A. & S. NORDHEIMER, OF TORONTO.

Central Falls, R.I., Oct. 19, 1877.

Dr. H. R. Stevens. It is a pleasure to give my testimony for your valuable medicine. I was sick for a long time with Dropsy, under the doctor's care. He said it was water between the heart and liver. I received no benefit until I commenced taking your medicine. In fact, I was growing worse. I have tried many remedies, they did not help me. Vegetine is the medicine for Dropsy. I began to feel better after taking a bottle. I have taken thirty bottles in all. I am perfectly well, never felt better. No one can feel better than I do.

I am, dear sir, gratefully yours, A. D. WHEELER.

VEGETINE - When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the vegetative fluid, the blood, carries off the vital humors, cleans the stomach, regulates the bowels, and imparts a tone of vigor to the whole body.

VEGETINE For Kidney Complaint and Nervous Complaint.

Dear Sir - I had a cough for 18 years when I commenced taking the Vegetine. It was very low, my system was debilitated by disease. I had the Kidney Complaint, and was very nervous - cough, bad, long, etc. When I had taken one bottle I found it was helping me. It has helped my cough, and it strengthens me. I can now do all my work. Never have I found anything like the Vegetine. I know it is every thing it is recommended to be. Mrs. J. A. PEARSON.

Dear Sir - I have used your Vegetine for Sick Headache, and been greatly benefited thereby. I have every reason to believe it to be a cure very respectably. Yours very respectfully, Mrs. JAMES COOPER.

HEADACHE - There are various causes for headache, as derangement of the circulating system of the digestive organs and of the circulation of the nervous system. Vegetine can be said to be a sure remedy for the various causes of this complaint, nervousness, indigestion, constipation, rheumatism, neuritis, etc. You will never regret it.

VEGETINE DOCTOR'S REPORT.

Dear Sir - We have been selling your valuable Vegetine for three years and we find that it gives perfect satisfaction. We believe it to be the best blood purifier ever sold.

Prepared by H. R. STEVENS, Boston, Mass.

And by N. C. POLSON & Co., Druggists, Kingston.

PHOSFOZONE.

Copy of Testimonial Just Received.

Montreal, 8th April, 1878.

To the Proprietors of PHOSFOZONE.

GENTLEMEN - I have been using your Phosphozone for the last two months, and I have thus derived very great benefit from it in the cure of a disorder of the liver and of indigestion, and I can therefore most cordially recommend it to all suffering from these ailments.

Respectfully, (Signed) JOHN PARSONS.

"PHOSFOZONE" can be had from every Chemist and Druggist throughout the Dominion. Price, \$1.00 per Bottle.

REMEMBER THE PLACE - PRINCE OF WELLES, opposite the residence of Dr.

WM. DUNN.

WIND WAZZ.

The Tories of the city don't feel so happy to-day.

The yacht Madcap, of Belleville, is cruising around here.

The Cape Vincent brewery appears to be in a prosperous condition.

Prepare yourself for a howl from the Opposition press. Oh, agony!

The "Canadian Illustrated News" this week is a splendid number. It has fine views of Prescott.

The papers are telling us that we are on the eve of prosperity. That was before the Quebec election.

The steam yacht "Cruiser" will make regular trips between Gananoque and Kingston during the summer.

Indogation at Mill Point yesterday, and at Gananoque to-day. Rev. Messrs. Craig and Gray are the happy men.

It seems the right kind of vote was not polled in the Quebec elections yesterday to suit the Secretary of the Conservative Association of Kingston.

Mr. D. I. K. Rine recently delivered an address in the Occident Hall, Toronto. The place was crowded to excess, and he was well received. He announces his intention to make Toronto his home, having given up an idea which he once entertained of leaving Canada forever.

Primitive Metho list Church.

The annual congregational meeting was held last night. Rev. T. W. Jolliffe, the pastor, in the chair. There was a very encouraging increase in every department of the church's work.

Since last annual meeting 54 persons have been admitted to the membership of the church, 51 on profession of faith, and 3 by certificate. This does not include a class of 27 young people from 10 to 14. During the year 23 persons have removed, etc., leaving a present membership of 114, while \$600 have been raised to pay for improvements on the church; Mission Fund, \$149.91; other schemes, \$923.25, making a total of \$1,273.16, exclusive of the pew rents, which are required for running expenses.

