THE AMERICAN EYE SALVE is presented to the public with the assurance of its efficiency as a curative of most diseases of the eye, acute or chronic inflammation, whether induced by scrofulous origin or otherwise, weakness or de tect of vision, diminished tone of the optic nerve, or a diseased state of the tissues constituting that organ. Also for all persons whose vocation requires an incessant action of the eyes, the Salve will act as a charm in restoring a uniform healthy action, where weakness, pain and misery may have long threatened a fatal termination. It is the most simple, safe and effectual remedy ever discovered; the materials of which it is made are pure, perfect and cost ly, compounded with elaborate care and exact ness, sale in its application, being used externally, and of coarse, avoiding the pain and nally, and of course, avoiding the pain and danger which necessarily attends the introduction of caustic minerals and eye washes. King worm and Old Chronic Sores, of scrofulous origin, or resulting from whatever cause, yield to the American Eye-Salva. IT IS USED SUCCESSFULLY FOR PILES. Its soothing effect is immediate and a permanent cure requires but a few applications. The proprietors of Dr. J.
