PROBS .- Brisk to high northerly northwesterly winds, rainy, fellowed by partly clearing weather and cooler Storm signals are up on Lake Ontario and everywhere east.

CHANGE .-- The weather to-day has changed considerably since yesterday. Last evening was clear and pleasant. Such changeable weather may be expected at this time of the year.

LARGE ATTENDANCE. - The City Hal was tilled last evening to overflowing. There were nine hundred tickets taken at the door. The proceeds therefore nets ted a handsome sum.

PRESENTATION. - The ladies of Bothwell sounty on the 19th inst, presented Hon. D. Mills with an address and a gold headed cane. He thanked the ladies for their present, and made a short speech on "Reform Progress."

ASSEMBLY. - This evening the employees of the Portsmouth Tannery have their annual assembly in the Town Hall. The prospects are that an excellent time will be enjoyed. It is unfortunate that the weather should be so damp.

STREETS. - The streets are now in an awful state. Mud and water worked to the consistency of paste make it disagreeable travelling. The roads in the country are in wretched condition in some parts nearly impassable. If frost should set in they would be very rough

FOOT BALL .- On Thanksgiving Day, (4th December) the Queen's College Foet Ball Club will kick a match with the Carleton (Toronto) Club. Last year these organizations had a meeting, anr the friendship then formed will be furtheadvanced and developed by the approachd ing contest.

RECOVERING. - We re echo the senti ments of our contemporary in expressing the pleasure which many will feel in noticing that Rev. Father Leonard has recovered his health so far as to be able to enjoy outside exercise. We hope he may long be spared to raise his eloquent voice in pulpit ministrations.

Pestponen.-In consequence of the exceedingly tempestuous weather the Queen Street Chair could not to-day leave for Napanee to fulfil a concert engagesize required and fluished in Oil, Water Colors | ment for this evening. We presume the Concert, under these circumstances, was postponed. That seems to us to be the inevitable result, disappointing as it may

A SERIOUS OFFENCE. - One Henry G. Goy, a bartender in a Watertown hotel, having given a negro named Perry Green such an excessive quantity of liquor as to cause his death. The deceased drank about thirty glasses in all. Young Goy

must feel happy with this reflection pressing upon his conscience. MUNICIPAL POLITICS. -In Napanee these are becoming quite interesting; Mayoralty. Messrs C. James and A.

Henry, (Standard), and the present incumbent, are talked of, while it is stated that about every member of the Council will be condidates. All cannot be elected and all cannot enjoy the honour. WILL HE RUN AGAIN !- Rumor hath it that some Conservatives, speculating upon the unseating of Mr. Gunn, will again ask Sir John Macdonald to allow

them to nominate him as member for the city. Will be run? Admitting his Chas. M. McCanu, W. H. L. Atkins, shrawdness and common sense, we should say he knows a thing or two better than THE KINGSTON PETITION. - To-day we print a copy of the counter petition fyled in the Kingston election case, which charges corruption against Sir John Macdonald. The appearance of this article Martin Redmond, iu our columns will give our contempo- William Chapman, David Haggerty,

A GAME OF BLUFF. -Our contemporary says the counter petition of Mr. Gunn, in the Kingston election case, is meant for a game of bluff. We have no evidence of that fact. We have reason to believe that such was the intention of the petition of the Tories of the city. The Liberal party claim just what the L C.A. are credited with desiring an opportunity to show up the other side, and

the former are ready for the fray.

THE HALL LIGHT. -There is a great mprovement in the City Hall light, larger burners having been inserted in the new circular pipe. As yet there is a noticeable shade in the rear of the hall, which can only be relieved by the addition of a couple of brackets corresponding with those on the platform, at the

A Bio Haul - Mr. Cronk, a fisherman located near Telegraph Island, Bay of Quinte, recently caught 23,000 white fish in one day. This story is of a piece with those respecting game hunting, now occupying the attention of the sportng community. But the hunt for game this season does seem to be an unusual success, and Kingston district has been a favorite resort for many living far east and west of us. Two gentlemen, of Montreal, recently shooting about the Rideau Canal, made a great howl,

CONSERVATIVE CONSISTENCY.

How many Tory protectionists in our City Council will endorse the action of the Fire, Water and Gas Committee their recommendation to purchase Ameri can manufactured hose ? When the lat Administration purchased locomotives of American manufacture, there was a uni versal howl raised against their action by the Tory press, which was taken up by the Tory party, from the arch protectionist himself down to the lowest stump orator that held forth in the interests of the N.P. No matter if a better article La Gold in New York at 3 o'clock 100 could be purchased from the Americans or that it could be purchased cheaper; that it was produced in Canada was sufficient reason why it should be purchased from the Canadian manufacturer, thereby encouraging home industry, and giving employment to the Canadian workingman. In connection with the purchase of hose for the use of the Fire Depart ment we have a striking instance of Tory inconsistency, when they are required, or have the opportunity of putting into practice the doctrine which they have so loudly preached. It is well known that there is a majority of Conservatives in our City Council, and that our Chief Magistrate is politically of the same stripe That the Chairman of the Committee on Fire, Water and Gas is a Conservative and strong protectionist, and that he is supported by a Conservative committee no one will attempt to deny. In the face of all these facts that the protectionist element in the City Council will have the hardihood to vote for the chase of American manufactured hose can hardly be conceived. Yet, that they will evince no hesitation in carrying out the recommendation of the Committee will be but one more instance of the in sincerity of their political creed. The City Hall has not lately been bombarded and taken as it was this occasion. Everybody and his wife were there, and at about eight o'clock the doors had to be closed on account of the hall being jammed completely from from to rear. Shortly after eight o'clock the band of the 47th Battalion opened the evening's entertainment by a well execut ed piece of music. The choir of to the number of about thirty voices Queen street Methodist Church next made their appearance upon the platform, the ladies being very becomingly and artistically dressed. They gave the an them "Oh hail us, ye free," and were well received by the audience, who at the close greeted them with well merited applause. Prof. Singleton, of Port Hope, being the next on the programme, gave a piano solo entitled "Miserere du Trovatore," and showed himself to be a skilful musician, his fingers drawing the sweet essence of music out of the instrument to the appreciation of the company present. Miss Barr, of Hamilton, who has appeared before in Kingston, had quite an ovation as she appeared upon the stage. Well may Hamiltonians be proud of their "wee Maggie Barr. We envy them the honopr such a fair and beautiful singer. She sang "Dids't thou but know," with much feeling and earnestness, and from the very hearty recall which was given at the close it was evident that she had found hearty response in the audience. After repeated encores she returned and bowed her acknowledgement, a response in song being out of order so early in the evening.
