WEDNESDAY EVENING, NOV. 13, 1878. CITY AND VICINITY.

Nov 12th, in New York at 30'clock 100.

PROBABILITIES.—Decreasing westerly to northwesterly winds, partly cloudy to clear cooler weather.

FREEZING UP.—The Rideau River, at Meriville, is frozen up, and three steamers and several barges have been stuck in the ice.

HERE ON FRIDAY.—Dr. Hotchkiss, the celebrated truss man, will reach Kingston on Friday, and his patients will find him at the City Hotel.

NIGHT SCHOOL.—The number of persons now attending night school is greater than that of any previous year; and Mr. Metcalfe is meeting with great success.

PRESENTATION.—A meeting of the subscribers to ex-Mayor McKelvey's portrait will take place in the Council Chamber, on Friday, the 15th instant, at 8 o'clock, for the purpose of presenting the picture.

THE STUDY CASE.—On the first page of this issue we give a condensed report of the statement made by Miss Sturdy, to the *Journal*, respecting her prison life. It is interesting and will repay perusal.

POLICE.—Alexander Nicholson was charged with being disorderly. The case was withdrawn on the payment of costs. John Caughney and Moses Faubert, drunk and disorderly, were dismissed on promising to lead a better life.

CORRUPTION.—In the report of the improvements at Bajaz Brewery it was stated last evening in the *Whig* that the establishment was on the corner of Wellington and Bagot Streets. It should have been Wellington and Bay Streets.

DRUNKENNESS.—Yesterday and last evening appeared to be a gala day for drunks. Some fourteen were counted on Princess street, well filled with the "beverage." Among those were several women. Kingston is becoming noted for its increasing number of imbibers.

HORSE THEFTING.—Quite a debate occurred in the County Council this morning in reference to the payment of rewards for the apprehension of horse thieves. The amount was reduced to the minimum sum of \$20. The former reward was \$50.

THE SPEEDWELL OFF.—The *Palladium* says the cargo (lumber) of the schooner *Speedwell*, which was ashore at Ford's shoals, was lightered Monday. She was pulled off by the tugs *Wheeler*, *Morey* and *Gardiner*. Her cargo has been discharged. The damage is not thought to be great.

MACHARY V. VANDEWATER.—Judgment in case at Toronto Decree for payment of the sum paid by the plaintiff for the twenty shares of stock purchased at Montreal, i.e., \$200, and with interest and all costs and expenses to which he may have been put. The decree to be with costs.

ELECTION.—The following officers were elected last evening for Ancient Frontenac Chapter No. 1, R. A. Masons: Ex. Comp. G. M. Wilkinson, 1st Prin. W. A. Gunn, 2nd Prin. W. Bailie, 3rd Prin. Leitch, S. E. W. Lewis, S. N. W. Clarke, P. S. E. Ball, Janitor.

FIVE YEARS.—This morning Warren Godfrey was brought before Judge Price and sentenced to five years' imprisonment in the Kingston Penitentiary, for robbing the Mountain Grove Post Office, which offence he voluntarily admitted. We believe search is still being made for the money, but so far it has not been found, although its recovery is sanguinely expected.

RICE COLLECTION.—The *Addition Reporter* tells us that the Missionary services in connection with the M. E. Church, Orleans, were held last Sunday evening. Bishop Carman officiated on the occasion and preached a very lengthy sermon, much to the disapproval of a weary congregation. \$22.34 was subscribed, 34c. for the heathens in distant countries, and \$22 to get it to them.

SCOTCH SOCIETY.—A meeting of delegates of Scotch societies was held in Hamilton yesterday morning, when it was decided to send a deputation of seven to Ottawa to present a joint address to the Marquis and Marchioness of Lorne, welcoming them to Canada. Kingston was not represented at this meeting, but it was understood that the St. Andrew's Society was in perfect accord with the movement.

TIME TABLE.—On Monday a new table came in force on the Grand Trunk, but it is on the safe side to prevent disappointments to travellers leaving the city. Going west the only change is four minutes earlier in the arrival in the morning, the hour of departure being the same as before. Going east the morning train leaves ten minutes later, and the evening train five minutes later than before.

HEARD FROM.—The *Waterloo Dispatch* asserts a former Frontenac celebrity, who was winning fresh fame this week: "Wm. Foye, who was convicted with a murder near Sharbot Lake, Ontario, and who has resided in this city for some little time, will stop the coming six months of his earthly career at Syracuse, N. Y. He was shot, and a

Congregational Meeting.

