The Daily British Whig. WEDNESDAY EVENING, APRIL 3, 1878. CITY AND VICINITY.

—Let's make a 'corner' in candidates for the next election. —Bosley is worth fifty-nine cents per bushel. —'Hoo! Mary Hoo!' will soon be the song for the garden.

—Mr. D. Jenkins has our thanks for English papers. —Blessed are they who expect little, for they shall not be disappointed.

—The 'Fraternal Bep' have sent \$5 to the Hackett memorial, Montreal. —There is a pretty rebellion at the Orphan's Home. The boys need a disciplining.

—The Dominion Telegraph Company have opened an office at Oulichesby, Frontenac Co. —The style for 1878, in street corner loafers, is very similar to the spring fashions of 1877.

—Mr. Counter will be the guest of Mr. Colvin while on his lecturing visit to Garden Island. —Interrogating a lamp post at two o'clock, a. m., is a foolish proceeding on the part of any youth.

—It takes five thousand cakes of ice to cool the mint juleps at the Thousand Island House, or at least that is the number stored this season.

—The St. Lawrence river is open through to the gulf. Ocean vessels will reach Montreal by the middle of next week. —Spring fever will be the next malady. It is called spring fever, we suppose, because it jumps upon a fellow so fast, eh!

—A daily walk is said to be excellent medicine. With such weather as Kingston enjoyed today it doesn't seem as though it would be a "bad pill" to take.

—The new chart, made from the survey of the U. S. engineers, shows that there is a channel with nearly 30 feet of water on the Canada side of Grandier or Bathurst Island.

—The steamer "Kincardine" will run from Oswego, down the river, in the place of the "Oswego Belle" this summer. The Belle will be put on the line between Oswego, Toronto, and Hamilton.

—The house of James W. Rattray, of Gridstone Island, was burned on the 25th ult. Tuesday the neighbors on the island made a "bee," and commenced preparations for building another dwelling.

—Messrs. John and William Newlands of this city are about to move to Manitoba, and will bear along the well wishes of many friends. Their departure will necessitate a change in the firm of Geo. Newlands & Son, contractors.

—The business that is working up fastest in Kingston are Jas. Redden's and Fralick & Boydes. The latter, though quite new comers, are making a heat of business friends. They are popularly received here.

—"An illicit still has been found in the heart of the city of Kingston. It is worse than druggery." The Watertown Dispatch has got that bull by the tail instead of the horns. It was a very still still that was found, being in the first stages of manufacture at a machine shop. Still it was nominally correct.

—The young man McNeish, who was recently injured at Kingston Mills by being run over by a train, has been removed to Belleville, where his friends reside. His leg was amputated, and his condition is such that a second amputation may be necessary.

—Hall Deposits.—Again we learn that the Hall has been written for (by the Texas Jack combination) but that the under deposit has not been sent. Under these circumstances we presume the engagement, the formal one, will not be binding. We have time and again protested against this system of deposit as being both a nuisance and an injury, and we renew our protest now. We do so in the interests of the city, because we believe the revenue from rents would be much larger if the confounded thing was abolished. It is a fossil idea which the Council should get over and the sooner the better.

—HOME SERVICE.—We are glad to be able to announce that the members of the police force are to be used in a military as well as civil sense, the rumor going that Col. Vance is about to drill the men under his charge in the exercise of the guns now covering the wall of the Market Battery. The force possesses a deal of military spirit, and we should be delighted to see them show their agility in throwing guns as well as men. The only drawback will be the upset which it will cause to "wee Conley." A. D. C., and Sergt.-Major Bell, who could not smoke very conveniently while on duty.

—THE AMERICAN CONSULSHIP.—General True has gone on a trip to Iowa, taking his wife with him. The probability is here before he returns, his appointment having been confirmed by the American Government, and Consuls are not, as a rule, long absent assuming the duties of office, once supplied with the commission. General True has not received any notice of Twichell's appointment, in fact no such ceremony is followed, which is another striking characteristic of the peculiar Government of the neighbouring Republic.

—SELECT NOVELS.—"By Celia's Arbour" is the title of a novel which has just issued from the pens of Walter Besant and James Rice, the authors of "Ready Money Mortar," and other works of a such favored and very popular character. About this novel there is nothing sensational. The reading is very entertaining, shaded with a humorous passage here and there, and altogether being such a publication as one can peruse with edification and pleasure. It is a reprint of the Messrs. Belford Brothers. So that so far as the print is concerned it is orthodox.

