cavities leading from them. When these are clogged and choked with matter, which ought not to be there, your lungs cannot half dotheir work. And what

they do they cannot do well. Call it cold, cough, croup, pneumonia catarrh, consumption of any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

something under his breath and got off the "Yes," said the deaf man gently, "that's the tenth man within an hour that's told me it was a hot day. P'raps they imagine l don't know it," and he smiled sweetly and
