HIGH ENDORSEMENT FROM THE MEDICAL COLLEGE OF PRUSSIA.

Is in receipt of an important official document signed by the PROFESSORS OF THE MEDICAL COLLEGE OF BRESLAU. PRUSSIA.

Embodying the result of an analysis of

#### RADWAY'S REGULATING PILLS,

Instituted for the satisfaction of the Prussian Government and people. It appears that the great po, ularity of the pills throughout Germany, as an aperient, anti-bilious and alterative medicine, had provoked the malice of the apothecaries, who caused a report to be circulated that the ingredients were poisonous Therefore, a scientific inquisition into their nature and properties was ordered, the issues of which was a most triumphant vindication of the sanitary value of the Pills.

The Faculty of the College state in their report that after a careful and minute exumination, they have the honor to state that "the pills are not only free from every substance injurious to health, but are composed wholly of substances and elements promotive of digestion, and certain at the same time to act favourably upon the nervous system," &c., &c. They state, further, that the injurious rumours set affoat by the Prussian apothecaries originated "in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within a very brief period."

Signed in behalf of the College, DR. PHIL. THEOBALD WERNER, DR. HEISE, First assistant.

Director of the Polytechnic Bureau. DR. RADWAY'S Pills are sold by Druggists and Country Merchants everywhere. Principal Depot for the New Dominion of Canada, 439 St. Paul, corner of St Francois Xavier street, Montreal, P. Q., D. C.
