725 Pine Street, St. Louis, Mo., Feb. 1, St., A. A. Mellike, Washington Av., City.—Dear Meiller: I have for some years been troubled with Catarrh, and for the past two years have suffered sortously with it. Noticing your advertisem int of Santonn's Rungry (Rungla L. Curr), I decided so by it. I have used only two bottles, and as a result I feel so much relieved that I presume on our personal relatious and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief at I have. I have recommended R to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them. I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who needst should try it. I will risk the ascertion that 2001 oz. vials (as a sample) to be given away will sell as many bottles.

Try some plan. Let the people have it; they need it. I believe I could sell 2000 bottles myself—of course you could largely increase this number. Why not try it? Yours truly, WM. BOWEN.

RHEUMATISM

Mesers. Weeks & Potter: Gentlemen, — One year age I was seized with a severe attack of Rheumstian in my right hip, to which I was subject. I tried the various liniments and rheumstic cures, but without the lesst benefit, when my son, a druggist, suggested one of your Collins' Voltaic Plasters. The effect was almost magical, for, to my grateful surprise, I was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the Plaster, I could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the account Plaster proved as effections as the first, and I am now well. My wife wishes me to add that our Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the Collins' Voltaio Plasters for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully.

Onlard, Mr., June 6, 1878. ROBERT COTTON. NOT A QUACK NOSTRUM.

Gentlemen.—I hereby certify that for several years past I have used the Voltato Plastins in my practice, and have never known them to fall in afording speedy relief in these cases for which they are recommended. They are not a quack nostrum, but a remedial agent of great value. Very truly yours.

"Have I also here looked after Him wh me! -Gen. zvi. 13. They te'l us that there are flowers Waich are "born to blush unseen:"

They aing about "the desert air." "Tis all a mistake, I ween. The idea of wasted fragrance
It is foolish as profane;
We are atways hearing falsehoods We are liearing there again.

And these stories are believed in For we think we are unseen, That our life work is unnoticed If our lot be poor and mean. So we crowd to all our cities.

And we struggle to be great;
Or we stay in some small birth place.

And we speak against our fate, How much wiser are the flowers. No matter where they binsh; And as holy is the desert How it proves it by its hush These are conscious of the Presence

Of the One who made them all, So they live for Him who made them, As did man before the Fall. We are made for Him who made us We are all beneath His eye.

And may learn from desert flowers

That we have believed a lie.

When we live as if God saw us. We small blush and silent be And shall glory in our life work. Tho' no homan eve may see.
