Purifies the Blood

Du Quoin, Ill., Jan. 21, 1878. MR. H. R. STEVENS :-Dear sir,-Your Vegetine has been doing randers for me. Have been having Chills and Fever, contracted in the swamps of the South, nothing giving me relief until I began the use of your Vegetine, it giving me immediate relief, toning up my system. purifying my blood, giving strength; whereas all other medicines weakened me, and filled my system with poison; and I am satisfied that if families that live in the ague districts of the south and west would take Vegetine two or three times a week, they would not be troubled with the chills or the malignant fevers that prevail at certain times of the year, save doctors' bills, and live to a good old age. Respectfully

ALL DISPASES OF THE BLOOD .- If VEGE-TINE will relieve pain; cleanse, purify, and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies and suffering for years, is it not conclusive proof, if you are a authorer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the Great Blood Purifier. The great source of disease originates in the od; and no medicine that does not act directly upon it to parify and renovate, has any just elaim upon public attention.

MR. H. R. STEVENS-Dear Sir,-I have used several bottles of Vegetine; it has entirely cured me of Vertigo. I have also used it for Kidney complaint. It is the best medicine for kidney complaint. I would recommend it as a good blood purifier. N. YOCUM.

To the Proprietors of PHOSPHOZONE: Dear Sirs,—I was recommended by my phy-ician to try PHOSFOZONE, having been a martyr to Dyspepsia, with nervous prostration and defective nutrition consequent on the Dyspepsia, for three years, and have tried so nedicines before, you may be sure had my doubts as to its curative properties, but after taking a few doses I found the Dyspepsia yielded rapidly to PHOSFOZONE'S insidious action. I persevered, and am happy to say that, after taking six bottles, I find myself almost cured, and feel sanguine that a favorable result is inevitable.
