will Try Vegetine.

Delware, O., Feb. 16, 1877

Dear Sir, - I wish to give you this testimon is that you may know, and let others know, what Vegetine has done for me. About two years ago a small sore came on my leg; it soon became a large Ulcer, so troublesome that I consulted the doctor, but I got no relief, growing worse from day to day. I suffered terribly. I could not rest day or night : I was so reduced my frieads thought I would never recover; I con surted a doctor at Columbus. I fo'lowed his advice; it did no good. I can truly say I was dis couraged. At this time I was looking over my newspaper; I saw your advertisment of Vegetine, the "Great Blood Purifier" for cleansing the blood from all impurities, curing Hamors, Ulcers, &c. I said to my family, I will try some of the Vegetine. Before I had used the first bottle I began to feel better. I made up my mind I had got the right medicine at last. I could now aleep well at nights. I continued taking the Vegetine. I took this teen bottles; my health is good; the ulcer is gone, and I am able to attend to business. I paid about four hundred dellars for medicine and doctors before I bought the Vegetine. have recommended Vegetine to others with good success. I always keep a bottle of it in the house now. It is a most excellent medicine, Very respectfully yours,

P. ANTHONI. Mr. Anthoni is one of the pioneers of Dela ware, O. He settled here in 1834. He is a Sous Mr. Anthoni is extensively known, es pecially among the Germans : he is well known in Cincinatti; he is respected by all.

IMPURE BLOOD - In morbid conditions of the blood are many diseases, such as salt rheum, ring worm, boils, carbuncles, sores, ulcers and pimples. In this condition of the blood try the VEGETINE and cure these affections; as a blood purifier it has no equal. Its effects are wonderful.

VEGETINE

I have used HR Stevens' Vegetine, and like t better than any medicine I have used for purifying the blood. One bottle of Vegetine accomplished more good than ad other medicipes I have taken.

Down the RIVER .- The "Maud" takes the St. James' Church excursion to-mor row. Both comp grounds and Alexandria Bay will be called at. Leave at noon home before bed time. All under eigh teen years on half tickets.

HANLAN. - This afternoon's express ound west, carried to Toronto Edward Hanlan, the champion oarsman, en route home from St. Johns. At Montreal he seems to have been accorded a very gratifying and elevating reception.

DANCING. -On Saturday evening number of persons went by steamer Maud to Channel Grove, where they enjoyed dancing until a late hour. The "departure" was a novelty. Mr. Briggs proposes to continue these sociable events so long as the season will allow.

LACROSSE. - The Oka Lacrosse Club o Belleville have accepted the challenge of the Kingsten Lacrosse Club, to play match here on the civic holiday, for the silver cup which will be presented to the champion club letween Bel'eville and

OUR TABLE .- Mr. Woods has placed upon our counter No. 12 of the Frank lin Square series, published in New York on the second of this month, "Twenty Years' Residence in Turkey." It must be an interesting book; reissued here, from a guinea book in England, only

St. George's Pickic.-The prize for the best English ballad or patriotic song, which was postponed at the picuic, is to be awarded at a competition which takes place in connection with St. George's Society's monthly meeting to-morrow evening. Other prizes will be increased from the residue of the picnic money.

VICTORIA WARD.—The Aldermen Victoria Ward and the City Engineer deserve praise for the road making done Union street, to level up the sides of the roadway to the common centre-the Street Railway track. It is an ever, thorough job, and improves the highway immeasurably. A soft coating over the stones is alone necessary.

THE ELECTIONS. - We are informed that there is no truth whatever in rumour that the General Elections take place about the end of this month. As get the Government have not determined when they will come off; however they cannot occur this month unless John undertakes to dissolve the House and appeal to the country on his ohn

SHIPMENTS OF FRUIT.-Already large shipments of fruit have been made from American to Canadian ports. The "Magnet" has now full cargoes of this kind of freight each morning. On Saturday morning she landed at Swift's about 600 packages. Yesterday morning she had bills of lading for about 1000 packages'

Last fall neither captain nor owners could be coaxed or shamed into a match race, though Capt, Hinckley, of the "Geneva," devoted himself assiduously to the task after his season's work was over.

