The Daily British Whig. WEDNESDAY EVENING, SEPT. 18, 1878. CITY AND VICINITY. Gold New York at 3 o'clock [100] PROBABILITIES.—Moderate winds and generally clear weather.

THE CARETAKERS.—The Chief of Police is preparing to demand upon the carters who have been behind in the payment of their annual fees or licenses.

PETERSON'S.—This thoroughly good lady's magazine has put out a splendid issue for October. The Fall fashions are well worth the early attention it gives.

THE COUNTY VOTES POLLED.—In the County Election yesterday, only about 1,100 votes out of 1,986 were polled. Of the number of ballots cast 34 were spoiled.

HASTINGS ELECTION.—The figures to hand give Mr. James Brown, West Hastings, a majority of 111. The totals were: For Mr. Brown, 665; for Mr. Wallbridge, 546.

ST. JAMES' CHURCH.—A meeting of the ladies of the congregation is called upon particular business, on Friday afternoon at three o'clock, at No. 148 Barris street.

GARDEN PARTY.—Contributors of refreshments to the Garden Party will please send their contributions to the Y.M.C.A. rooms by 10 o'clock on Thursday morning, 19th inst.

STEWART'S VOTE.—Dr. Stewart received six votes yesterday—in sub-division No. 1, one vote; in sub-division No. 4, two votes; in sub-division No. 12, one vote; in sub-division No. 13, one vote; and in No. 14, one vote.

THE "what-the-hell-are-you-doing-here" Party of Alderman Drennan was snuffed out yesterday completely in Kingston. He will not only "damn and double damn" the Whigs, but consign it to a thousand perditions.

ROYAL MAIL LINE.—Changes of time of sailing are announced in the advertisement. The line also announces cheap rates to and from the Provincial Exhibition at Toronto, a most agreeable announcement to those desirous of attending it.

ALL BORN.—The Tories about the city are talking of the corruption of the Reformers. We may simply say that we know nothing of it, and that so far as Mr. Gunn and his friends were concerned the battle was fairly fought and the victory fairly.

THE RETURNING OFFICER.—Our contemporary endeavored to raise a dust about the appointment of the Deputy Returning Officer, but all who were in a position to judge had no fault to find with the conduct of these gentlemen. We believe all acted in the most impartial manner.

THE ABDUCTION CASE.—The young man who was charged with being concerned in the recent abduction of a little girl (the account of which recently appeared in the Whig) was this morning brought before the Police Court and committed for trial. Of course he will be admitted to bail.

THE DUFFERIN SHIRT BOILER BOARD, for which Mr. P. Curtis is agent in this vicinity, is well worthy the attention of all those who have hitherto followed the old and tiresome way of ironing. The moderate price places it within the reach of all. See advertisement.

FRAGILELY DEPARTED.—All the success which the Opposition were enabled to win in other places has not been sufficient to counteract the defeat which the Tories sustained in this city. So much depended upon Sir John that his fall even in the face of his party's success, was not enough to inspire enthusiasm.

A PLEASANT TRIP.—A number of gentlemen from Cape Vincent, Watertown, and this city, are thinking of chartering the "Maad" for the Hanlan-Courtesy race. They propose to put the tickets at about \$10 each, and limit the sale to sixty. This would be a very pleasant trip.

FRONTENAC WARD.—The News said yesterday that a prominent Grit had staid on the street to a number of the faithful, "Gentlemen, if you kill them (the Tories) in Frontenac Ward, you kill them in the city." And Frontenac did deal them a fatal blow, and Sir John's defeat certainly followed as one of the consequences.

LONG LEAVE.—Rev. Canon Mulock, of Brookville, has secured a leave of absence for six months and with his wife, leaves for Denver, Colorado, on Monday next. The object of his visit is a sad one; the care of a married daughter, whose life is gradually drawing to a close. Rev. T. C. DeBarres will fill Mr. Mulock's place.

TO-NIGHT.—The Tories talk of having a demonstration this evening. What the local Conservatives have to boast of we cannot see, since Sir John's defeat indicates how much they did for the party. Mr. Gunn's election is a bitter pill all the same, and on several vessels in the harbor, and on Holcomb & Stewart's elevators flags are flying.

VERY BITTER.—Sir John Macdonald said the other day that were he beaten in Kingston he would take it in good part. But he was not so well pleased after all. This morning he met one of those who had prominently supported Mr. Gunn, and in an angry tone of voice he said he should pursue this man to the bitter end, "that he should never forgive him to his (Sir John's) dying day."

THE FREEMEN'S TOURNAMENT.—Now that the election is over our friends devote a little attention to the Freeman's Tournament, which will occur on the 26th and 27th—next week. Capt. Horsey is laboring energetically to make the tournament a success, and his efforts, we hope, will merit the support of our enterprising citizens. The programme would certainly indicate that the coming event will be one of great importance.

NO DEMONSTRATION. The unfortunate death of the young man McCune today has produced such universal regret that it has been decided to abstain from demonstrations which were contemplated this evening. The unhappy incident has called for the sympathy of all parties, irrespective of their political positions.

THE OFFICIAL DECLARATION will be made on Thursday at noon at the Court House.

THE ELECTION ACCIDENT. Last evening an accident occurred which has since ended fatally. After Mr. Gunn had addressed the electors from the steps of the Police Court he was carried to the Garden Island, where he died.

MR. GUNN'S DEPARTURE. After many years of battle for Reform and good Government the Liberal party of this city has at length achieved a signal victory. Rank and file fought a hard fight but they had their reward, and last night Sir John Macdonald realized that he could not humbug the electors of this old constituency any farther, and that if he desired a seat in Parliament he had to look elsewhere for it.
