MILO'S

Paint Shop Removed.

TO MEET THE DEMANDS of increasing business I have removed my Shop and Paint Shop from the old premises, to QUEEN STREET, one door above the residence of Mr. G. H. Williams.

Work promptly executed. Y. C. MILO.

The Daily British Whig.

FRIDAY EVENING, DEC. 6, 1878. CITY AND VICINITY.

Gold in New York at 3 o'clock 100.

SALE OF BARGE.—Mr. Conroy's barge, in use on the Rideau Canal, was sold yesterday to Mr. John Smith for \$400.

ARRIVAL.—Mr. Chas. Conroy, M. A. M. D., P. L., has returned to the city after a very pleasant season spent abroad.

WALKING.—Miss Bertha Vanberg, a professional pedestrian, will likely visit Kingston. She makes quite a sensation wherever she goes.

SERMON.—The Rev. Mr. Galbraith will deliver a sermon to the "women of the congregation," in Sydenham Street Church, Sunday evening.

PROBABILITIES.—Moderate to fresh westerly to northwesterly winds, cloudy or partly cloudy weather, with snow flurries. No decided change in temperature.

THE MAYORALTY.—Mr. Alex. Henry, of the Napanee Standard, is a candidate for the Mayoralty of Napanee. Mr. Gildersleeve is actively canvassing for election for this city.

THE OSWEGO BELLE.—The propeller "Oswego Belle" has been sold to Mr. Andrews (one of the owners), for \$12,000. In the spring \$7,000 was offered for the "Oswego Belle" and refused.

TARTAN SASH RIBBONS.—Two inch ribbon to match the Victoria Clan, (Princess Louise), The Campbell Clan, (James of Lorne), The Royal Stuart, (Princess Louise) the Argyle Clan, (Marquis of Lorne), at A. Ross.

COMMERCE.—The "Querist" journal in the world is that a certain anonymous letter is anonymously ascribed to an attaché of the Collegiate Institute. A stone thrown in that quarter in return might make a big smash of glass.

DEATH OF MR. FARLEY.—To-day is announced the death of a genial, warm-hearted resident of Pittsburg, Mr. Hugh Farley. He had spent thirty-seven years in the township, and was a hard-working, independent farmer, respected by his neighbors and beloved by his family.

TANDY BROTHERS.—For the information of those who have made enquiries to that effect, we may say that the Tandy Brothers have made the following engagements: Clinton, Dec. 9th; Petrolia, 11th; S. Rathroy, 12th; Sarnia, 13th; Woodstock, 16th; Listowel, 18th; Ferris, 19th; Guelph, 20th.

KITLEY.—E. W. Beaton, M.A., formerly incumbent of Arnprior, has undertaken the re-organization of the Mission of Kitley. The mission has for over a year destined of the ministrations of the Church, its last missionary, J. R. Forsythe, M.A., having left it after the unfortunate destruction of the parsonage house by fire.

EXCITING.—Some unfortunate delinquents who have been unnecessarily scared by being served with notices re-sembling Division Court summonses, the receipt of which has a tendency to make the delinquent pay a quid pro quo. The City Solicitor to-day gave us instances which were amusing, at the same time a serious offence against legal authority.

FOOT-BALL.—The foot-ball match which was to have taken place on Thanksgiving Day, will take place on Tuesday, the 17th inst. The disappointment on Wednesday was caused by the principal players of the Carleton Club being engaged elsewhere, and they couldn't muster a good enough team to come to Kingston. The match will take place on the cricket field.

THE CAMPAIGN.—There is not much time between now and the day of election of municipal representatives. Already candidates are looking to the electors and but a few days more elapse before the public are yet in darkness about the designs of some men, since they have not through the newspaper indicated what they mean to do.

CHANGE OF PROPRIETORS.—The Woodruff House, Watertown, N. Y., will have a change of proprietors February 1st, 1879. Messrs. Buck and Sanger, who have so long and acceptably occupied it, will vacate at that time. They have not decided where they will next locate. Montreal, Ottawa, New York, Rochester, Albany and Syracuse each present favorable openings for them.

LUMBER LIMITS.—Among the notices in the Ontario Gazette, for the next meeting of the Provincial Parliament we find the following: To legalize and establish the several dams and improvements on Partridge Creek, situated on lot 29, in 8th concession of Anglesse, and the Long Lake dam situated on lot 32 in 17th concession of Anglesse, in the County of Addison, and for liberty to flood the lands above and below the said respective dams, for the purposes of the said dams, owned by Messrs. Rathbun & Son, and Gilmore & Co., upon such terms as to compensation as may seem just.