FISH SLAUGHTER -A steam - fishing smack, from Cape Vincent, manned, says the Auburnian, of the 3d, by sixteen mer, came to Fair Haven vesterday, and set eight nets, each one mile long, in the lake, just outside the bay. The first haul brought up nine hundred pounds of fish. The nets are drawn by sults in a great saving of time. craft will visit different points on the lake. THE EAST END. - A walk to the east end will reveal a most unaatisfactory state o affairs so far as drainage is concerned. Stagnant water is encountered at many points, and the smell of putrid matter is not as pleasant to the senses as most people would like it. We do not expect that things will remedy them any, since the Council caunot undertake much financially at present. At the same time the condition of affairs is highly favourably to

LAYING UP. - Several vessels have gone "into ordinary," having failed to procure sufficient to pay their usual running expenses. Vessel owners and captains are not by any means buoyant and hopeotherwise under the existing circumstances. It is impossible to even conjecture when bottom figures will be reached they seem to be going down to a point at which shipper and sailing master will be equally ashamed to look at them.

VENNOR'S PROPHECY. - The Montreal nan who has been referred to as frequently, and whose name has become familiar, must have some fairly reliable matter upon which to base his predictions, when they are realized in such a majority of cases. Now, it will be remembered that in the early part of Auguet he said it would be hot, very hot, but that the balance of the month would the result !

As we passed Fort Henry and Cedar Island, we had our last look at the beautiful city we had just left, which, with its surround ings, is a scene stamped on my memory and worthy of all admiration. I expect to see many sights of interest and great own beautiful home to sink into insignificance. Indeed, I hazard the amertica that nothing can equal the noble and grand St. Lawrence, from its head at our very door, to where it loses itself in the great ocean. We are all familiar with the river and its varied beauties for many miles down its course, and although have sailed in and out among the Thou sand Isles I yet enjoyed the sight of the familiar spots where we oft had camped and new beauties seemed to burst upon us in this ever changing panorama as our splendid boat followed the channel in her swift and easy motion. Point Levi is not a very enticing spot, nor do the hotels serve a very elegant breakfast, but travellers soon learn to put up with this sort of thing, compensating themselves with a general growl. We left Point Levi at 7:30 a.m. on board the Intercolonial train, and the distance to Riviere du Loup is gotten over rather slowly, and the country with its surroundings make you wish many times that you had completed that part of your journey. The country seemed to a resident of Ontario as being very barren, and a large proportion of the farms bear what we would consider a poor crop, vig ; stones - atones piled up here and there just like islands in a lake. other crops were very backward while the houses and barns betokened a thriftless set of it grew fearfully monotonous. journey through the country Occasionally we had glimpses of scenery and a change of landscape by the stones consolidating and forming hills and even mountains of rock. We reached Riviere du Loup at noon, and when the Government engine took hold of us our hearts were lifted up in thankfulness as we went along at a merry pace, which was kept up the 22 or 23 bours it took ne arrive here. Of this last section of our travels there is nothing to say. It was a journey through a wikierness of cedars and pines, snow fences, covered cuts and tive interest. The effects of the Chicago grain corner are being much felt in this locality About every farmer in the country has clined at present to part with his head as to part with his barley until the local prices come, as he calculates they will within reasonable range of the western figures. Barley is valued in Chicago about double the rate at which the city market may be expected to open . We are of opinion, however, that whatever may be the results of the "corbe benefited by it. The western men | bewitched him, or they have bewitched have formed a monopoly, it is true; by housing the grain they have for a time regulated the market to their liking, and Mr. B. Turcotte, brother of the Speaker, when the convenient moment arrives the have made certain sales for delivery at bushel. But few in Kingston know what "corners" mean, attended, as they are,

city to spend Sunday at the camp ground. The concert of the University Jubilee Singers was the attraction at the tabernacle on Saturday evening. A temperance ovefeast at nine a.m., began the services of Sunday and at 10.30 the Rev. Dr. Donham, an able and eloquent divine of Johnstown, N. Y., delivered a splendid discourse, chosing as his theme "God" love for the fallen." Preceeding the sermon a collection was taken up and the congregation urged in anything but a pleasing manner to contribute. The mode of procedure seemed to surprise many Canadians. At 2 30 addresses were delivered by Rev. E. H. Dewart, of the Christian Guardian, Toronto, and Rev. Dr. O. H. Tiffany of New York. Both addresses were excellent and highly appreciated. Prof. Foster in the evening delivered ap address full of thought and eloquence, followed by Mrs. Yeomans in