—LONDON AMUSE.—The prisoners sent to the recent London Amuse were removed to Kingston yesterday. Young Mann, sentenced to ten years for murder, and Hargrave, to three years for cruelty, were chained together. Hargrave offered a man \$400 to become his substitute, and the latter was willing if the law had allowed it.

—BOOK PRINTING.—We never remember to have noticed so much competition in book publishing as is now going on among the printers of Toronto. Especially in school books in this competition. Recently Messrs. Adam Miller & Co. issued a series of book bags to their going up for examination for third class certificates. Messrs. Campbell & Son have issued the English Literature works of their colonial edition, and its appearance and contents are certainly very much in their favour. Mr. Woods has it for sale.

ST. GEORGE'S SOCIETY. ANNUAL MEETING.—ELECTION OF OFFICERS.

—Last evening the annual meeting of the St. George's Society was held in St. George's Hall. There was a full attendance, the hour being not having to any noticeable extent depleted the long roll of members. The President, Mr. E. H. Smythe, presided.

—Upon the recommendation of a sub-committee the society decided to follow the custom of past years, time honored as it has become, and hold an anniversary service as well as an annual dinner—the former taking place on Sunday, the 21st at 3 p.m., and the dinner occurring on the evening of the anniversary (Tuesday) 23rd, at the British American Hotel. Sixteen of the members at once guaranteed the sale of tickets.

—The committee of the coming concert reported that the generous offer of the services of the Tandy Brothers was accepted, and that they be intrusted with the preparation of the programme. The committee was empowered to fix a date, arrange for the concert and receive guarantees.

—The Committee of Management presented its annual report, which was accepted as the most satisfactory of a long series. The Society has passed a prosperous and harmonious year, no change taking place in the offices. The annual sermon of dinner of last year were spoken of with satisfaction; the annual picnic was lauded as a great success, equal to the best of its predecessors under all the circumstances. The report had a cheerful ring in speaking of the finances, there being sufficient cash in hand to pay all of the liabilities, without touching the reserve fund, this comfortable state of affairs being attained at the same time as the charities were largely increased. The working expenses were reduced during the year, another commendable feature.

—The constituting of the chaplains into life members was spoken of as a graceful and deserved act. The report of the Society was expressed over its inability to be represented at the annual convention in Philadelphia last September, and its expressed intention to be well represented at Guelph this year, was the Union re-assembles. The unity of all the Englishmen's Societies of the continent was warmly applauded by the report. One death had occurred during the members, that of the late Dr. Aish-ton, a gentleman of genial temperance and of a useful life. The attendance of members during the year had been excellent, but might be improved upon. The celebration of Her Majesty's birthday at Petersburg, Virginia, was spoken of for its great enthusiasm and success, and the sympathy and pleasant feeling thereby expressed was a national contemplation for the Society at this critical juncture of the Empire's affairs. The report was unanimously adopted.

—The Auditors' Report, from Messrs. Bousfield and Gwynn, was adopted. It reported the books to be correct and in excellent order. The full liabilities were entered at \$122.24, with cash and loan assets sufficient to meet them, and with funds to come in, besides.

—A case of alleged falsification representation, whereby assistance was obtained from the Society, was discussed, and a committee of five members named to make enquiry and to report.

—Messrs. C. F. Smith and W. Basson were named scrutineers, and the election of officers proceeded, with this result: President—E. J. Barker Pense, by acclamation. 1st Vice President—Three gentlemen were nominated and R. W. Barker, P.O. Inspector, elected by a large majority. 2nd Vice President—Thos. Soar, re-elected by acclamation. Treasurer—George Orford declining re-election, George Durnford, Manager of the Bank of B. N. America, was elected upon a ballot.

—Secretary—A. LeRicheux, re-elected unanimously. Chaplains—Revs. T. Bousfield, R. V. Rogers and F. Prime. Physicians—Mrs. Evans and Yates. Marshall—Sergt Major Clarke, Battery A.

—Committee of Management—Messrs. H. H. Jones, Geo. Orford, J. A. Lottcup, J. G. Tandy, S. Thornton, G. Creighton, W. H. Goldwin, Wm. Pipe, and W. Parsons.

—Upon the retiring of President Smythe, a very hearty vote of thanks was passed to him for his very careful, energetic, and efficient management during the year. Similar votes were passed to the Treasurer, Secretary and Auditors.