The Eastern District Association of Ministers commenced their annual meetings to-day in the Lecture Room of the First Congregational Church; Rev. W. M. Peacock, President, in the chair. There were present: Revs. S. N. Jackson, D. Macallum, John Brown, R. Brown, A. O. Coover, John Wood, Geo. Willert, R. Mackay and others.

The Rev. A. O. Coover, of Belleville, was elected President for the ensuing year, and Rev. R. Mackay was re-elected Secretary-Treasurer. The Rev. D. Macallum, of Athol, read a paper on "The Doctrine of Eternal Punishment." The paper was a long and able one, and we cannot attempt to give extracts from it, as it would not do justice to the writer. In the afternoon the Rev. John Wood, of Ottawa, read a review of "Bunnell's Christian Nurture," which was followed by a discussion on "The Relation of Children to the Churches." A public meeting will be held in the First Congregational Church, Wellington street, in the evening, when a sermon will be preached by the President, Rev. A. O. Coover. The public are cordially invited to this meeting. The Association will in session to-morrow forenoon, and in the evening a number of the brethren will take part at the social meeting to be held at the new Bethel Church.

A Romantic Youth.

Last summer, during the Temperance Convention at the Thousand Island Park, a Kingston youth suddenly and mysteriously disappeared. No one suspected that any evil had befallen him, but his absence no one could account for at the time. This week he returned home, and he comes having passed through an experience which is yet reserved for many other heads. It appears that while at the camp ground he became possessed of a burning desire to travel, and one evening took passage by the steamer "Grano" for Clayton. Thence he proceeded to New York, where he engaged as cabin boy upon an outbound ocean steamer. Subsequently he visited Antwerp, Brussels, Londonderry, and several other places, having enjoyed all the romance he desired, but his roving career was finally checked by some English gentlemen who had been on the look out for him, pursuant to parental orders, and who started him for Kingston per steamer "Sardinian." The lad was glad to see home, but there is a great difference between Europeans and Canadians, you know!

Marine Notes.

LATE INFORMATION.—Capt. Gibson, of the schooner "Ariadne," tells the *Ottawa Herald* that his crew and the crew of the schooner "Republic" took the latter's jawl and followed Moses Dalmeida, the sailor who was wrecked, till they struck the Ducks, where they lost him. They landed and owing to the gale did not get back to their vessel till the following night. This information, if made public earlier, might have saved severe curures of the vessels then lying in South Bay.

WESTERN NOTES.—An American tug has been seized while wrecking in Canadian waters at the Saulte. The propeller Atlantic reports good sleighing in Marquette, and also ice quite thick in the Portage River.

A MISTAKEN IDEA.—In the County Council yesterday a document was read from the County Clerk, one clause of which conveys an erroneous impression. It said that claims had been presented to the Board of Audit by the city police for service which was covered by their regular and stated salary. Now we know that this is not the case, but that the expense which they are not to have recovered was occasioned by the arrest outside of the city limits of offenders at the instance of the County Magistrate. If the County Constable is not or cannot perform

COUNTY COUNCIL.

TUESDAY AFTERNOON'S SESSION.

The Autumn session of the County Council opened at 2:30 o'clock. All the members were present; and the Warden presided.

The minutes of the last regular and special session were read and adopted.

OFFICE ACCOMMODATION. A communication was read from Judge Price, asking for additional accommodation for the Clerk of the Crown, especially a new place for the filing of documents, and a private room in which examinations may be held without interruption, which cannot be expected in a public office. These changes had been recommended by Judge Burrows and Mr. Jackson, Inspector of Crown offices.

CLERK'S ACCOUNTS. A long document was read from the County Clerk, making suggestions to the following effect:

1. A re-modelling of the by-law relating to the payment of pedlars for the apprehension of horse thieves. There had at present \$30, payable on the certificate of the convicting judge. The recent experience of the Board of Auditors had shown that in some instances the reward does not reach the hands of the person who by the spirit of the by-law is intended, the county ratapayers, but is received by the police. He thought the reward should be reduced to the minimum sum of \$20, fixed by statute.

2. That at every sitting of the Board of Audit claims are sent in by the city police for services in arresting criminals, which it might fairly be presumed are covered by their pay from the city. These claims have from time to time been referred to with great reluctance, by the Board, for want of any satisfactory authority against them, and it might be the means of saving considerable to the county if the opinion of some competent authority was taken on the matter.

