HOW THE PORTHOOMING HANLAN ROSS MATCH IS VIEWED AT ST.

JOHN, N. B. Says the St. John Daily News-'Since the announcement was made in the News that the backers of Ross had posted \$500 for a \$1,000 a side race on the Kennebecasia between Wallace Ross and Edward Hanlan, there has been much discussion among boating men regarding the propriety of making such a match. It has been argued by many that no race should have been made with Hanlan until after Warren Smith had been given another chance with Wallace. Although every St. John man who witnessed the race between Ross and Smith must believe that Ross could have beaten the Nova Scotian even if the latter had not intentionally or accidentally upset from his boat, there are many here who think Battery, 200 strong; P. Why not man is scarcely backed against an outsider more than once, and it is not likely that the case of Ross would be an exception. But many of Ross' friends are not afraid that Hanlan will beat him this season. They say that the Haulan-Plaisted race did not prove Hanlan to be a better man than Ross, and that the latter as easily outrowed Plaisted in a half mile last year, as Hanlan did this. Besides they think that even the quickest mon-

Notwithstanding this they hope that there will be no betting against Hanlan here by the general public, their chief desire being to ascertain if Hanlan's victory over Ross wrs real superiority on the part of the Toronto man or because of rough water and Ross' unsuitable boat." Is Medicine A Science!

As generally un lerstood, science consists a deducing facts from theory, and as the mathematician raquires a knowledge of one factor in order to determine the value of unknown factors, so medicine, when Portland, and the scull built for him by oractised as a science, demands a knowledge of one or more fac's, upon which to base its calculations. Understood and practised in this way the blunders of guesswork are avoided. In preparing his now popular Family Medicines, R. Pierce, M. D., of Buffalo, N. Y., devoted much time to a careful investigation of the several classes of diseases and weaknesses peculiar to women. No remedy yet known equals Dr. Pierce's Compound Extract of Smart-Weed in curing dysentery and kindred irregularities of the bowels. Over one hundred thousand copies of Peoples Common Sense Medical Adviser have been sold. Price \$1.50. post-paid. Address the author, R. V. Pierce, M. D., Buffalo, N. Y

A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Long Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pueumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Comsumptives try just one bottle. Regular size 75 cents. Go to your druggists. Heath & Gunn, and Henry Wade.
