WEDNESDAY EVENING, AUGUST 6.

REMINISCENCES.

THE TRIP TO THE CAMP GROUND. PUBLIC SCHOOL BOARD—Regular meeting at 8 P.M.

Hon. Mr. Joly met with a trifling reverse in a matter personal to himself and the leader of the Opposition. As it involves no question of policy; as it will be to result in Ministerial resignation, it is doubtful if a Tory Ministry could begin to secure re-election at the polls.

The dreadful conflagration in Hamilton, sweeping away as it has done some of the finest buildings in the city, may have a somewhat dampening effect upon the forthcoming reception of the Governor General and the Princess Louise in the ambitious city.

HONOR TO L'ETHELIER.

In a recent article on the vindicated victims of Tory tyranny we referred to the now historical fact that Hon. Messrs. Anglin and Joly had each in turn been made the target of partisan malice, and that each had been honored by the people by promulgation in public office of the heads of those who had sought to compass their downfall.

Police Court.

WEDNESDAY.—There was a full docket, and the eight-o'clock were numerous. The first business was the arraignment of six boys, who were caught at 8.30 p.m., on Sunday, bathing. They were jumping off Jones' dock, and were making considerable disturbance by swearing and cursing.

FAMILIAR IN THREE MONTHS.

It is well known that the great genius has written about everything, and touched a subject simply to do it. It would almost seem when he wrote the above words he had in his mind one Scott's Balm's Pain-Expeller. It is well known that the great genius has written about everything, and touched a subject simply to do it.
