ALL DISBASES OF THE BLOOD.-If VEGE-ALL DISPASES OF THE BLOOD.—If VEGETIMS will relieve pain; cleanse, purify, and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies and suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the Great Blood Purifier. The great source of disease originates in the blood; and no medicine that does for act directly upon it to purify and renovate, has any just claim upon public attention.

To the Proprietors of PHOSPHOZONE:

Dear Sira,—I was recommended by my physician to try PHOSPOZONE, having been a martyr to Dyspepsia, with nervovs prostration and defective nutrition consequent on the Dyspepsia, for three years, and have tried so many medicines before, you may be sure I had my doubts as to its curative properties, but after taking a few doses I found the Dyspepsia yielded rapidly to PHOSFOZONE'S insidious action. I persevered, and am happy to say that, after taking six bottles, I find myself almost cured, and feel sanguine that a Inverable result is inevitable.
