journey one fell sick by the wayside and was taken in by a kind-hearted farmer. The other pushed ahead and finally reached the end of his journey. He failed to procure employment, on the ground that he neither understood mining nor the English language. After receiving numerous rebuffs he started to return to the lower country again. At a point between Loganville and Downieville. and ten miles from the latter place, he became so weary, footsore and disheart ened that he began to wish himself back in sunny Italy once more, among the the vines and olives. He grew feverish thinking over his trials and tribulations. and stopped at a spring to lave his head and moisten his throat. Cattle had been that way a short time before, and with their feet stirred up the limped became Italian out the basin in one side of the shallow spring and waited until the debris should settle to the bottom that he might slake his thirst and bathe his brow. By and bye the water became clear as crystal, and he stooped over to quaff of it. As he did so an astonishing sight burst on his vision. The bottom of the spring was strewn with bright yellow particles that glittered in their watery bed. With all his ignorance of minting he knew he had found gold. He scraped up a handful of dirt and took from ft \$4 to \$5 worth of coarse and fine pieces of gold. With them he rushed excitedly to a camp where lived some of his countrymen, and offered to give them an interest in his and. He told the story of his discovery, but they were credulous, saying that some miner had stopped at the spring to drink A case which illustrates the disregard and lost what was found from his purse. for human life and lawlessness which pre- One of them, however, who was more stranger and volunteered to help to pro-
