THE AMERICAN EYB SALVE is presented to the public with the assurance of its efficiency as a curative of most diseases of the eye, scute or chronic inflammation, whether induced by scrofulous origin or otherwise, weakness or detuting that organ. Also for all persons whose vocation requires an incessant action of the eyes, the Salve will act as a charm in restoring a unitorm healthy action, where weakness, pain and misery may have long threatened a tatal termination. It is the most supple, safe and effectual remedy ever discovered; the materials of which it is made are pure, perfect and cost ly, compounded with elaborate care and exact ness, sate in its application, being used exter nally, and of course, avoiding the pain and danger which necessarily attends the introduction of caustic minerals and eye washes. Ringworm and Old Chronie Sores, of scrofulous origin, or resulting from whatever cause, yield to the AMERICAN EYE-SALVE. IT IS USED SUCCESSFULLY FOR PILES. Its soothing effect is immediate and a permanent cure requires but a few applications. The proprietors of DR. J.
