The announcement of the death of Dr. Haney, M. P. P., for the County of Monck, few were prepared for the intelligence of its mortal termination. Dr. Haney was a staunch Liberal in politics, and has been, though not a alavish, a consistent supporter of the Mowat Ministry. His demise will 'open' an quent occurrence lately - and as the constituency was carried at the late Domindegree of certainty.

his nature this too must be thoroughly ity. sated by the storm of popular indignation which is aweeping down upon the hapless head of the intending assassin. The culprit will likely expiate his crime with his life, unless the magnanimity of the King himself shall commute his punish ment, since the very tresson of the attempt on the life of a monarch, no mat ter how unsuccessful, is a capital crime The congratulations of the Pope must have been grateful to the Italian King, especially in view of the rather uncordial relations which subsisted between their respective predecessors.

Some of the Tory organs are trying to extort a grievance against the Ontario Government ont of the late Central Prison fire. They are at any rate "improving" the disaster to remind the publie that the late Sandfield Macdonald The Globe neatly spikes this Tory gun by explaining that the original plan em braced the building of three prisons at the estimated cost above quoted for each, of the sum above quoted, and that the accommodation contemplated in all has been furnished in the "Central" at a cost not much in excess of the total original estimate. While the Tory organs are on this tack, however, we would respectfully suggest that they should apply the same rule precisely to the Parliament buildings at Ottawa. Let the original estimate of the cost of these buildings be contrasted with the actual expenditure thereon-all during Conservative regime-and we fancy that Tory carpings at Central Prison expense will be shamed auto silence.
