Quebec, Aug. 13 .- The transfer to the Government of the Grand Trunk Railway between Point Levi and Riviere du Loup has been completed, and the Government were to commence running the trains over the road this morning, but, so far, no train has been announced to leave Point Levi, and matters look rather threatening at present. It appears that the Government has not engaged any of the old train hands employed on the road by the Grand Trunk Railway Company, and these men, some refused to allow any trains to run until they are reinstated. The men claim that when the arrangement was made with the Government, Mr. Hickson stipulated that all the employees on the road should be retained, but the Government evidently had no such understanding, and the men have been brought orders of the Liver, Stemach, Kidneys and from the Lower Provinces to work the Bowels, and are invaluable in all Comroad throughout. Hon. Mr. Mackenzie Bowell and his family were on the train, treme action, as they would thereby force the Government to put forth the whole power of the country to enforce their BEWARE of AMERICAN COUNauthority; but his remarks seemed to have no effect on the men. The Grand the working classes of this city and Levis, and the ordinary police force will be quite unable to overawe the strikers.

Who has not heard of the Thousand Islands which stud the river near its egress from Ontario? For over 2,000 miles does it roll to its ocean bed, carrying along the waters of many lakes And then the winter sports upon its frozen bosom! It is little wonder that we Canadians are proud of our great river! But there are drawbacks even here. There is carelessness about hygienic laws and the system becomes diseased and needs to be relieved by the use of Dr. Hebrick's Sugar Coated Pills. Never travel without a box of them.

certable compound composed of the juices of a variety of remarkable medicinae plants and herbs; the various properties of these different ingredients, when combined or so constituted as to act simultaneously upon the blood, Langs, Liver, Kidneys, digestive Organs, Nervous System, &c., restoring their functions to healthy action, and being purely vegetable, as as harmless as natures own beverage. This medicine is a decided benefit in all, and a permanent cure in a large majority of diseases of the blood, such as Scrotula, Erystpelas, Salt Rheum, Canker Pimples, &c. In prescribing this medicine we do not claim that it always performs cures; but this we do say, that it purifies and enriches the blood, permanently curing a large majority of diseases arising from its impurities. It stands far ahead and unequalled among the hundreds of competing medicines of the day. It has stood the test of ten years, and is to day more popular than over. As a summer cestorative it stands unrivalled; it enables the system to bear pp against the constant the city winds.
