THAT

SIMSON'S

Is what may be called an EVERY DAY MED ICINE, and does not perform miracles, nor cure every disease, but as a remedy for the many complaints which are usually treated by Liniments it is unsurpassed by any other pre-paration and has well been called THE HOUSE-HOLD REMEDY. It affords the Proprietors much pleasure to

say they are continually receiving kind words and good wishes in its favor. MESSES, BROWN BROTHERS & CO. Druggists, Halifax, N.S.

Gentlemen.-I have been terribly troubled with rheumatic stiffness of the cords of my hands, and for seven years I have not been able to do any needle-work or sewing. I spent a great many dollars in trying to find relief, but without success until six months ago. I used a bottle of Simson's Liniment which has acted like magic. My fingers have regained their suppleness, which I despaired of ever retaining, and now after applying the contents of two bottles I can sew for hours without fatigue to my hands.

Score for the Whig.

The workmanship of the calendar lately issued from this office, for the Woman's medical college, has been highly spoken of by all who have seen it. The members of the college are well satisfied with it, and now believe what they did not believe before, that bookwork can be done as cheaply and as neatly in Kingston as in the more pretentious cities.

Who Is To Blame? Our attention has been called by indigmant residents of Barrie street to the lately neglected state of the cricket field. It is littered up badly with papers and refuse from the jubilee celebration, and also by piles of dirt not properly levelled. Theh sods were taken from the rear of the cricket shed by one of the city clubs and an ugly bare spot left to contrast with the neat court house grounds opposite, so creditably kept by the county authorities. The newlyplanted shade trees have been dying off for want of occasional watering. In truth it seems as if the city had reversed the order of improvement upon which it started last

A Literary Family.

The Montreal Witness, on February 10th, published a "Nameless Picture," and offered D prizes to children for the best story founded on the subject. The stories were sent in by March 10th, but so great was the number that the examination of them is only just concluded. The first prize was awarded to Miss E. F. Massie, daughter of Dr. Massie, of Keene, and the fourth prize also came into the same family. The family of Dr. Massie is to be congratulated upon the prominent place it assumes in the literary world. The laurels of the doctor himsel are by no means insignificant, and his children promise to tread in his footsteps.
