Waste In Social Life.

shop Clark says some very sansible a about waste, in the last New York Cedper . There is an awful waste of time in social life, wasted to doing nothing or worse than sothing in dawdling and lounging and sky gazing, in waiting for something to turn up, in hearing what is not worth reading, and in innumerable other ways which are familiar to us all.

Men waste a great deal of their aubstance. They do it in high living which may really be very low living, in giving to unworthy objects, in stock speculations and like investments of all sorts, in not keeping their accounts straight, in 'relyinsuring in bogus companies, in buying what they do not need, in holding on to their goods too long, in allowing their wares to deteriorate, in neglecting to keep things in proper repair, in foolish endorsing, and trying to help those who are to lazy or shiftless or stupid or ignorant, to take care of themselves.

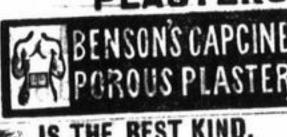

Men also waste their influence. They do this by enlisting in foolish causes and absurd schemes, by coming to rash de-cisions and acting accordingly, or by coming to no decision at all and so not acting at all, by some infelicity of manner or temper, or by the want of a proper moral balance. Nothing weakens a man's held upon society so much as doubts of his integrity. How many splendid installects have been wasted because of a weak or perverted conscience.

TILDEN'S WEDDING .- How the false report of Mr. Samuel J. Tilden's engagement to marry a St. Louis young woman originated is explained by the newspapers of that city. 'The Mistletoe Bough' was to be performed for the benefit of a fashionable church, and Misa Hazeltine was to enact the bride. Some of the women who managing the enterprise thought it would be an effective advertisement if the public could be told that Miss Hazeltine was betrothed to Tilden, and accordingly they gave this published it.

THE LATE FAILURE. - The failure of a large Sugar Refinery, known as the New York Steam Sugar Refinery Company has led some inquiries being made on the subject of that kind of business, from which it appears that there has lately been thirteen sugar manufacturies closed in the United States. The parties connected with the New York Steam Sugar Refinery allege that the cause of this break down is found in the new mode of adulteration adopted by some of the Refiners, which has made it quite impossible to compete with the rubbish which they sell.

THE VICE-REGAL RECEPTION. - The "Black Prince," of which the Duke of Edinburg is commander, will come out several days before the "Szrmatian," and the Duke will meet the Vice-regal party at Halifax. It will probably be the first week in December before they reach Ottawa. No troops will be sent out from England, but the Lieutenant-General has recommended the Government to place a permanent guard at Rideau Hall.

POROUS PLASTERS.

IS THE BEST KIND.

This remarkable article contains all the qualities of the slow acting common porous plaster and in addition an entirely new combination of active vegetable ingredients from which it derives its wonderful pain relieving, strengthening and curative preperties. It relieves pain almost immediately and cures where other plasters will not even relieve. The manufacturers of Benson's Capcine Porous Plaster were awarded the highest and only medal of ment given for plasters at the Cen tennial 1876. Your family physician will con firm our statement regarding its great ment For Lame and Weak Back, Kidney Disease Rheumatism, Stubborn and Neglected Colds, Lung and Chest Difficulties, The or to Lameness and Weakness peculiar to Women, Nervous Affections of the Heart, Chills, and Fever, Scintica and Lumbago, Diseases of Children such as Whooping Cough, Colds and Croup, (when applied in carly stages,) and all local aches and Pains of young or old T IS SIMPLY THE BEST REMEDY EVER DEVISED OR KNOWN BENSONS

CAPCINE POROUS PLASTER.

There is no other remedy so well adapted for the above class of ailments. Noother remedy centains the same combination of medicinal ingredients. Benson's Capcine Porous Plaster is positively far superior to common porous plasters, and to all other external remedies including limments, and the so called electrical appliances. Its powerful influences is felt almost at the first moment of application. It gives relief, comfort and life to the afflicted. It is neat and convenient, also pleasant to wear as it creates merely a sensation of gentle and etimulating warmth.

CAUTION.

There are Fraudulent and worthless imitations of Benson's Carcine Porons Plaster in the market. One in particular, having a similar sounding name, contains lead poisons. Each genuine Benson's Benson's Capcine Plaster has the word Capcine spelled C-A-P-C 1-N-E. Take no FOR SALE BY ALL DRUGGISTS. Price 25c