—WOLFE ISLAND NEWS. Messrs. T. Dawson, J. P., and B. Sloman, J. P., held magistrates' court on the Island on Tuesday, 2nd April, to inquire into the cause of a quarrel that occurred on Saturday evening at the Ferry. The participants in the quarrel seem to have been John O'Toole, James Stigney and a young man named Hurst. After hearing the evidence, J. O'Toole was fined \$5 and costs, Stigney was let off with a reprimand on account of the punishment he had received in the fracas, of which, from the picture his face presented, he appeared to have been the victim. He was warned that if caught again in any fighting or liquor case he would be severely punished. Hurst was not to be found. This is bad, considering that on the Island there are no licensed houses nor liquor sold.

—A PRESENTATION.—We have received a lengthy communication from one who attended a recent presentation in the township of Longbough. We are very glad to see we cannot give the opinions of "A Lover of Truth" because they are intensely humorous. We would like for instance to tell about the chap who eat "twelve plates of oysters, and drank about thirty bottles of all" but the thing is too personal and might create a breeze among the young gormon's friends. The names of a correspondent is also necessary to insure publication.

—THE STRAITS.—There can be no denying the fact that the streets are in a very bad condition. This should not be the case, because a large amount of money is expended upon them. We have taken observation of some of the spreading of stone recently, and it appears to our mind as if the work has been very inferiorly done. The Committee on Streets may ignore public opinion as here expressed by the press, but it cannot long be thus treated, since public opinion shapes the destinies of men as well as things.

LIQUOR LICENSES. The following persons have applied to Inspector Conley for liquor licenses, a decision in regard to which will not likely be given for some days yet:

- JAYVEES. Peter Farmer, Martin James, Alex. McKillop, P. Shanagan, Nancy Cassidy, R. Beaugre, Patrick Cline, Thos. McGrath, Alex. Adair, John C. Dresser, John Graham, Eliza Grimeson, John Spooner, Mary Geo., John E. Bremner; 3, Christina Bremner; 4, Charlotte Priestly; 5, David Geo. 6, Sarah Adams. 4th Division—1, John McConnell; 2, Sarah McConnell; 3, John Priestley; 4, Mabel Arthur; 5, Ruth Stewart; 6, Jane Laws and Ann Watts. 5th Division—1st, Esther Metcalfe; 2, Wm. Kennedy; 3, Francis Thomas; 4, Alex. McWater; 5, Thos. Evans; 6, Wm. Hartwick. 6th Division—1, Jas. Haliday; 2, Wm. Bremner; 3, Francis Evans; 4, Frank Mills; 5, Sarah Miller; 6, Frank Dobbs. 7th Division—1, Wm. McConnell; 2, Agnes Bell; 3, Charlotte Hartwick; 4, Neil McCaug; 5, Wm. Priestley; 6, Mary McCaug.

THE GREAT OPENING. J. T. ANDER'S first opening of the latest, French, English and American fashions takes place to-morrow.

Have you seen the famous "Stitch Brim"? Nubbinet hat in town for young men. Only at "The New Hat Store."

WHIGGINGS. —Perk sold in Rochester, Thursday, at \$30 per cwt. —Mrs. Jackson, an old lady 70 years of age, was smothered to death in Hamilton, on the night of the 30th ult. —A man named McCrae was drugged and robbed of \$160 in Ottawa on the 26th ult., and afterwards thrown into a gutter. —Montreal Police Magistrate fined J. B. Lavender \$100 and costs for refusing a revenue officer a sample of butter for analysis. —The number of electors in the City of Montreal is said to be 27,000, in a population said at 180,000. The French Canadian element have the majority of votes. —Mr. L. O. David is about to retire from the public service to re-enter the field of journalism, taking editorial charge of the paper formally conducted by him in Montreal. —The Montreal Gas Co. paid ten per cent. last year, notwithstanding the hard times. There is still a surplus of \$10,000 to be added to the rest. Mr. Jesse J. Smith was re-elected president and \$5,000 was voted for his services. —The Nova Scotia Legislature will probably be prorogued on Thursday. The Bill for the amalgamation of the Offices of Provincial Treasurer and Provincial Secretary passed its second reading yesterday. —Edward Wheeler, who died in Nah-shua, N. H., worth \$11,000, was unable to take his money with him, but he came as near it as he could. He ordered the expenditure of the whole of it on his funeral and tomb. —The Prince of Wales, when asked to take the chair at a public dinner for a charitable institution, is supposed to head the subscription list by forking out handsomely, which he invariably does to the extent of 100 guineas. —From the following rather alarming piece of news: About 20 cows have recently died of a very strange disease in Ferrisburg and New Haven, Vt. They die suddenly, usually in the night, and a post mortem examination shows a dark streak running along the back under the skin.
