This question has alike puzzled the lever and the philosopher. The sage soals ses it into perfection of feature and coloring and the lover, looking into the homely face of his adored mistress, declares that true beauty pertains rather to the imperishable soul than to the everchanging body. But the physician knows that the chief element of beauty is health. Health is to beauty what the subtle magnetic current is to the bar of poli-hed steel- by its presence attracting and retaining all its devotecs. Beauty without health is a shrine without an oracle. Woman cannot possess this subtle attractive power of beauty while suffering from those ct.ronic ailment and weakness that continually exhaust the springs of her vitality. Dr. Pierce's celebrated specific for this class of diseases. the Farerite Prescription, has been used by thousands of these sufferers restering to them health, strength, and beauty. Burlingame, Osage Co., Kan., Aug. 7,77 Dr. R. V. PIERCE, Buffalo, N.Y.
