always expects to pay for its whistle. Matrimonial alliances are all the rage just among the sons and daughters of Dominion ministers. On Thursday the daughter of Sir Leonard Tilley was mar ried to a Mr. John D. Chipman, of St Stephen, and on Tuesday next a son o Sir Charles Tupper, Minister of Public Works, and a daughter of Hon. James Macdonald, Minister of Justice, are to link fortunes. Thus three, at least, ministerial families are enjoying the pleasurable flutter incident to the con summation of counubial engagements It is evidently the intention that the race of "statesmen," with whose beneficient rule the country is at present blessed, shall not die out. We wish the young people al possible happiness

It will be a grateful feature of Gen. Grant's reception in San Francisco that just before his arrival there the Republi can party has made a pretty clean sweep bec. of the State of California. He will be ours to take it as a happy augury of his party's success in the next Presidential contest, and who knows but his present simulated reluctance to become a candi date in that contest may melt away in the Republican jubilations by which his cials, relative to the Model School grant coming reception will, doubtless, be of the county, I beg leave to state that marked on the Pacific alope. It takes more than one State, however, to elect a President, and both Grant and his party interests and welfare of both corpora may yet be foiled in their endeavour to renew the Republican lease of the White House for another four years' term.

The recent disastrous fire in Hamilton is likely to prove a very great misfortune and must be between the city and to that city. The destruction of such a county. The firm was always esteemed to be one of the strongest in Western sult and the object of my endeavors since Ontario, but the late disaster has proved too much for it, and retirement from business is the the course resolved upon The gap thus created will not soon or eastly be refilled, and the ambitious city cannot but feel the blow since hundreds of men hitherto employed by the Messre McInnie will have to go in quest of work clee where.

The Queen city is now in her best dress and highest spirits. The double excitement of a Royal visit and a Grand Industrial Exhibition is now at its height. To very many this state of affairs will of Ireland, and at once the great public prove a harvest of pleasure and profit. Toronto is naturally, almost proverbially. fond of a flood-tide of visitors, in fact ty and the necessary shilling Business of any local sensation which will bring grist to its own mill, a very legitimate feeling, especially when as in the present instance it is accompanied with a pardonable pride in showing off the city to outsiders and the indulgence in that genuine loyalty which will find its due expression in the reception of His Excel when along came an old woman whose lency and his Royal wife. Our turn for this pleasure having came and gone we can afford to congratulate those wh are enjoying the pleasurable excitement of a Vice-Regal visit.

After so lavish an expenditure of Bri tish blood and treasure the South Afri can war would prove a miserable basco if the object of it should not be thoroughly accomplished.
