Acord-my to Mantton N. Y. SYRACT-E. N. Y. June 5 -Fred Stan of T. H. Asserbach, Buston, disappeared man advises in school affairs. The Auwith Fayette Piper son of an attorney glicane desire separate echools for another at Fulton, N. Y., from St. John's military reason, that their some and daughters may academy at Manlius, ten miles from this eity on May 24 h. Neither of thom has be educated religiously and eccularly, at been seen nor heard from since, nor have the same time, and because religion, slong the police been able to gain any clas to denominational lines, cannot be otherwise are large. For several days prior to their in which the young people may have their the enders to Kingston on I May 23 d for the colebration of the tates, is an impossible thing. There will ; b birthday. While their compan be dancing, even in Methodist schools, as work for a year for the mighbors whose time were in Canada, Augrench and Paper there has been dancing cleewhere, with or simmbers may have been disturbed. disappeared from the academy and came without church rules. to this city, where all trace of them was

"Opi/er per Orbem Dicor."

ALIEN LABOUR LAWS.

It is time that a definite understanding were reached in regard to the alien labour law. Canada has bad ruch a thing passed in conformity with public opinion as it has the American law continued to be cff insively enforced, and that some controverting | Why is it not enforced? influence had to be expressed in order to bring its notorious improprieties to a close. had to do with it submitted some Cana diane to undue severities. Cases were teported in which wrongs were inflicted and under circumstances that no government should have allowed to pass unnoticed. At length the elien labour law was procur. | sidewalks ? Does it exempt the ladies from |

with the Hamilton tailors' strike. Sir matter, been acknowledged in Kingston. Wilfrid Laurier announced that by consent of the international conference the the law, by a two third vote, and that population. even that will be of no effect until the preeident has signed the measure. De Barry balks too much. He has all along been a very officious personage. But he cannot ignore hissuperiors, and it is only necessary for the Canadian government to call atten-United States government has either neglected to discharge a very plain duty, namely, to are saint all ite officials with the terms of the agreement and to order the m to act accordingly, or these officials bave undertaken to run the government and to bring humilation upon it. One thing is certain, Bir Wilfrid Laurier could got have stated in the house of commons publicly that the alien labour laws had been suspended if this were not the fact.

SEPARATE SCHOOLS.

According to report the general superintendent of the Methodist Church bas not been talking good sense at one of the conferences. Dealing with dancing in the "There was a time when they shut out, perhaps wisely, religious denominational service from the school house, but is it not a strange thing that when they put the Lord and his worship out of the front door they brought in the devil at the back door Should this continue separate schools must come for Methodists and other denomina-

Now that does seem to be a strange statement for a man of Dr. Carman's experience. The occasion of it is not quite clear, but it is inferred that at the closing exercises or Christmas festivities in some of the public echools the young folks have indulged perhaps without meditation, in a dance, and, lo, the schools are no longer fit places for the training of the Methodiet their experare rebook! Now if that be all Europe. she good doctor has to complain of his programme of fauls finding must be some what scamped. He may be very earnest in destring the Methodists to be true to the rules of the church, and to avoid that young people will take part despite against it, and its impropriety may be questioned when every denomination save PINE BUD PILLS the Methodiet permits is. Moreover the Methodiste themselves are by no means united upon this subject Many of them

the rules, and the church does not seem most in having regulations not suited, apperently, to the conditions of the times, egrations , retel to resource desem sade best revision. Meanwhile is is not wise to taik about that exclusiveness which D.: Car the lade by I complained jubilant spirits suppressed, in which they | with whiskers ill and consequently did not will be made to act as the church dic-