POLICE COURT.—There was a Court this morning, but we did not get a minute of the business. Flunkymism so much relied by the higher functionaries that a common sergeant cannot supply the information. The reporters are referred to the Sergeant-Major, and for him they must wait from 12.30 until 3 o'clock or disturb him or his superiors at their homes, which they are not disposed to do. If this nonsense is continued we may have to speak of some of these officials in a way they may not like. We want the information, and we are going to look after no one for it.

WIND WAFFS.

Woolen suits are now in fashion.

Don't throw any solid mud at a person now.

Jack Frost was out last evening and made everything solid.

Misery loves company, but does not take kindly to surprise parties.

Only nineteen nights more before we hang our stockings on the back of a chair.

Strange, isn't it, that all the papers at the Y.M.C.A. are always about two days old.

We have found out why winter has not set in. It was frightened away by the sale of flour.

The rough places have been made smooth on Brock st., by the introduction of "cobble stone."

The counter petition in the Kingston election case has been served on Sir John Macdonald.

The Festival of the Immaculate Conception takes place next Sunday in St. Mary's Cathedral.

As we predicted, "Lorne" whiskey is now the thing. Always drink for Lorne's success.

How would you like a jolt through the country now. We have to take a meal every two hours.

The large engagement of a number of school teachers will depend largely on the Saturday evening meeting.

Oswego Fall: The report that Louis intends to do her own work is denied. The Marquis intends to advertise for a domestic as soon as he gets settled at Ottawa.

A big hole, which was caused by gas workers, in the middle of the street car track, near Montreal street, and every time a car passes the horse has to be unhitched, which make it very unpleasant.

One of the Fetter safety switches has been placed on the R. W. & O. Railroad at Watertown. We learn that Mr. John Rourke, of this city, whose mind is always charged with new ideas, has secured a patent for a new switch which promises to be extremely useful. We hope it will also be remunerative.

Last evening the first meeting of the Musical and Literary Society, in connection with Chalmers' Church took place. The meeting opened with the singing of the C. Psalm, followed with prayer by Mr. A. Macalister. Rev. Mr. McCuaig, President, then delivered his inaugural address, setting forth the object of the Society, and the spirit and feeling in which its affairs should be conducted. The address occupied about twenty minutes in delivery, and was exceedingly able and interesting. The choir sang "How lovely is Zion," in excellent tone and taste, and then Mr. A. P. Knight read "The Christmas Dinner," from Dickens. Miss Galloway sang "Fear not, little flower," and Miss Dickson gave a solo from some Italian piece, both of which were warmly applauded. Mr. E. H. Dickson read Pope's "Humanity," after which there was a discussion as to the manner and matter of reading at the meetings. This discussion was participated in by Messrs. M. Gage, E. H. Dickson, A. P. Knight, G. S. Hobart, and D. G. McFarlane. The entertainment closed with another anthem by the choir, "Blessed is the man that provideth."

Said a country debtor to a Kingston creditor the other day, "I want to pay that I owe, but my best crop is hay. It is now over so much I could not get out 400 lbs of hay on a wagon from my place except in sleighing, and if this winter will be like last, I may as well dig out." This man lives in Hutchinson, a township containing a large quantity of excellent land. The township of Kennebec beyond it is a thriving part of the forest outfit. Twenty-five miles of macadamized road, from Harrington post office to Arden village, would open up a large tract of country, fill it with farmers and add to the wealth of the city. Twenty miles of macadamized road from Harrington village to Ojinton Lake, and forty miles from Perth road post office due north through Bedford and Oro. All this could be attained at a cost of \$18,000 a year. It would pay itself at the end of 25 years in the increased value of land within four miles on each side of the road, not to speak of the effect on land more remote.—Com.

Counterfeiting.—Have the Odessa manufacturers of bogus money settled in Buffalo? It would seem so by a reading of the following in the Standard: A den of counterfeiters was broken up in Buffalo, Monday morning, by the police. The officers received information that parties living in a certain house had passed bogus half dollars. At the time a raid was made on the place a half containing fifty-five un-dusted counterfeit half dollars was discovered hidden in a box which contained about half a bushel of beans. They also found a quantity of acids, metal files, brushes, &c., used in making the bogus money. No names were found, and it is conjectured that the counterfeiters used plaster of Paris moulds, which were promptly destroyed. The bogus coins bear the date of 1876, and are very good imitations. All the arrested parties were Canadians who had been in the city but six weeks. The description of the work corresponds with that performed by Phoenix, the Ontario head of the counterfeiting gang, whose money was passed in this place.

BALL.—This evening the ball and supper of the employees of the Kingston & Pembroke R.R., takes place at Ferris' Hotel, Sharbot Lake. It will be attended by a large number, by some from Cape Vincent as well as this city.

SCHOOL MATTER.—We have received a communication from Dr. Agnew, County School Inspector, for which we could not find space to-day. It will appear tomorrow.