The following were chosen by the congregation to form a Board of Managers: Messrs. R. Carmichael, H. Bennett, W. Lake, W. H. Smith, J. Parry, W. S. Gordon and W. Hall.

At the quarterly meeting Rev. T. W. Jolliffe and W. Lake were appointed delegates to the District Meeting, to be held at Sydenham on the 8th.

A cordial and unanimous invitation was extended to Mr. Jolliffe, to remain as pastor for the third year. The invitation was accepted, and in all probability the past year has certainly been one of peace and prosperity. May it ever be so.

The annual Conference meets in London, Ont., on the 24th of May.

Death of Rev. Dr. Chisholm.

Intelligence has reached here of the sudden demise of the Rev. Dr. Chisholm of Perth. He was one of the oldest and most respected prelates of the Diocese of Kingston, having spent over thirty years in the service of the Church. We cannot give accurate particulars of his early life, but we believe he was born in Glenora, and studied for the priesthood at the Propaganda. He was subject to but few changes of station. He was ordained at Brome, and laboured successfully and sincerely at Lindsay, Alexandria and Perth. He was about sixty years of age, and enjoyed through life apparently the best of health. Many times he visited Kingston, the last occasion on which he acted as dean and blessed the oils. He appears to have dropped dead yesterday afternoon between four and five o'clock. His curate telegraphed the fact to the Bishop, but the latter being away spent in North Hastings some time was not in communication with him. In the meantime the curate was directed to make the arrangements for the funeral, which takes place on Saturday morning at 8.30 o'clock. Many in Kingston were acquainted with the deceased, and those who knew him esteemed him in life, and will now regret his memory.

THE ANGLO-MEMORIAL. - To-day this hotel changed hands, Milsp & Co., having disposed of their property and interest to Mr. Fallon of Picton. We can but regret the sentiments of a Waterbury paper when we say that the popularity of the Anglo-American Hotel was almost entirely due to the management of Mr. Martin O'Brien, who had control of it for many years, and whom we have no hesitation in saying has established a reputation as a landlord second to none in the Dominion - or anywhere else, for that matter. The Anglo-American Hotel was established in 1857 by Stewart Milsp, who conducted it until 1861, at which time he died, and E. Milsp became proprietor, with Mr. O'Brien as manager. He officiated in this capacity until 1869, when a new arrangement was effected, whereby Mr. O'Brien became managing partner of the firm of E. Milsp & Co. How well he has succeeded in pleasing the public during the past seven years, may be readily ascertained by the general commendation of the travelling community who have had occasion to be placed under his charge in the Anglo-American.

MEDICAL EXAMINATIONS. - The annual examinations of the Medical Council of Ontario, which have been held in Ontario Hall since Monday last, were brought to a close this afternoon. A great number of students have presented themselves, several being from McGill and Bishop's Colleges of Montreal. The examinations have been unusually severe and the qualifications of the candidates have been put to a good test. The Medical Council evidently intends guarding the profession in Ontario from the entrance of unqualified practitioners. The result of their examinations will be announced on the 14th inst., at which time the medicine of the different schools will remain here.

A JUBILEE. - To-night a bonfire will be lighted in the Market Square in honor of the signal Quebec Victory. Addresses may be expected from prominent gentlemen. There will be many a hearty cheer for Joly and his plucky supporters.

HOBBIES.

A good house received the Eliza Weatherly Company last evening. It was the first appearance of the organization in Kingston, but hope it will not be the last. The performance provoked a continuous roar of laughter, one extravagant act following the other in such a manner as to make the merriment unceasing and overwhelming. The programme opened with the comedietta "Simon Lullaby," in which Mr. Stanton and Miss Jeanie Weatherly illustrated a little conjugal difficulty, but the greatest success was achieved in the play of "Hobbies," which was, indeed, one of the most laughable burlesques of the period. It is truly described as a piece without plot, but especially designed for the purpose of giving Miss Weatherly and Mr. N. C. Goodwin, jr., opportunity for the exercise of the remarkable versatility of which they are possessed. Miss E. Weatherly has beauty, grace and piquancy, and these are never fading when employed in the characteristic frivolities of the stage. Miss Emma Weatherly is an adept in her profession, and created fun to an unlimited extent in her grotesque portrayal of the old maid; but Mr. Goodwin was the character of the evening. His every word, look, gesture and movement was laughable, and one's sides ached when his running fire of conceits came to an end, and he bowed himself behind the curtain. The company is small, but every member of it is an artist, and hence success is certain.

