offices, as well as stationers in the city, inviting tenders for printing and advertising and the stationery required be a good one for the County during the current year Tenders for the printing and advertising were received from the WHIG and News, and for the stationery from Messrs. The contract for stationery was awarded to Mr. McAuley, hi prices on the whole being the lowest.

had desired to look at the road grant resolution, but it could not be found Mr. J. R. Dawson remembered giving notice of a by-law to confirm the road grants at the June session.

Mr. J. R. Dawson would consent to the passage of the motion without the tail. He said Mr. P. Dawson might consider road grants illegal, but he did not think they were.

Counting Chickens too Soon.

The Newburg Reporter narrates a ludicrous episode which occurred at the village of Enterprise last Thursday night. The Tories, who were confident that Mr. Denison was elected by a large majority, gave vent to their pent up feelings by howling and yelling, like Zulus, around a bonfire, while the effigy of Mr. Deroche was being consumed. The enthusiasm of the Tories was soon cooled off, however, when the report was made that Mr. Deroche was the successful candidate. and in less time than it takes us to write it not a Tory was to be seen. They had evidently got in the wrong box. Several individuals took the matter in hand, resolving to finish up what the Tory party had left out, and on Saturday evening substituted Mr. Denison for Mr. Deroche and buried him, with the National Policy for his shroud. On the headboard was a very significant and expres-
