#### CHEESE MARKETS.

CANTON, N. Y. Aug. S. -Offerings on board quite large, of cheese 6,000 boxes; sales, 1,300 boxes cheese, 11 7-16; 600 boxes of cheese, 111; 1,200 boxes cheese, 107; balance of stock sold at prices between extremes. Small cheese for home markets sold at 10%c, to 11%c. Twenty-five packages creamery butter sold at 25c.

LITTLE FALLS, N.Y., Aug. 8 .- The market to-day has just boomed and 10%c, has been quite freely paid, with many rumours of even higher prices. These rumours, however, cannot be substantiated. Many buyers, at the prices paid to-day, regard the situation with fear and trembling, and a drop next week would cause surprise. The transactions are as follows: One lot at 10c.; forty-five lots at 10c.; thirty-nine lots at 1 10%c.; seven lots commissioned; total 9,339 boxes. The sales of farm dairy reached 790 boxes at Sc. to 10c.; bulk, 95c.

UTICA, N.Y., Aug. 8. - Under favourable advices from New York the market experienced another boom to-day. Prices were advanced lc., and much more cheese was L. E. & W. sold above the ruling than below. While St. Paul, M. & M. buyers do not talk as though there was any stability they were quite active, and the sales quite large. The factory men were all willing to dispose of their stock at such adover. Transactions aggregated 15,529 boxes as follows: 350 boxes at 94c.; 985 boxes at 10c.; 416 boxes at 10½c.; 5,853 boxes at 101c. (ruling price); 1,570 boxes at 103c.; 1,010 boxes at 10½c.; 1,376 boxes at 10½c.; 1,627 boxes at 10\frac{3}{2}c.; 80 boxes at 18\frac{7}{2}c.; 100 boxes at 11c.; 650 boxes on private terms; 1,512 boxes on commission.

ies registered 2,430 boxes of July. Sales at 103c., 103c., 11c., and 111c. The Julys in WATERTOWN, Aug. 10.-Every buyer held orders for cheese. About 8:30 an old manufacturer and salesman received an order from Gouverneur to buy 3,000 cheese. This drove the buyers into consummating or cancelling their options, and during the "flurry" prices were run up and more than half the offering was sold inside of thirty minutes. Sales 5,675 boxes; ruling price,

The above prices show an advance over the previous week's sales of one cent per pound in the ruling and 11 cents in the leading price. At the corresponding salesday in 1886 there were 3,975 boxes sold, at prices ranging from 71 @ 8 cents, the ruling being 7% cents.

It is hard, for the average citizen to remember that only six months ago he was going about with ice in his whiskers.

Ex-Mayor Harrison, of Chicago, has gone to the Holy Land. He wants to find some place as different as possible from Chicago. The only men who are afraid of the new long-range rifles are the army officers. The guns are apt to shoot over the fighting men and kill somebody in the rear.

In rank there is no difference between a brigadier-general of militia and the commodore of a yacht club. On public banqueting occasions one may go into supper before the other if there is room at the table.

"There's millions in it," was the great phrase of poor old Colonel Sellers. The Colonel Sellers mine at Leadville has paid the stock-holders \$2,000,000 since it was opened. The owners claim that still "there's millions in it."

Mr. Pullman travels around in a private car that costs \$150,000 and is furnished regardless of expense. Meanwhile the poor wretches that pay for this palatial affair travels in sweltering bunks at \$2 a night, not including the blackmail to the porter.

The farmer whose pastures are as dry as. an old carpet, whose corn is burning up, whose potatoes have stopped growing, and who is driving his stock ten miles to water, should be looked after by Bob Ingersoll. Now is the time to make him believe that the world was created out of shavings, and is kept going by an unseen bull-wheel.

An Ohio scientist has found out that it is the natural gas which holds up the earth's crust, and as soon as it is consumed we shall all takea drop a couple of miles toward China. The crippling of the mother-in-law joke by the President's taking his mother-in-law PAPER HANGING with him into the North Woods has been speedily followed by the destruction of the plumber joke through the suicide of a Brooklyn plumber because of his extreme poverty. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember: No happiness without health. But Green's August Flower brings health and happiness to the dysreptic. Ask your druggist for a bottle. Seventy-five cents.