BATTLESIA.

On Sunday, April 21st, the Rev. Mr. Jolliffe, of Gananoque, preached two excellent sermons, in the morning and evening, to large congregations in the C. M. Church. At the close of each service a collection was taken up for the Educational Fund.

The Rev. L. W. Beaudry, of Montreal, lectured to quite a large audience in the same church, on the evening of April 24th. He spoke for nearly an hour and a half, during which time he riveted the attention of the audience. At the conclusion a collection and subscription was taken up in aid of the proposed French Church in Montreal. On motion of the Rev. Mr. Werden, seconded by Mr. Wm. Shannon, a well deserved and hearty vote of thanks was presented to Mr. Beaudry for his stirring and interesting address.

The Methodist quarterly meeting will be held on Sunday, May 12th.

PRESBYTERIAN CHURCH.

INDUCTIO AT MILL POINT.

A meeting of Kingston Presbytery was held at Mill Point last evening, and the induction of the Rev. R. J. Craig was its most interesting feature. The edifice was crowded to excess. The Rev. Mr. McLean, of Belleville, a relative of the new pastor, preached eloquently. The Rev. Messrs. McMechan, of Picton, and Young, of Napanea, addressed the pastor and people respectively, in a forcible way. The Presbytery then welcomed the Rev. Mr. Craig to the pastoral office with a right hand of fellowship, and then proceeded to the door of the Church, where the congregation also welcomed him as minister, expressing the satisfaction it gave them. The Rev. Messrs. Smith and McCuaig, of Kingston, and Steele, of Amherst Island, assisted in the services.

When Rev. Mr. Craig returned to his residence he found it occupied by the people of the congregation, who presented a warm address of welcome and congratulation, and invited him to partake of their lavish hospitality. Addresses were also made by the Revs. Messrs. Burton, of Belleville, and Chambers, of Storrington. A very pleasant evening marked the induction.

The Presbytery has dissolved the pastoral relations between the Revs. Messrs. McMahon and Stella and their people. The former has been "called" to Watford, Ont.

This afternoon the Revs. Messrs. McQuinn, Smith and Gallagher left with a party by steamer to attend the induction at Gananoque.

MARINE.

Five vessels have been chartered for the transportation of 1,500,000 feet of deals from Muskogee to Kingston. The craft taken are the schooners Charlotte, Evenstar, Star, Crawford, McVey and Acorn, and the figure they get is \$3.75 per M.

Toledo, 29 - Charters reported Saturday were: Schooners Goldhunter and Vienna, wharf to Kingston at 1 p.m. The propellers Armenia and Cuba run to Ogdenburg and not Oswego.

SWIFT - The St. Alban, from Port Dalhousie passed down, and the propeller Cuba, from Ogdenburg, passed up. The steamer Nita arrived from Westport, and the steamer D. C. West left on her last trip to the only arrival.

M. T. Co. - The only arrival, 10,000 bush of wheat. The tug Glide left yesterday with seven instead of four barges for Montreal, including McArthur, 13,114 bush wheat and 25 tons of sand stone; Duluth, 25,040 bush of corn; Lorne, 15,560 bush wheat, and Lancaster, 16,090 bush corn.

ONTARIO MEDICAL COUNCIL.

Mr. Woods, the Matriculation Examiner, has reported the following gentlemen as having passed the examination required for entrance upon their medical studies. The names are given without regard to standing:

Herbert C. Wilson, Picton, O. Redd S. Frost, Rossmore, O. Mark R. Cruger, Aylmer, O. John Walker, Glenora, O. Duncan A. McTavish, Glenora, O. Jas. K. Wood, Kingston, O. Robert S. Dunbar, Concession, O. N. C. Sennell, Montreal, Q.