3. He suggested an examination of the accounts previous to being submitted to the Board of Audit.

4. In consequence of the many changes in the municipal law during the past few years some of the county by-laws might safely be repealed. Some have fallen out of date, while one passed dated as far back as 1850, and still unrevoked, authorizes the Treasurer to retain ten per cent. of all moneys received and disbursed on account of the Kingston and Napanee Roads. He suggested a committee to revise the by-law.

5. With reference to the payment of Crown witnesses under chap. 87 of the revised statutes, sec. 7, it is directed that every order for payment shall be by the Treasurer of the county in which the offence was committed, or supposed to be committed, or if such offence was committed in a town or city, or supposed to be committed in a city or town separated for municipal purposes from the County, that the order shall be directed to the Treasurer of that city or town.

Last year the sum of \$24,04 was paid by the County to such witnesses, some of which should have been paid by the city, but as the orders were directed to the County Treasurer he was compelled under the Act to pay in the first instance, trusting to be repaid by the city, but this sum not to have been done, and the account is still owing as a debt from the city.

6. That probably before the new Council meets the Local Legislature will be in session, whether some steps should not be taken to endeavour to procure an amendment of the law as to the assessment of property, and the necessary co-operation of other municipalities to that end. The present cost of assessing the county is about \$1,000 a year, at an average of \$60 per municipal ward, a sum for which the County allows for expenses, one person would assess the whole county. The alteration, therefore, that he suggested, was that power be given to County Councils to appoint an independent competent man to assess the whole County, whose assessment, when confirmed by the County Judge, should be final, for any three or five years, as it is hardly probable that any great change would take place in the value of property during that period. He would also do away with the local Courts of Revision, and make the appeals to be directed to the Judges, whose decision should be final. This, or some other system of assessing, he thought, should do away with what has become almost an annual affair—an appeal against the equalization of the County assessment.

8. In conclusion he suggested that, as it was probable the new Governor-General would visit Kingston before next session, a Committee be appointed to draw up an address and assist the Warden in presenting it.

On motion of Mr. J. R. Dawson, seconded by Mr. Flynn, the above was referred to the Warden and the chairman of the several Standing Committees, after a vote had been taken, Mr. Calvin voting nay.

ACCOUNTS. A number of accounts were read and referred to the Finance Committee.

NOTICES. Mr. Joyner gave notice that he would on the morrow introduce by-laws regulating the payment of accounts, the issue of auctioneers' and pedlars' licenses, the payment of rewards for horse thieves, and the consolidation of the County debt.

The Council adjourned until 10 o'clock on Wednesday morning.

WEDNESDAY MORNING. The Council came to order at 10:30 o'clock, all the members being present and the Warden in the chair.

The minutes of the first day's session were read and confirmed.

EQUALIZATION. A letter was read from the County Judge, appointing Monday, 18th, for the trial of the equalization appeal, of which fact he notified all persons to take notice.

GOAL SERVICE. A communication was presented by the Governor of the Goal, Mr. C. H. Corbett, denying that there had been any law by the oaken "teasing" in the County Goal. He gave a financial statement, showing a gain of over \$200.

BY-LAWS. The Clerk read the by-law respecting the payment of awards for the apprehension of horse thieves, which was read a first time; also

A by-law relating to the issue of licenses for auctioneers and pedlars, a long document, which was likewise read a first time.

A by-law to regulate the payment of public accounts, no goods to be procured for the Court House or Goal except on written order, and this order shall be checked with the account of the same when put in, the examination to be made

Trowbridge, March 22, 1878. Messrs. Milburn, Bentley & Pearson, Gentlemen.—About the first of November last I contracted a very heavy cold, which settled on my lungs, and through long breathing, the domestic properties of Robinson's Phosphorated Emulsion of Cod Liver Oil, with Lactic Phosphorus of lime, made itself in me healing and soothing effect upon the irritated mucous membrane of the bronchial passages: the cough quickly yielded, the hoarseness subsided, and I was enabled to resume my usual avocations, and to hope looking on to life and health.

Prepared solely by J. H. Robinson, Pharmacia Central, London, and sold by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

For Full and Winter Clothing you will do well to deal with J. V. Royal, Princess Street, Kingston, Ont. Nov. 11, 1878.

Mr. David Clark, 370 West 39th St., New York, sprained his wrist badly while working. Suffered fearfully a week; applied GILES' LIMELESS LINIMENT OF ANTIMONY three times, and cured wrist.

Two and 50c per bottle. For sale by J. G. King and Heath & Gunn.
