HOLMAN LIVER PAD Endorsement Extraordinary

HOLMAN LIVER PAD CO. GENTLEMEN,—I have much pleasure in testifying to the extreme efficacy of your remedy for dyspepsia. My mother, Mrs. W. A. Murray, No. 146 Wellington street, had been a martyr to the sufferings induced by this malady for upwards of six years, obtaining but short temporary relief from the usual remedies so often had recourse to in these cases. After considerable persuasion she consented to wear one of your Liver Pade, and, notwithstanding her want of faith in it, she axpersenced considerable relief in the course of a few weeks. superionced considerable relief in the course of a few weeks. Since then she has used a second one, and now CLAIMS for your Pads the ENTIRE CREDIT of naving brought about a CURE boyond expectation, for which not only does she feel drapply indebted to you, but I myself must congratulate and thank you for a cure I could but at the most have hoped for Yours most respectfully, C. STUART MURRAY, M.D., L.R.C.P., &c.

JE U M I CATARRH

Catarrh of the Nesal Cavities, Acute, Chronic, and Ulcerative, Hay Fever, or Rose Catarrh, Catarrh of the Eye and Ear, and Catarrh of the Throat. ~ SUCCESSFULLY TREATED WITH

CATARRH is a disease of the macous membrane. Temperaments and constitutions vary its severity in individual cases. Catarrh may arise from a cold or a succession of colds, from sudden change of atmosphere, wearing wat clothing, or exposure to inclement weather, and becoming thoroughly chilled when the digestive organs are in a morbid or inactive condition, and the strength and vital forges exhausted. The disease may arise from a scrofulous condition of the blood, from Scarlet Yever, Measles, and Diphtheria, in which cases the eye and ear are generally involved and discharge quantities of matter. The discharges from the foce, the distinctive feature in all catarrhal cases from whatever cause they arise, may be thin and watery, and so acid as to cause redness and excoriation of the skin with which they come in contact, or thick and yellowish, emitting a foul odor, or clear and white like the white of an egg. There may be in entire lack of secretion, the surfaces being dry and feverish, the face, front and upper part of the head feeling uncomfortable, and as if it was eneircled by a tight, unyielding band. This latter phase is called Dry Catarrh. The free mattery discharges cause the passages to swell and become thickened, rendering breathing through the nose difficult or impossible, and the sufferer finds it necessary to breathe through the mouth, thereby permitting cold air to pass directly to the bronchial tubes and lungs. The matter passing down the thorat creates a constant desire to hawk and expectorate to throw it off; but when the membrane is dry and feverish, instead of passing freely down from the nose and throat, the mucus becomes hard and forms into scabs, incrustations, and hard lumps, which adhere so firmly to the nasal passages and throat as to require very persistent efforts to dislodge them. The eye in sympathy becomes inflamed, red, weak, and watery, or in the morning the lids may be found glued together, and matter is secreted in more or less quantity. The ear also becomes seriously affected, dis

peuralgic pains, ending frequently in inflamma-tion, ulceration, and finally deafness. The throat, bronchial tubes, and lunga are it many cases affected by catarrh, and when prostration of the net-yous system is superadded, such affections become

alarming.

A brief survey of this most serious disease warms all who are afflicted with it to make speedy preparation for its treatment before it becomes thronic. The advantages offered by Saxyond's Radical Cura we confidently believe are to be found in no other remedy. Every step in its preparation, every line in the directions, mark it as ascientific remedy, calculated to meet every phase of the disease. The numerous testimonials from the best people in the United States attest the esteem in which it is held by those who have been freed from the most destructive and dangerous disease with which mankind is to-day afflicted. JUST PUBLISHED.

A carefully revised Treatise on Catarrh, with an accurate description of symptoms and sympathetic diseases, together with minute directions for effecting with Sanyond's Radioal Curs a speedy and permanent cure. Also observations on diet and the general health, of vast importance to all afflicted with catarrh. It is wrapped about each bottle of the Radioal Curs, or will be mailed free on receipt of stamp.

Each package of Sanford's Radical Curs contains Dr. Sanford's Improved Inhaling Tube, with full directions for use in all cases. Price, \$1. Sold by all wholesale and retail druggists throughout the United States and Canada. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

Cures Pains and Aches. It equalizes the Circulation.
