SWORN EVIDENCE.

The following Cure is probably the most remarkable over effected by any medical preparation for the treatment of Catarrh:

tarch for ten years, and for the last six years have been a terrible sufferer. I was rendered partially deaf, had bearing in the head, pains across the temple, dirry spills, weak and painful eyes, swollen and electated tossils, hard and constant cough, severe pain across the chest, and every indication of consumption. My head ached all the time. The matter accumulated so rapidly in my head and throat that I could not keep them free. Frequently at night I would not keep them free. Frequently at night I would not keep them free. Frequently at night I would not keep them free. Frequently at night I would not keep them free. Frequently at night I would not keep them free. Frequently at night I would not also in my power to disloge the nucus from my throat and head before being able to sleep again. For a period of six years my tonsils were ulcerated and so much inflamed that I could with difficulty swallow. I finally consulted an eminent surgeon in regard to an operation on them, but at his request postponed it. The constant inflammation and ulceration in my throat caused by the poisonous matter dropping down from my head had so fritated and inflamed my lungs that I coughed incessantly,—a deep, hard cough. Meanwhile my system began to show the effects of this disease, so that I lost firsh, grew pale, and showed every symptom of an early death by consumption. When matters had reached this stage, or about six months ago, I began the use of Sanroan's kantox Cura pon Catarra. After using the first bottle I began to improve rapidly. The first dose seemed to clear my head as I had not known it to be for years. It seemed gradually to arrest the discharges. If stopped my cough in three days. By using it as a stopped my cough in three days. By using it as a gargiel soon reduced the inflammation and swelling of my tousils, so that they soon reased to trouble me. The soreness across my chest disappeared, the buzzing noises in my head ceased, my senses of seeing and of hearing were completely restored, and every symptom of disease that had reduced me to the verge of the grave disappeared by the use of Sanford's Radioal Curs for Catarin.

I have been thus explicit because, as a druggist, I have seen a great deal of suffering from Catarin, and hope to convince many that this is a great and hope to convince many that this is a great I am familiar with the treatment of Catarrh as ractised by the best physicians, and have const

practised by the best physicians, and have consulted the most eminent about my case. I have used every kind of remedy and apparatus that have appeared during a period of six years past, and have, while following their use, taken great care of my general health, but obtained no relief or encouragement from any of them.

One of Mrs Browning's latest peems, entiti d "We're Tired, my Heart and I." and it i really a beautiful thing. It reads

Mine eyes are weary of surveying The fairest things, two soon decaying ; Mine ears are weary of receiving Weary my hope, of ebb and flow; Weary my pulse, of tunes of woe ; My trusting heart is weariest!
I would—I would I were at rest!

For me can earth refuse to fade ? For me can words be taithfur made Will my ambittared hope be sweet My pulse forgo the human boat ? No! Da kness must consume mine eye-Silence, mine ear-hope cease-pulse die And o'er mine heart a stone be press d. Or vain this World I were at rest!

There is a land of rest deferr'd; Nor eye hath seen, nor ear hath heard. Nor hope hath trod the precinct o'er. For hope beheld is hope no more ! There human pulse forgets its tone-There hearts may know as they are known Oh, for dove's wings, thou dwelling blest, To fly to thee, and be at rest!

HOUSE OF COMMONS.

Ottawa, Feb. 27. In the House of Co.nm.sus last night Mr. Kirkpatrick Oil, I am nearly out, nothing equals it. It is moved for reports of engineers, mamorials, &c., relating to the survey and location of the line of the Pacitic Railway between the Red River and Battleford. He urges that the route should be changed from its present location to the south

Mr. Ryan advocated the southern route saying that the farmers of West Marquette last year raised 250,000 bushels of grain and were unable to raise \$50 in cash for want of a market. He read from evidence given before the Senate Committee to prove the unfitness of the northern route for railway purposes.

Mr. Mackenzie said that questions lof teba than there was to the north

interests of the country would be better use as to sell more readily and command high-

refer to see the southern route taken, but he felt that the rouse chosen was the was satisfied that an excellent route lay

Sold by a'l the rumer that the mosque of St. Sophia is to be restored to the Greek Church are significant as indicating the spirit of the Russian exactions, and the spirit in which the Turks are meeting them. This church of St. Sophia, built by Justinlan in 532, on the ruins of one founded Constantine the Great, was to the old

Greek or Eastern Church what St. Peter's CITY that the wealth, culture, art, and skill of the East could do for St. Sophia was done, and it is said the temples of Greece and Egypt gave up their most beautiful columns and ornaments to enrich this moalmost a thousand years it stood the object of the people's devotion and the rival of the great Roman Cathodrals. Then it fell into the hands of the Mo hammedans, and was made a mosque. In securing the freedom of the Christians of European Turkey, the Czar may consistently demand the restoration of their great central church, and in making this demand he calls out anew the affection of the members of the Greek Church, and makes himself stronger as the avowed

champion of the church. The Mohammedans can yield the easier, as St. So phia does not stand first in their affecions. The Mosque of Ackmet is the one to which Mohammedan loyalty turns, and t has been for centuries the sacred treasure house of the capital. If St. Sophia is again made a Christian church, the

ELECTRICITY! THOMAS' EXCELSION ELECTRIC OIL!-WORTH TEN TIMES ITS WRIGHT IN GOLD -Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cur, ed bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back of eight years standing. The following are extracts from a few of the many letters that have been received from differ ent parts of Canada, which, we think should be sufficient to satisfy the most sceptical: J Collard, of Sparta, Ont., writes. "Send me six dozen Dr. Thomas' Beleetric Oil, have sold all I had from you and want more now; its cures are truly wonderful. Wm. McGuire, of Frank-lin, writes, "I have sold all the agent left, it acts like a charm-it was slow at first, but takes splendidly now." H. Cole, of Iona writes. "Please forward 6 dozen Thomas Eclectric highly recommonded by those who have used J Bedford, Thamesville, writes, "Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything self. so well and give such general satisfaction' a. Thompson, Woodford, writes, "Send me some more Eclectric Oil. I have sold entirely out-Nothing takes like it." Miller & Reid, Ulver ton, P.Q., writes, "The Eelectric Oil is getting a great reputation here and is daily called for Send us a further supply without delay " BRWARE OF IMITATIONS -Ask for Dr. The mas Eclectric Oil.