The Canadian Almanac for 1879 is now issued, with map of the city of Montreal. It is first class, as usual, and Mr. Arley and Henderson have it for sale at 15 cents.

RELIGIOUS AND POLITICS.

LECTURE BY CANADA'S OWN ORATOR.

It was to be expected that Mr. Chas. A. Conroy would visit the Medical College as frequently as possible, and great was the gratification which was generally expressed this morning when Canada's own appeared before them and accepted the greetings of the followers of Acapulco. Since last he lectured in Kingston great events have occurred, the most momentous being the general election, in which Charles says he took an active part as the faithful champion and supporter of Mr. Dalton McCarthy. Mr. McCarthy is now martyr for South Simcoe, but able to write M.P. after his beautiful name if it had not been for Canada's Own, who says he was specially commissioned by Sir John Macdonald to "distinguish the Grits," which he did to "his own satisfaction and patronage." This morning Mr. Conroy was very glad to see the students, and the students were apparently very glad to see him. His face was lit up with a radiant smile, his eye manifested that peculiar sparkle which gives the man distinction, and a Lorne collar and Louis necktie gave the person a Vice-Regal appearance. His lecture was a magnificent effort, clearly demonstrating that he has gained in power and fluency, while his language has become much grander than ever, the lead characteristic being his raised metaphor. The subject was as usual, very ably butted, and religion and politics were blended as only Mr. Conroy can blend things. The students applauded the speaker throughout and appeared to be very sorry when he came to a close. They were glad to hear, however, that he was en route to Ottawa, there to receive the rightful reward of his political services. Charles ought to have a seat in the Cabinet. We nominate him for such a place, trusting that if Sir John dares to give him a billet on the Canal he will rise in his dignity and bless the whole country.

LECTION OF OFFICERS.—ANCIENT ST. JOHN'S LODGE.—Last evening the election of officers took place, with a very unanimous feeling. The chosen are: W. Master—Bro. H. Nuttall, S. Warden—Bro. G. Durnford, J. Warden—Bro. W. G. Waden, Chaplain—Rev. Fr. Garrett, Treasurer—Bro. E. K. Walsh, Secretary—W. Bro. Sutherland, Tyler—W. Bro. E. Ball.

LECTION OF OFFICERS.—The officers of O.Y.E. Lodge No. 19, Portsmouth, have been elected for the ensuing year: Bro. John Marks, W.M., Geo. Holland, D.M., John Stewart, Secy., Wm. Payne, Treas., A. Sneath, Chap., P. Holmes, D. of C., N. Morrison, I.T., H. Woodhouse, O.T., Committee—Bros. A. Nicholson, D. Busby, J. Holmes, Geo. Clarke, M. McGee.

L.O.L. No. 325.—At a regular monthly meeting of L.O.L. No. 325, held on Thursday evening in the Orange Hall, the following officers were elected for the ensuing year: W. M. J. Lovick, R. O'Connor, T. R. Craig, D.M., T. Robinson, Chaplain, A. Swanson, Treas., Wm. Pugh, Secy., John Fotts, D. of C., Charles Brown, Chap., Committee—Bros. David Cunningham, F. Hornibrook, W. McCartney, W. Rollison, J. Blackley.

"Our Naughty Girls."—We have been requested to publish the following preamble and resolutions, passed by the Evangelical Alliance of Hamilton: "Whereas we are led to believe by the reports of the city papers and current rumor that the entertainment held in the Mechanics' Hall, of this city, on the evening of the 10th ult., by a troupe of females called the 'Hay Fakes' and 'Blondes,' was a serious offence against good morals, we feel called upon to express our solemn conviction that all such indecent exhibitions and vulgar innuendoes are an insult to the intelligence and morality of the community at every good citizen is bound to resent. It is therefore resolved: 1. That we pledge ourselves to be more earnest and concerted in warning the public against the demoralizing influences of such such unscrupulous and immodest persons. 2. That we respectfully ask the Directors of the Mechanics' Hall to support our earnest and conscientious endeavors by the exercise of a careful discrimination against all such entertainments as are suspected to be of an immoral character. 3. Recognizing the unquestionable influence of the press, we beg to bespeak its hearty cooperation in disseminating and announcing such exhibitions, which are no less prejudicial to the highest interests of the state than subversive of the spirit and doctrines of revealed religion. 4. We earnestly pray the City Council to take such action as may be within their power to protect the community against all such exhibitions as have a tendency to pervert the public taste and deprave public morals."

HAB ACCIDENT.—The Oswego Times gives an account of an accident in that harbor, by which one James Simson, of Kingston, sustained such injuries as may either cause his death or leave him a cripple for life. He shipped by the ship, Speedwell, and as the vessel was being towed out of the harbour he went aloft to loose the fore gaff topmast and fell. He struck on his back, and fractured his spine and brought on concussion of the brain. At present his legs are completely paralyzed.

