BEQUESTS AND SPECIAL GIFTS.

We have to report this year several

bequests—the first, a very magnificent

one, by the late Robert Sutherland, B. A., Barrister-at-law, Walkerton. Mr. . Sutherland was a graduate of Queen's University, and having no family he I ft all his property to his Alma Mater, in token of the benefits he had received from her. The financial statement shows that we have already received \$8,190 from this source We have also received his very excellent collection of books on Law valued at \$2,000. This collection we propose to make the nucleus of a Law Library in connection with the Univermity, to be called 'The Sutherland Lib. rary.' A second bequest received is one of £200 stg., less legacy duty, from the estate of the late Alexander Rankin of Leamington, Eng., to establish a bursary in the Divinity Hall. This has just come, and it comes in good time to take the place of a scholarship of £10 stg., a year formerly granted by the students of St. Andrew's University, Scotland, but now withdrawn. The Board has received intelligence at its annual meeting today that by the death of Mrs. Spence, widow of the late Alexander Spence, D. D., Ottawa, bequests made by Dr. Spence to the College will become available. These are one of \$3,800 for the use of the University, and one of \$1,000 to found a scholarship in Theology.

NEW BUILDING AND ENDOWMENT

\$50,000 for the Arts Faculty, and \$50,-

000 for the Theological Faculty of the

University, and that a vigorous commencement had been made in the proused work, especially in the City of Kingeton. We have now to report that not withstanding the general depression in business, the work has been prosecited with a large measure of success. For the people of Kingston have showed extraordinary liberality. When tenders were received, it was found that the building would cost \$5,000 mor. To meet this required amount of \$55,000, the citizens of Kingston have subscribed \$43,000, and we are assured that we may depend on the \$13,000 still needed being also subscribed by them. The building will thus be a noble memorial of their enlightened liberality. People of every Denomination in the city united in the undertaking. At the meeting which was held to advocate it. the Mayor took the Chair, and on the platform Roman Catholics, Presbyterians, Episcopalians, Baptists, Methodists and Congregationalists sat side by side, though all knew that the Institu tion belonged to the Presbyterian Church; and all joined in praise of the Catholic spirit invariably displayed, and of the work done by the University, and showed that they meant extension. With reference to the remaining objects, the greater part of the amount asked has been subscribed, but as the subscriptions extend over four years, there may be a loss of from five to ten per cent. on these. Besides \$60,000 will not be sufficient for the Theological Faculty. \$40,000 are needed to meet the withdrawal of the grant hitherto male by the Colonial Committee of the Church of Scotland; and \$20,000 is an insufficient sum to endow the third Professorship in Theology, so long and so urgently needed. Then there is the constantly recurring deficit caused by the inadequate annual contribution from the We have spoken of a site tor the new

Church's 'College Fund.' Building. Our old Campus contained six and a quarter acres, but as there was a common alongside, belonging to the Government, we applied for a portion of it, in order to obtain a more favorable -ite and space for future extension; should that be needed. A block of three and a quarter acres was put up at public auction, and none of the citizens bidding against the College, it was obtained for the sum of \$1,360.
