

To Whom it May Concern

VEGETINE

AN EXCELLENT MEDICINE!

Springfield, U. S. A.
This is to certify that I have used Vegetine
manufactured by H. E. Stevens, Boston, Mass.,
for Rheumatism and General Prostration
of the nervous system, with good success. I recom-
mend Vegetine as an excellent medicine
for such complaints.

Yours very truly,

C. W. V. MDEGRIFT.

SAFE AND SURE.

Mr. H. E. Stevens:

In 1873 my Vegetine was recommended to me; and yielding to the persuasion of a friend, I consented to try it. At the time I was suffering from great debility and nervous prostration, superinduced by overwork and irregular habits. Its wonderful strengthening and curative properties were evident in a remarkably short time. The first dose and under its persistent use I rapidly recovered, gaining more than usual health as good feeding. Since then I have used Vegetine every day, and have had no morbid endorsement—being a safe, sure and powerful agent in promoting health and restoring the wasted system to normal condition. It is the only medicine I use, and as long as I live I never expect to find a better. Yours truly,

W. H. CLARK,

130 Montgomery St., Allegheny, Penn.

VEGETINE.

The following letter from Rev. G. W. Mansfield, formerly Pastor of the Methodist Episcopal Church, Hyde Park, and at present settled in Lowell, will interest every one who has been using Vegetine for the curative qualities of Vegetine as a thorough cleanser and purifier of the body.

Hyde Park, Mass., Feb. 15, 1876.

Dear Sir—About ten years ago my health failed through the debilitating effects of dyspepsia; nearly a year passed before I could get well again. I then took a course of Vegetine, which was of great service, and I am now in full health again.

During the past seven years I have not been able to get along without Vegetine, also I have used it for about seven years, till May, 1874, when a friend recommended me to go to your office, and talk with you about the virtue of Vegetine. I did so, and by your kind permission I obtained a prescription containing the ingredients, &c., by which your remedy produced.

By what I said and heard I gained some confidence in the efficacy of Vegetine.

I commenced taking it soon after, but felt worse from its effects; still I persevered, and soon felt it was benefitting me in other respects. Yet did I not know the secret until I became faithful for a little more than a year, when the difficulty in the back was cured; and for nine months I have enjoyed the best of health.

I have at the time gained twenty-five pounds of flesh, being heavier than ever before in my life, and I am now more able to perform other than new.

During the past few weeks I had a scrofulous swelling in the left ear, as if it were cancerous, but I have now got rid of it, in another part of my body.

Took Vegetine faithfully, and it removed all the symptoms of the disease, and I am now in full health again.

With great obligations I am yours very truly, G. W. MANSFIELD, Pastor of the Methodist Episcopal Church.

As for newspaper criticism, the subject has merit all that has been said about it, and all that is yet to come. The public will not soon forget the double somersaults of our dignified contemporary.