BOARD OF EDUCATION.

THE REGULAR MEETING—SEVERAL IMPORTANT QUESTIONS.

Last evening the Board met, President, Messrs. E. J. B. Pease, (Chairman) Wm. McEwen, Prof. Watson, R. V. Rogers, J. Wilson, Dr. Fee, P. Williams, Dr. Oliver, B. M. Morsey, Benjamin Irving, A. McConaghy, T. W. McCrea, Wm. Allen.

A report from the Night School gave a roll of 48, with an average attendance of 37. The Chairman stated that the class was of better material than ever before, and that it was conducted most satisfactorily.

A letter from Mr. W. H. Brockshire, regarding the repairing and protecting of school pumps, was referred to Mr. Horsey, to act.

Applications for employment under the Board during 1879 were received and referred to the Committee on Teachers, Officers and Salaries, who will meet on Saturday evening and report. A letter from the Department of Education, regarding a certificate for a teacher of Queen Street School, and another letter setting forth the unsuitability of third class teachers for city schools, were referred to the same Committee.

Mr. Irving stated that the Committee, on a system of instruction in cooking for the public schools, were not prepared to report, but he moved for printed information. After a discussion as to the value of the information, the Board voted against the motion.

The Inspector's report for November showed that there were 1,654 pupils on the rolls, average 1,394; teachers about 73 days; teachers late 4; truanties 8. An unusually small attendance in Gordon street and Williamville schools was attributed to want of sidewalks in those localities. The night school works admirably.

The certificates of teachers applying for engagements were ordered to be presented for the information of the Board.

A further grant was passed to the credit of Frontenac School for late improvements. The work done there, under the direction of Dr. Fee, was stated to have effected a great improvement.

The Committee on Schools and School Property were authorized to get estimates of the cost of planking over the muddy plot in front of Queen Street School, on motion of Mr. Horsey.

Dr. Oliver moved a grant of \$20 for extra services for the caretaker of Catharqui School.—Carried.

A similar grant for Wellington Street School garden was passed on motion of Mr. Rogers.

Several accounts were referred to the Finance Committee.

Mr. Allen reported the temporary appointment of Mr. W. H. Godwin to Wellington Street School. It gave great satisfaction.

The department of Queen Street School, under Miss Givens, was stated to be overcrowded.

Two families from the Military College, or Point Frederick, applied for admission for their children to the city schools, they being within no municipality, and having no military school now in the gar- rison to send them to. Permission was granted. At the same time it was pointed out by members of the Board that twenty children out of the Tete du Pont Barracks were attending the schools free, and on motion of Professor Watson the Secretary was directed to apply to the Minister of Militia for a grant to remunerate the Board. The scholars will not be disturbed if a satisfactory answer be received.

The Chairman reported recent action, jointly with the Inspector, regarding teachers' examinations, and Dr. Oliver moved, seconded by Mr. Allen, that this Board assume the extra expense entailed on the High School Board in the examination of city teachers at the approaching sitting; and that this Board approve of the action of the Chairman in having said examination held in the city instead of at Sydenham.—Carried unanimously.

Adjourned.

THE COLLEGE.—Hand shaking is all the go just now, but let not the undisciplined credit the students with over-much affection for the election of officers of the Alma Mater Society for the ensuing year closes to-night.

Is your life worth 10 cents?

Sickness prevails everywhere, and every body complains of some disease during the winter. You must go to the doctor, and get well; now to say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Costiveness, Sick Headache, Sour Stomach, Heart Burn, palpitation of the Heart, Dropsy and Spina, Biliousness, etc., can take GILES' ANCHOR FLAVOR without getting relief and cure. If you doubt this, get a Sample Bottle for 10 cents and try it. Regular size 75 cents. Two doses will relieve you.

How little we know of each other! With itsstraggle, its fears and temptations, its heart-breaking cares and its stridings, many of our kind and nearest friends often suffer untold agony, when the proper remedy at the proper time would remove their pain as if by magic. For rheumatism, neuralgia, frost bites, bell's, surface neuralgia, etc., Hayward's Yellow Pills is one of the most powerful remedies in use. For sale by all dealers.

National Pills are purely vegetable, and act directly on the blood.

Little Fish have a proper idea of business. Not being able to do better, they start on a small scale. A sudden cold in the "little fish" of disease, as it starts on a small scale and results in the greatest and most-to-be-dreaded of all diseases—consumption. To kill this dangerous "little fish," use Hayward's Peppermint Balsam, the great remedy for colds, coughs, hoarseness, etc., 25c. per bottle.

Worms are the base of a child's existence—use Freeman's Worm Powders.
