SWORN EVIDENCE.

The following Cure is probably the most remarkable ever effected by any medieal preparation for the treatment of

Gentlemen,- I hereby certify that I have had Co-

Gentlemen,—I hereby certify that I have had Catarrh for ten years, and for the last six years have been a terrible sufferer. I was rendered partially deaf, had buzzing in the head, pains across the temple, dizzy spells, weak and painful eyes, swellen and ulcerated tomets, hard and constant cough, severe pain across the chest, and every indication of consumption. My head ached all the time. The matter accumulated so rapidly in my head and throat that I could not keep them free. Frequently at night I would spring out of bed, it seemed to me, at the point of suffocation. I would then have recourse to every means in my power to dislodge recourse to every means in my power to dislodge the mucus from my throat and head before being able to sleep sgain. For a period of six years my tonsils were nicerated and so much inflamed that I could with difficulty swallow. I finally consulted an could with difficulty swallow. I finally consulted an eminent surgeon in regard to an operation on them, but at his request postponed it. The constant inflammation and ulceration in my throat caused by the poisonous matter dropping down from my head had so irritated and inflamed my long at hat I coughed incessantly,—a deep, hard cough. Meanwhile my system began to show the effects of this disease, so that I lost fiesh, grew pale, and showed every symptom of an early death by consumption. When matters had reached this stage, or about six mooths ago, I began the use of Sanrour's Rapical Curs por Catarrie. After using the first bottle I began to improve rapidly. The first dose seemed to clear my head as I had not known it to be for years. It seemed gradually to arrest the discharges. It stopped my cough in three days. By using it as a gargle! soon reduced the inflammation and swelling of my tousis, so that they soon ceased to trouble me. The soreness across my chest disappeared, the buzzing noises in my head ceased, my senses of seeing and of hearing were completely restored, and every symptom of disease that had reduced mo to the verge of the grave disappeared by the use of Sarrour's Rapical Curs for Catarrie. I have been thus explicit because, as a druggist, they seen a great deal of suffering from Catarrie, and hope to convince many that this is a great and hope to convince many that this is a great remedy.

I am familiar with the treatment of Catarrh as practised by the best physicians, and have consulted the most eminent about my case. I have used every kind of remedy and apparatus that have appeared during a period of six years past, and have, while following their use, taken great care of my general health, but obtained no relief or encouragement from any of them.

CHRONIC PLEURISY CURED. Messrs. Weeks & Potter: Gentlemen. - Having for many months past suffered with a very lame side, called by my physician Chronic Pleurisy, caused by a former injury and strain, and for which I used many prescriptions and liniments, as well as the so-called rheumatic cures, without the least benefit, my physician recommended one of your Collins' Voltaie Plasters, which, to my great surprise, relieved the pain and soreness almost immediately, and I have been able to attend to my household affairs ever since with perfect case and comfort, whereas, before the application of your invaluable Plaster, I was scarcely able to do anything. I consider them inestimable, and shall with pleasure recommend them to the afficied. Yours respectfully. Mass. FRANCES HARRIMAN. Obland, Me., April 21, 1876.
