CIVIC HOLIDAY,

EVENTS OF TESTERDAY -NO ATTRAC TIONS IN THE CITY-THE EXCURSIONS ALL WELL PATRONIZED-JOTTINGS BY

Yesterday was like the average civic holidays, a day of rest and at the same time of uurest, of comparitive duliness and of considerable activity. The excursions were the great attractions and all turned out successful. The only amuse ment about Kingston was the fishing and private pic-nic parties which were plea-

Yesterday was the one hundred and nineteenth anniversary of the reopening of the gates of Derry, after a siege covering a period of 105 days, and the event was celebrated by a demonstration of con siderable magnitude in Belleville, whither the Kingston 'Prentice Boys went yesterday, accompanied by over three hundred friends. The start on the "Maud" was somewhat delayed in consequence of the -Mr. C. L. Milloy has had a five fog which was so dense that after the steamer had got somewhat under way her -The R. The trip, barring this discouraging start was pleasant, and it was accomplished almost within the given time, as the steamer entered the mouth of the Moire and deposited her precious cargo at the maiden city about 2 o'clock. The casion had a holiday appearance about here, although invested with no such civic significance. The streets were fearfully crowded, as much so as the steemer, the ascape from which, in the melting temperature, was calculated to give relief. while the situation suggested the predica ment one is said to experience by the Cape Vincent and Sackets Harbor, there literal, not actual, jumping from the fry have passed 60 tons of fresh fish taken in | ing pan into the fire. The musicians Frontenac shows up well abroad in these of the Argyle Light Infantry were always pretty good players, but they seem t have gained in numbers and wind. Away in the distance came the delicious compound of agony which the fifes and drums span of horses and set of harness on his only can supply. As we came nearer we observed that the procession was being formed, to move as soon as joined by the Kingston contingent, whose uniform dress, handsome regalia, and orderly, respect able bearing capped the climax in so far as the 'Orange' order was concerned. The line was a long one, and was taken part tu by delegates from Trenton, l'icton, Mill Point and Napanee, who made Belleville by steamer. The 16th Batt. band accompanied the Picton mer. Its music was good of the kind. The Orange Young Britons were numerous, and they looked well. Attention, however, cen tred upon the 'Prentice Boye, those o Belleville, with alight exceptions, being a counterpart of the Kingston Association.
