and its effects are often, after the rigours of a Canadian winter, anything but pleasant, from the fact of so many people going to their daily avocations without sest or spirit, but like the vertest slave driven by the thong of necessity. It is because the machinery, so to speak, of the human body has become clogged, after being stuffed with carbon, bearing fats necessary to withstand a winter in a climate like Canada. In the spring, the individual suffers from MEADACHE, DYSPEPSIA, IRRITABILITY of the NERVOCS SYSTEM. BILIOUSNESS, DEPRESSION OF SPIRITS, LASSITODE, &c. Sir Hugh Allen presided. He referred to the injurious results to the Company which had fellowed the organization of other companies and the running by them of opposition lines. The Directors had, therefore, called this meeting for the purpose of adopting such measures as would induce other companies to withdraw from competition, viz., by precess of amalgamation, the costs of such steamers to be paid in shares and stock at not less than par value. On motion of Ald. Drennan the report A LITTLE BY PLAY. A lively scene followed. It was caused by Alderman Fee rising in his place and calling attention to certain accounts from Rideau Ward, which had been certified in an irregular manner. He went on to say that in the beginning of the year he had been elected Chairman of the Ward Committee, but that he had hardly entered upon the business of Council when he found that it was usurped by Ald. Carson, who, with Ald. Asselstine, had since managed the affairs

of the Ward to their own liking. He protested against the want of respect which had been shown him. Several gentlemen made speeches, among others Aldermen Carson and Asselstine, who defended the the course they had taken in the matter. Ald Carson admitted that Ald Fee had been elected Chairman of the Ward, but he had acted so arbitrarily that he and Ald. Asselstine had ceased to support him Considerable cross-firing was indulged in the latter seemed to carry the feeling of the Council with him, since several spoke in his favour. Ald.
