I have used everything in the materia medica with-out any permanent relief, until finally I was induced to try a patent medicine (something that we allo-pathists are very loth to do). I tried —— and divers others until I got hold of yours. I followed the directions to the letter, and am happy to say have had a permanent cure. SYMPATHETIC DISEASES.

Affections of the Eye, Ear, Throat, Lungs and Bronchial Tubes which in many cases accompany a severe case of Catarrh. The inflamed and dis eased condition of the mucous membrane is the cause of all these troubles; and until the system has been brought properly under the influence of the RADICAL CURE, perfect freedom from them cannot be reasonably expected. It is but three years since SANFORD'S RADI-CAL CURE was placed before the public, but in that short time it has found its way from Maine to druggists and physicians to be the most success! preparation for the thorough treatment of Catarra ever compounded. The fact will be deemed of more importance when it is coupled with the statement that within five years over 250 different remedies for Catarrh have been placed on sale, and to-day, with one or two exceptions, their names cannot be recalled by the best-informed druggist. Advertising may succeed in forcing a few sales, but, unless the remedy possess undoubted specific medical properties, it is absolutely certain to fall into merited obscurity.

Each package of SANFORD'S RADICAL CURE contains Dr. Sanford's Improved Inhaling Tube, with full directions for its use in all cases. Price \$1.00.
