Dear Sir, -- In May, 1866, I was attacked with a seve dry Cough, which continued hurshness for some time, when I commenced expectorating a thick white substance, then I raised a greenish yetlow and slate coloured matter, then bleeding of he lungs set in, and other symptoms of alarming character showed themselves. I consulted the leading Physicians in Philadelphia and other cities, who gave me no el couragement, as my disease was relief, but found none. In August, I had fallen in flesh from 155 to 136 lbs, and sink. del his advised me to leave the ship and go home. At home they considered my case hopeless, and wished me to remain there and not die in a fereign country. I visited St, John in October of the same year on my way to Philad lphia to join my ship, and was advised by a stranger who noticed my shrunken form and racking Cough, try your
