VEGETINE

Is Recommended by all Physicians. Valley Stream, Quequ's Co. Long Island, N.Y.

Dr. H. R. Stevens Dear Sir, -I take the pleasure of writing you a small certificate concerning Vegetine prepared by you. I have been a sufferer with the Dyspepmin for over 40 years and have had the Chronic Diarrhora for over six months, and have tried most every thing; was given up to die, and did not expect to live from day to day, and no physician could touch my case. I saw your Vegetine recommended to cure Dyspepsia. I commenced using it, and I con iffile doing so. and are now a well woman and restored to pertect health. All who are afflicted with this terrible disease, I would kindly recommend to try it for the benefit of their health, and it is excellent as a blood purffier.

By Dr. T. B. FOREES, M. D., for MRS. WM. H. FOBES

VEGETINE .- When the blood becomes life less and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the patrid hamors cleanse the stomach, regulate the bowels, and mpart a tone of vigor to the whole body

VEGETINE

For Cancers & Cancerous Humors.

THE DOCTOR'S CERTIFICATE READ IT. Ashley, Washington Co., Ill., Jan. 14, 78.

Mr H. R. Stevena Dear Sir. - This is to certify that I had been suffering from a Rose Cancer on my right breast which grew very rapidity and all my friends had given me up to die, when I heard of your medicine, Vegetine, recommended for Cancer and Cancerous Humors. I commenced to take it, and soon found myself beginning to feel better; my health and spirits both felt the benign influence which it exerted; and in a few months from the time I commenced the use of

Why is this medicine performing such great cures? It works in the blood, in the cir-culating fluid. It can truly be called the Great Blood Purifier. The great source of disease originates in the blood ; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public

The prizes are somewhat similar to those awarded to the most expert shots

ing as good progress as can be expected of them, for it must be remembered that in their case the horses require about as much, and more training than the men. We believe the Government does not order the cavalry into camp. It is assumed that each troop can perform the drill required of it at its headquarters, although such would be as inconvenient and unsatisfactory for cavalry as it would be for field artillery, and for the latter it is may be asked, and what is the difference ! A great deal indeed-particularly in the pay. When not called into camp the cavalry men réseive but 50 cents per day, and troopers 50 cents per day. with an allowance of 75 cts. per day for horses, and no provision as to rations. which the men must purchase themselves, while the Field Arrtillery men and horses are fed and paid, \$1 per man and 75 cents per horse, the officers of course, being paid in proportion. This distinction without a difference would be a disappointment to some but to the Cavalry it has no damaging effect upon the ardour with which they discharge their military duties. The July number of the Canadian Monthly appears as No. 1 of volume 1 of the magazine amalgamated by the Rose-Belford Company, and published by them under the editorship of Mr. George Stewart, jr., a writer of acknowledged literary ability. The contents this month are very interesting, and they include a variety of subjects, sketches and stories. It is certainly intended that the magazine shall bonefit by the change, and the inttial number of the new publication has s healthy tone, and in appearance as well as matter has been noticeably improve Some of the old features have been re tained, among other things the department known as Corrent Events, which has so far been an attraction, and the absence o which would be much missed, especially
