Mr. John Barley, Lachute Mills, Que., says: - "Up to about seven years ago I had always been a healthy man. At that time my health began to give way, and at last I was left almost a physical wreck and for the last five years have not been able to do steady work the best part of the time, and as the many medicines I tried failed to help me, I had, begun to look upon my case as hopeless. Finally a friend urged me to try Dr. Williams' Pink Pills, and now after the use of only five boxes I am feeling well and strong. It is simply marvellous what they have done for me, and I shall always recommend them to my friends."