The Bartlett Cotton Mills, Mass. chank, suspended half their works this week and discharged 130 hands. In Canada the cotton mills are all busy. The cause of this distressing state of affairs in Canada is that we have not the Yankee tariff.

Philadelphia has shown a large hospital during the Presidential visit. As was proper upon such an occasion, positions were held and tobacco, and the stores were emptied in a cordial reception of the Chief Magistrate of the nation. Philadelphia has honored herself by the event.

TAXATION.

THE NEW ASSESSMENT OF THE CITY.

The assessors, who completed their assessment of the city some time since, yesterday made a return of their books to the City Clerk, and their labour is thus open to criticism. In point of municipal wealth we do not see much ground for congratulation. There has been an increase, but it is the smallest that has occurred for many years. Nor do compensations aid us to any extent in surmising the cause of decline where the figures show it to have taken place. There is the usual growth in the assessed value of real property, but the reductions in other respects are amazing. As we said, real property indicates a steady advance, the totals being, under this head, \$4,227,675 last year, against \$4,375,395 this year, a difference in favour of 1878 of \$147,720, small enough when it is considered that there was a gain of \$200,187 in 1877, and in two years of \$291,500. It must be remembered, however, that though there has been considerable building there were no burnt districts to replace last year, and that what property has been made is of an ordinary character and in no way aided by emergency. In 1875 we failed to account for the falling off in the assessment of personal property by some \$7,044. Our readers will open their eyes when we note the fact that during the past year \$922,858 has been a deduction from \$922,858 to \$856,283, or a difference, on the losing side, of \$134,575. The improvement in the one quarter has been more than counterbalanced by the retrogression in the other. The taxableness has remained about the same. The discrepancies will be observed by the tables annexed. Taking real and personal property and taxable income the city is really shown to have gone backward to the extent of \$47,268. The total assessment last year was \$6,448,146, and this year it is only \$6,400,888. The general deficiency all lies under the head of personal property - very unstable and subject to frequent and great change, we submit - but yet the reduction is so extensive that we should really like an explanation of the circumstance. The assessors are good men, and when we point to the singularity of some of the changes which appear to have been occasioned during the year we do not question the care and completeness of their work.

Of the other statistics they are but of passing moment, but, in passing, it may be interesting to state that with the exception of the population which has an addition of 829 (14,072 in round numbers) all the other calculations are on the lower side. For instance for 214 dogs returned last year, but only 188 are on the register this year. But the City Commissioner, under a special by-law, looks to the taxation of the canines, so that it is but a matter of small importance whether the assessors have a record of 14 or 1400. Against 239 cattle last year there are but 189 this year; against 13 hogs in 1877 there are but 9 known of this year. In the number of horses there is a decline from 319 to 274.

But we will submit the figures, which will be easily understood:

Table with 2 columns: REAL PROPERTY - 1878, and various categories like Catorauqui Ward, Frontenac, etc. with values.

Table with 2 columns: PERSONAL PROPERTY, and various categories like Catorauqui Ward, Frontenac, etc. with values.

LEGAL DECISION.

THE FOLLOWING JUDGMENT OF CHIEF JUSTICE HAGGERTY, in the case of Murphy vs. City of Kingston, will be read with interest, especially as it applies to property in the case which the Council is concerned. The Judge said:

"The By-law for the opening of this Street was passed in November, 1876."

"It made no special provision for taking possession, and the Council are to be understood to be bound by the provisions of the By-law, unless otherwise specified."

"The Council, in passing the By-law, were bound to take into consideration the rights of the property owners, and the Council are to be understood to be bound by the provisions of the By-law, unless otherwise specified."

"No agreement as to reference took place till some months after the award was made on the 6th Nov. 1877, by two of the three referees \$1,612 were not being paid, and it is to be understood that the Council are to be understood to be bound by the provisions of the By-law, unless otherwise specified."

"I think in this case a By-law adopting the award was necessary. The Council are to be understood to be bound by the provisions of the By-law, unless otherwise specified."
