

Loss of a Steamer.

A Baltimore paper contains the following: "The British steamer 'Lavaine,' Captain McCauley, which cleared hence August 16 for Tyne Docks, England, with 64,979 bush of wheat and 120 head of live beef cattle, had not at the close of business on Saturday been heard of or arriving at its destination. The steamer left here August 17, and went to sea previous to the arrival alone of the 18th. The fact that the 'Lavaine' has been out twenty-six days and is long over time caused apprehension. The cargo was valued at \$100,000, and the grain was insured in a New York office. It is stated that the Underwriters' Board of Surveyors here objected to the manner in which the grain was loaded. The steamer was deep in the water. The 'Lavaine' was nearly new steamer, built for coal burning and large freight carrying. If she has not been disabled the steamer may have put into Bermuda, with which there is no cable communication. Dead bodies of cattle were seen in the Gulf Stream after the cyclone."

A SHERIFF BOY.—The old story of the mother telling her boy that "he should never put off until to-morrow what he could do to-day," and his reply that he could eat more eggs to-morrow, illustrates the way of the world in more respects than one. No one seems to understand that these diseases should be treated on their first appearance. They drag along day after day, postponing the dangerous doses of medicine until they become really sick and in danger. One half the deaths may be attributed to this neglect. As soon as the head begins to ache, a cold to travel up the back bone a pain to torture the stomach, and a general feverishness to take hold of the system, is the time to use Dr. HICKMAN'S CHOLIC COATED PILLS. They will remove the causes of the trouble, and severe sickness may be avoided. "Never put off until to-morrow what you should have done to-day," is true of sickness as of anything in life. A stitch in time means the same thing. How many tamper with their lives by procrastination.

STOP THAT COUGH.—If you are suffering with a Cough, Cold, Asthma, Bronchitis, &c., from Consumption, loss of voice, tickling in the throat, or an affection of the Throat or Lungs, see Dr. KING's New Discovery for Consumption. This is the great remedy that is causing so much excitement by its wonderful cures, curing thousands of hopeless cases. Over one million bottles of Dr. KING's New Discovery have been used within the last year, and have given perfect satisfaction in every instance. We can unhesitatingly say that this is really the only sure cure for throat and lung affections, and every physician recommends it to all. Can't get a trial bottle free of cost or a regular size for \$1.00. J. G. KING, Successor to E. H. Parker, Market Square, Kingston.

WORTH ITS WEIGHT IN GOLD.—When we hear anybody say that such and such a thing is worth its weight in gold we think they are indulging in hyperbole. The only exception to this in the present case is Consumption. Consumption takes the weight of all the gold in the world, and the Hypothecary physicians and Soda say they would not be without it for any consideration, and no wonder for in all cases of General Debility or chronic Cough, in fact, any pulmonary complaint and consumption it is worth its weight in gold.

A SUSPICIOUS DISCOVERY.—Moriburg, Ont.—The body of a young man named Fitzgerald, who had disappeared N. Y., who mysteriously disappeared last Friday morning, was found to-day floating in the canal. He was last seen in Montreal a few young men of that village, among whom his watch, money, coat and hat were afterwards found. As the body bears evidence of rough usage strong suspicion of foul play are entertained.

I have been a sufferer from Indigestion and violent Sciatic Headache, and upwards of four years, and have consulted many of the Faculty, but have derived no material benefit from any source, until I tried very Dr. DAVIS' Pain-Killer, which, I am happy to state, has done me more good than all I ever tried before.

Napane Out., 27th Nov., 1877. Meers, Wheeler & Johnson, 482 St. Paul St., Montreal, P. Q.—Gentlemen, I have sold Baxter's Mandrake Buttons for the last eight months and all who have used them speak highly in their praise. And besides I have used them myself and consider them the best liver remedy now known. M. R. MALLORY, Chemist and Druggist, Napane, Ont.

Any one desiring an elegant and de-lightful hair dressing should purchase once a bottle of "Bearine," price 50 cents.

See what the Clergy Say.

Rev. R. H. Craig, Princeton, N.J., says

last summer when I was in Canada, I caught a bad cold in my throat. It became so bad that often in the middle of my sermons my throat and tongue would become so sore that I could scarcely speak. My cold was accompanied with a sharp, burning, crust, and my throat was much inflamed. An old lady of my congregation advised me to use the Shampooing Remedy, which she was using. The first dose removed the crust, and a few days my throat was nearly well. I discontinued the use of it, but my throat was becoming rather bad again, and worse again. I presented the Remedy, and I am sorry to say that my throat is entirely well, and the white crust has entirely disappeared. I wish that every minister who suffers from sore throat would try the Great Remedy.

Rev. George W. Great, Stirling, Ont.—I was severely afflicted with kidney disease, and had to give up the practice of law. The first doctor recommended a few days my throat was nearly well. I discontinued the use of it, but my throat was becoming rather bad again, and worse again. I presented the Remedy, and I am sorry to say that my throat is entirely well, and the white crust has entirely disappeared. I wish that every minister who suffers from sore throat would try the Great Remedy.

Mr. T. C. Brown, Brooklyn, Ont., says:

My wife was very low with lung disease, and given up by her physician. I bought a bottle of the Shampooing Remedy, at the drug store, and she has since taken four bottles of the Remedy, and now enjoys the best of health.

Mr. J. C. McCall, Louisville, Ky., says:

He has been a sufferer from Indigestion and violent Sciatic Headache, and upwards of four years, and has consulted many of the Faculty, but have derived no material benefit from any source, until I tried very Dr. DAVIS' Pain-Killer, which, I am happy to state, has done me more good than all I ever tried before.
