SANFORD'S RADICAL CURE

MAY safely claim to be one of the few popular remedies receiving the approval of medical gentlemen, who, in private, not only freely recommend it but use it in their families in preference to say of the preparations usually prescribed by physicians.

physicians.

"You are aware," said a distinguished city physician, "that my obligations to the Mass. Medical Society are such that I cannot publicly recommend or prescribe the Radical Cure; but since I received so much relief from the use of it myself, after a thorough trial of the usual remedies. I have privately advised its use, and presume I have sent to your store no less than one hundred of my patients for it."

UNIVERSAL SATISFACTION.

eandidly that we never sold a similar preparation that gave such universal satisfaction. We have

to learn the first complaint yet.

We are not in the habit of recommending pasent medicines, but your preparation meets the wants of thousands, and we think those afflicted should be convinced of its great merit so that their suffering will be relieved. We have been in the drug business for the past twelve years constantly,

and sold everything for Catarrh, but yours leads all the rest. If you see proper you can use this letter or any part of it that you wish.

An Electre-Galvanic Battery combined with a highly Medicated Strongthoning Pinster, forming the best Plaster for pains and aches in the World of Medi-OFFICE - Clarence Street, opposite the Post Office, Kingsten. Oct 16 1877 ELECTRICITY FRANK RIGNEY'S

Manager

As a grand curative and restorative agent is not equalled by any element or medicine in the history of the healing art. Unless the vital spark has fied the body, restoration by means of electricity is possible. It is the last resort of all physicians and surgeons, and has rescued thousands, apparently dead, from an untimely grave, when no other human agency could have succeeded. This is the leading curative element in this Plaster. MOVEMENT.

> BALSAM AND PINE. The healing properties of our own fragrant bal-sam and pine and the gums of the East are too well known to require description. Their grateful, healing, soothing, and strengthening properties are known to thousands. When combined in accord-ance with late and important discoveries in phar-macy, their healing and strengthening properties are increased tenfold. In this respect our Plaster is the best in use without the aid of electricity.

> > TWO IN ONE. Thus combined we have two grand medical agents in one, each of which performs its function and unitedly produce more cures than any linilotion, wash, or plaster ever before com-ed in the history of medicine. Try one. PRIOR, 25 CENTS.

MEMORY'S WALL. Among the beautiful pictures That hang on Memory's wall Is one of a dim old forest That seemeth beat of all Not for its garland oaks olden. Dark with the mistletoe. Nor for the milk white lilies

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of tasts, of sight, of hearing, the human voice, the mind, one or more and sometimes all yield to its destructive influence. The poison it distributes throughout the system stacks every vital force, and breaks up the most robust of constitutions. Ignored because but little understood by most physicians, impotently assailed by quacks and chariatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Curr has won my hearty approval. I believe it likely to succeed when all the usual remedies fall, because it strikes at the root of the disease, viz., the acidified blood, while it heals the ulcerated membrane by direct application to the masal passages. Its action is based on certain fixed rules, and unless the vital forces are too far exhausted, must, in the great majority of cases, effect a cure. Nor the pink nor the pale sweet cowelips, It seemesh to be the best. I had once a little brother With eyes that are dark and deep, On the lap of the olden forest He lieth in peace asleep.
